FOREWORD *ix*

INTRODUCTION *xi*

PREFACE *xv*

ACKNOWLEDGMENTS *xix*

1. The Economics of Industrial Structure: An Overview 1

D.G. McFetridge

The Evolution of Canadian Industrial
Structure: Alternative Measures 2

Changes in Trade Patterns 8

Is Canada De-industrializing? 17

Changes in Firm and Market Organization 21

Changes in Production Methods 36

Productivity 47

Conclusion: Evolution and Adaptability 52

Notes 54

Bibliography 55

**2. The Evolution of the Canadian Industrial Structure:
An International Perspective 61**

Michael F. Charette, Robert P. Henry and Barry Kaufmann

Introduction 61

Structural Change at the Sectoral Level 66

Structural Change at the Industry Level 79

De-industrialization 113

Summary of Findings 123

APPENDIX A: Structural Change Measures 125

APPENDIX B: Trend Changes and Cyclical Influences 126

Notes 131
Bibliography 132

3. **The Extent and Evolution of Competition in the Canadian Economy 135**
R.S. Khemani
Introduction 135
Levels and Trends in Aggregate and Industrial Concentration 136
Factors Influencing Concentration 156
Recent Developments in Selected Competition-Related Policies 159
Conclusions 166
Appendix: A Discussion of Table 3-1 167
Notes 171
Bibliography 174

4. **Rationalization and Specialization in Canadian Manufacturing 177**
Donald J. Daly
Introduction 177
Alternative Explanations for the Low Level of Manufactured Exports 179
Economies of Scale and Costs 180
Evidence on Production Costs 183
Other Constraints on Exports 192
Ownership, Productivity and the Adjustment Process 194
Reasons for Past Diversification and Evidence on Specialization 196
Characteristics of Low-Productivity Industries and Successful Companies 200
Implications for the Benefits and Costs of Tariff Reductions 201
Notes 205
Bibliography 207

5. **Canada-U.S. Productivity Differences in the Manufacturing Sector: 1970-1979 211**
J.R. Baldwin and P.K. Gorecki with J. McVey
Introduction 211
The Extent of Plant Scale Inefficiency 214
Plant Level Diversity and Length of the Production Run 217
Canada-U.S. Relative Productivity Measures 223
Returns to Scale in the Canadian Manufacturing Sector 231
Alternative Values of Canada-U.S. Relative Productivity 235
Determinants of Relative Total Factor Productivity. Plant Scale and Industry Plant Specialization 238
Conclusion 251
List of Variables 253
Notes 256
Bibliography 258

6. **Mixed Enterprises in Canada** 261
E. Craig Elford and W.T. Stanbury
Introduction 261
Identifying Mixed Enterprises in Canada 263
Methods of Creating Mixed Enterprises 272
Main Findings 274
Impact on Private Shareholders 288
Government Objectives in Acquiring Equity Interests 292
Conclusions 296
Notes 298
Bibliography 301
 7. **Specialization and Foreign Investment in Canada** 305
Paul M. Bishop and Harold Crookell
Specialization and Foreign Investment 305
The Research Data Base 321
Structural Arrangement and Financial Controls 331
The Impact of Specialization on R&D and Exports 339
A Parent's Perspective on Specialization 351
Specialization and Public Policy 365
Summary and Conclusion 374
Appendix: Summary of Qualitative Responses
to the Questionnaire 382
Notes 385
