# List of Figures and Tables

## Figures

2.1	Share of agricultural exports by major commodity, 1962–90	50
2.2	Real net resource flows from agriculture to the rest of the economy, 1962–83	57
9.1	Interregional road and rail networks showing the main regional cities	184
9.2	Total container movements through South-East Asian ports, 1973–89	191
9.3	Bangkok mass-transit routes	204
9.4	The Extended Bangkok Metropolitan Region	208
9.5	Different images of regional development: growth pole versus regional network model	210
9.6	The new urban hierarchy within the northern region	212
13.1	Principles of a sustainable society	282

## Tables

1.1	Regional differences in population and gross per capita regional product, 1986	16
1.2	GDP by industrial origin at current prices	18
1.3	GDP growth and per capita GDP, 1981–93	19
1.4	Sources of industrial growth, 1966–78	20
1.5	Share of manufactures in total exports, 1960–92	20
1.6	Leading exports, 1980, 1987 and 1991	20
1.7	Registered capital of firms granted Board of Investment promotion certificates	25
1.8	Net foreign direct investment inflows by country and sector	26
1.9	Labour costs in Bangkok, 1987	28
1.10	Levels of per capita GNP, 1991	32
2.1	Sectoral distribution of production and employment, 1960–90	35
2.2	Subsector share of agricultural GDP and its annual growth rates, 1960–90	37

2.3	Annual rates of growth, area, yield and production of major field crops, 1959-90	38
2.4	Planted areas and holding expansion-average increments, 1960-90	39
2.5	Breakdown of crop GDP, 1960-90	42
2.6	Forest areas of Thailand, 1961-91	42
2.7	Distribution of employment by major sectors and region, 1980-8	45
2.8	The role of agriculture in GDP and exports, 1960-90	48
2.9	Growth rates of major agricultural exports by type, 1962-90	49
2.10	Share of agricultural exports by type, 1962-90	49
2.11	Household total income by region and area, 1962-3 to 1988	51
2.12	Real rates of growth of total household income by region and location, 1962-3 to 1988	52
2.13	Average farm and nonfarm cash income of agricultural households by region, 1980-91	59
3.1	Trade by principal commodities, 1985-91	69
3.2	Trade by destination and source, 1985-91	70
3.3	Nominal and effective rates of protection, classified by stage of production	72
3.4	Nominal and effective rates of protection	74
3.5	Import tariff protection in selected countries	76
3.6	Amount of manufacturing investment and exports receiving credit assistance	79
3.7	Foreign direct investment	79
3.8	Sectoral distribution of net flows of foreign direct investment, 1980-91	80
3.9	Percentage distribution of net flow of foreign direct investment, classified by country, 1970-91	81
4.1	Classification of international services proposed by the IMF	87
4.2	Services and the balance of trade, 1987-92	88
4.3	Comparison of revenue from tourism and other major exports, 1989, 1990 and 1992	91
4.4	Number of tourist arrivals, average length of stay and revenue from tourism, 1960-93	92
4.5	Direct employment in tourism-related business, 1987 and 1992	93

4.6	Projections of international tourists for the Seventh National Development Plan, 1992-6	94
4.7	Outward remittances of technology payments classified by country, 1981-90	95
6.1	Regional distribution and change of manufacturing establishments, 1981-91	117
6.2	Number of manufacturing establishments in selected provinces, 1981-91	118
6.3	Distribution of manufacturing establishments in Bangkok and the inner ring, 1984-91	119
6.4	Regional distribution of BOI-approved projects, 1986-91	120
6.5	Distribution of registered factories classified by TSIC, 1987	122
6.6	Distribution of newly registered factories in Bangkok and the inner ring, 1987 and 1988	124
6.7	Distribution of registered factories by number of employees and region, 1974-91	125
6.8	Regressions explaining provincial industry	138
7.1	Government revenue and its sources, 1984-92	146
7.2	Central government finance, 1984-91	147
7.3	Composition of government expenditure	150
7.4	Projection of the tax structure before and after tax reform, 1991	152
9.1	National strategies for urban development	186
9.2	Number and percentage of urban population, number of urban places, level of urbanization by region, 1975-88	188
9.3	Absolute and relative changes in Bangkok's and Singapore's airfreight market, 1963 and 1990	192
9.4	Absolute and relative changes in Bangkok's and Singapore's passenger market, 1983 and 1990	193
9.5	Bangkok and Singapore and their major telecommunication correspondents, 1990	194
9.6	Revenue and expenditure in the Bangkok Mass Transit Authority's corporate plan. FY 1987-91	200
9.7	Transport strategies proposed for the Bangkok Metropolitan Region	201
9.8	Responsibilities of agencies and committees involved in transport decision making.	203

9.9	Thailand's projected population, 1990–2010	206
9.10	Projected net immigration to the Bangkok Metropolitan Region and the eastern region, 1990–2010	207
9.11	The proposed new urban hierarchy	211
9.12	Strategies for financing urban activities	214
10.1	Distribution of personal income	220
10.2	Remuneration of employees by sector	220
10.3	Income share by quintile groups, 1962–3 to 1971–3	222
10.4	Income share by quintile group, 1975–6 to 1988	222
10.5	Income share and Gini coefficients by region, 1988	223
10.6	Poverty lines and poverty incidence, 1975–6 to 1988	224
10.7	Regional distribution of GDP and regional per capita GDP in current prices	229
12.1	Administrative, executive and managerial workers	256
12.2	Divorce rate in selected Asian countries, Britain and the United States	262
13.1	Population and economy of the Bangkok Metropolitan Region (BMR) during the Seventh National Economic and Social Development Plan	278
14.1	Hazardous waste quantity, 1986	293
14.2	Projection of industrial biochemical oxygen demand (BOD), 1990–2010	294
14.3	Manufacturing industry: GDP share and growth, 1960–89	296
14.4	Major industries registered with the Department of Industrial Works	297
14.5	Cost of treatment at 70 per cent level	298
14.6	Cost of treatment per industrial GDP	298
14.7	Occupational injuries in whole kingdom by industry, 1981–90	300
14.8	Incidence of occupational diseases, 1978–87	301
14.9	Shares of workforce with primary education or less: selected countries	303
14.10	Gross enrolment ratios for selected Asian countries, 1988	304
14.11	Percentage of public- and private-school students in Bangkok metropolitan area and other provinces	308
14.12	S&T manpower by employer status and degree level	310
14.13	S&T manpower by employer status, field of study and degree level	312

14.14	S&T coefficient and total S&T manpower by type of industry and employer status	314
14.15	Relative position of technological personnel in selected countries	316
14.16	S&T manpower and labour force by industry for Korea (1981) and Thailand (1984)	317
15.1	Key macroeconomic indicators for Thailand, 1980–93	329
15.2	Value of Thailand's exports, 1980–93	330
15.3	Value of Thailand's imports, 1980–93	331
15.4	Major importers of Thailand's products, 1980–93	334
15.5	Major exporters to Thailand, 1980–93	336
15.6	Major Thai exports	338
15.7	Percentage distribution of net inflows of foreign direct investment in Thailand by investing country, 1970–90	339
15.8	Non-tariff barriers on Thai exports, 1990	341
16.1	Share of manufactured goods in total exports	354
