Contents

Plates fall between pages 138 and 139, and between pages 234 and 235

List of contributors	xvii
List of plates	xxi
1 Pest birds—an international perspective <i>John W. De Grazio</i>	1
2 Historical overview of quelea research and control <i>Jeffrey J. Jackson and Richard G. Allan</i>	9
3 The pest status of the quelea <i>Clive C. H. Elliott</i>	17
4 Monitoring the quelea <i>Clive C. H. Elliott and Graham M. Lenton</i>	35
5 Mass-marking quelea with fluorescent pigment particles <i>Brad E. Johns, Richard L. Bruggers, and Michael M. Jaeger</i>	50
6 Uses of radio-telemetry in quelea management <i>Richard L. Bruggers</i>	61
7 Identifying quelea populations by trace element analysis of feathers <i>James O. Keith, Iwao Okuno and Richard L. Bruggers</i>	66
8 Damage assessments—estimation methods and sampling design <i>David L. Otis</i>	78
9 General aspects of quelea migrations <i>Peter J. Jones</i>	102
10 Distribution, populations, and migration patterns of quelea in eastern Africa <i>Michael M. Jaeger, Clive C. H. Elliott, Richard L. Bruggers, and Richard G. Allan</i>	113

xiv Contents

11	Distribution, populations, and migration patterns of quelea in southern Africa	132
	<i>Peter J. Jones</i>	
12	Distribution, populations, and migration patterns of quelea in western Africa	144
	<i>Stanislaw Manikowski, Louis Bortoli, and Alioune N'diaye</i>	
13	Factors determining the breeding season and clutch size	158
	<i>Peter J. Jones</i>	
14	Formation, sizes, and groupings of quelea nesting colonies	181
	<i>Michael M. Jaeger, Richard L. Bruggers, and William A. Erickson</i>	
15	Quelea population dynamics	198
	<i>Peter J. Jones</i>	
16	Natural predation on quelea	216
	<i>Jean-Marc Thiollay</i>	
17	Feeding ecology of quelea	230
	<i>William A. Erickson</i>	
18	Traditional African practices for preventing bird damage	248
	<i>El Sadig A. Bashir</i>	
19	Assessment of bird-repellent chemicals in Africa	262
	<i>Richard L. Bruggers</i>	
20	Agronomic techniques to reduce quelea damage to cereals	281
	<i>Roger W. Bullard and Brhane Gebrekidan</i>	
21	Lethal control of quelea	293
	<i>Wolfgang Meinzingen, El Sadig A. Bashir, John D. Parker, Jan-Uwe Heckel, and Clive C. H. Elliott</i>	
22	Quelea control strategies in practice	317
	<i>Clive C. H. Elliott and Richard G. Allan</i>	
23	Quelea as a resource	327
	<i>Margaret E. Jaeger and Clive C. H. Elliott</i>	
24	Training and extension in quelea management and research	339
	<i>Alioune N'diaye, El Sadig A. Bashir, and William B. Jackson</i>	

25	Conclusions and future perspectives	352
	<i>Clive C. H. Elliott and Richard L. Bruggers</i>
