Asymmetric Monetary Transmission in Europe

Acting Editor: Paul J.J. Welfens

With 21 Figures
and 32 Tables

Springer

Contents

1	Introduction	1
2	Sources of Asymmetric Monetary Transmission in Europe	13
2.1	Classification of Asymmetries	14
2.2	Asymmetries in the Structure of Output	18
2.3	Asymmetries in Financial Structure	19
2.4	Asymmetries in Openness	26
2.5	Asymmetries in Wage-Price Mechanisms	28
2.6	Implications of Partial Asymmetries	28
3	Financial Structure and Asymmetric Monetary Transmission: Implications of a Differential Role of Asset Markets	31
3.1	Introduction	31
3.2	The Model	34
3.3	Effects of Monetary Policy	38
3.4	Implications for the ECB	47
3.5	Appendix: Analytical Solution	50
4	Financial Structure and Asymmetric Monetary Transmission: Implications of a Differential Interest Elasticity of Aggregate Demand	63
4.1	Introduction	63
4.2	The Model	66
4.3	Effects of Monetary Policy	67
4.4	Implications for the ECB	75
4.5	Appendix: Analytical Solution	77

5	Financial Structure, Asymmetric National Money Demand Functions and the Stability of European Money Demand	81
5.1	Introduction	81
5.2	Alternative Concepts of Money Demand Stability	83
5.3	Empirical Evidence	89
5.4	Implications for the ECB	101
5.5	Appendix	104
6	Asymmetric Degrees of Openness and Monetary Transmission in Europe	109
6.1	Introduction	109
6.2	The Model	112
6.3	Effects of Monetary Policy	114
6.4	Effects of Disturbances in the Rest of the World	118
6.5	Implications for the ECB	122
7	Asymmetric Wage-Price Mechanisms and Monetary Transmission in Europe	129
7.1	Introduction	129
7.2	The Model	130
7.3	Effects of Monetary Policy	133
7.4	Implications for the ECB	141
8	Empirical Evidence on Asymmetric Monetary Transmission in Europe	147
8.1	Large National Central Bank Models	148
8.2	Structural Multi-Country Models	150
8.3	Small Vector Autoregressive Models	152
8.4	Small Structural Models	154
8.5	Implications for the ECB	167
9	Monetary Policy in an Era of Structural Change	169
9.1	Structural Changes in Financial Markets	172
9.2	Structural Changes in Goods Markets	178
9.3	Structural Changes in Labor Markets	179
9.4	Implications for the ECB	184
	List of Figures	187
