Figures

Chapter One

Map 1 showing mining areas of south Africa  3
Table 1.1. Land use in South Africa  4
Table 1.2. Agricultural land use patterns  5
Map 2 showing agriculture of South Africa  6
Table 1.3. The South African population  8
Table 1.4. The lifestyles and demographic characteristics of the race groups  12
Table 1.5. The age distribution of the race groups in 1985  13
Table 1.6. Changing spatial distribution of the population  15
Map 3 showing the Black Homelands  17

Chapter Two

Table 2.1. The growth in South African output, 1911—1985  25
Table 2.2 Racial shares in total personal income  30

Chapter Three

Table 3.1 The racial composition of the workforce, 1985  35
Table 3.2. Racial population growth rates 1936—1980  37
Table 3.3. The changing distribution of the population  39
Table 3.4. The growth of the migrant labour system  41
Table 3.5. The changing age structure of the migrant workforce  42
Table 3.6. Activity rates by racial groups, 1985  44
Table 3.7 Age profiles of the race groups, 1985  45
Table 3.8. Activity rates by race and sex, 1985  45
Table 3.9. The educational profile of the workforce in 1985  48
Table 3.10. The occupational distribution of the workforce by population group in 1985  50
Table 3.11. Average earnings by race and occupation, 1975  51
Table 3.12. Ratio of average African to average White wages 52
Table 3.13. Changing sectoral employment patterns 1921—1985 54
Table 3.14. Employment by sector and race 1985 55

Chapter Five

Table 5.1. Capital accumulation indicators 1919—1950—1983 81
Table 5.2. The control of South Africa’s fixed capital stock 83
Table 5.3. The changing role of foreign capital 87
Table 5.4. The South African national capital: its sectoral allocation 1946, 1960, 1972 88
Table 5.5. Capital accumulation and usage by sector 89
Table 5.6. Average capital labour ratios in selected sub-sectors in manufacturing 1976 92
Table 5.7. Indicators of the spatial allocation of privately owned capital stock 95

Chapter Six

Table 6.1. A comparison of South Africa’s ‘two agricultures’ 100
Table 6.2. Changes in agricultural output, employment and capital over the period 1921—77 102
Table 6.3 Relative growth rates in agricultural components 1958—78 103
Table 6.4. The changing crop mix in White agriculture, 1919–1986 104
Table 6.5. Labour movements on White farms 1911—1980 106
Table 6.6. Change in farm size 1919—1980 109
Table 6.7. Production of selected field crops in the African rural areas, 1918—75 113
Table 6.8. The age distribution of working African men in 1970 124
Table 6.9. Average growth rates of real incomes of selected groups in agriculture, 1960—75 125
Table 6.10 Estimates of racial consumption of state expenditure on agriculture 127
Chapter Seven

Table 7.1. Source of labour supply to the gold mines 138
Table 7.2. Average real wages on the gold mines: Selected years 1915—1984 139
Table 7.3. Changes in gold mining wages 1974—1984 140
Table 7.4. Gold sales as a proportion of exports 145
Table 7.5. The contributions of major sectors to imports and exports in 1975 146
Table 7.6. The mining sector's contribution to output and profits 147
Table 7.7. The growth in output of the mining sector 1915—1985 148
Table 7.8. Structural changes in the mining industry 1915—1985 149
Table 7.9. Output, productivity and wages in gold and coal mining 1950—1985 153
Table 7.10. The relationship between wages, all working costs, revenue and profits in the gold mining industry 1915—1985 158
Table 7.11. Estimates of the allocation of the net value added by the gold mining industry 1916—1985 159

Chapter Eight

Table 8.1. The growth of manufacturing in South Africa 1919—76 165
Table 8.2. The sources of growth of output in manufacturing 167
Table 8.3. Changes in the structure of manufacturing 168
Table 8.4. Structural change in the manufacturing sector 1919—76 170
Table 8.5. Racial substitution and labour's share per Rand value of net output 1919—76 174
Table 8.6. Contributions to output growth in the sub-groups 1919—76 176
Table 8.7. Capital accumulation in the sub-groups 1919—76 177
Table 8.8. Movements in capital per man and output per man in selected sectors 179
Chapter Nine

Table 9.1. Composition and status of the Black States in 1985 194
Table 9.2. The populations of the Black States 1936—1985 196
Table 9.3. The relative position of South Africa's Black States in 1980 197
Table 9.4. Gross domestic product and incomes per head in Black States 1960—75 in constant 1980 prices 198
Table 9.5. The economic structure of the Black States in 1980 199
Table 9.7. The Government and the modern sector, 1970—1984 203
Table 9.8. Current and capital expenditure in the Black States 207
Table 9.9. Public expenditure per capita 1970—1985 208
Table 9.10. Growth in selected sectors for the period 1970—1980 209
Table 9.11. A comparison of economic performances 210
Table 9.12. The average annual growth in jobs and job seekers in the Homeland areas for the period 1973—75 212
Table 9.13. A comparison of the projections for the future made for Transkei and KwaZulu 220
Table 9.14. Projected productivity levels for Transkei and KwaZulu in the years 2000 and 1990 respectively 223

Chapter Ten

Table 10.1. The growth in public expenditure 1946—1985 234
Table 10.2. Public sector share of fixed capital by sector 1946—72 235
Figure 10.1. The South African State 238
Table 10.3. The comparison of government current expenditures for selected years

Table 10.4. The changing relative importance of selected votes in the Central Government budget

Table 10.5. Sources of government finance 1950—1985

Table 10.6. The proportion of taxation that is directly levied on income

Table 10.7. Central Government racial employment policies

Table 10.8. Racial income redistribution through government

Table 10.9. The changing structure of South Africa's banking sector 1948—1985
