Contributors xi

Preface xiii

## PART I. INTRODUCTION

### *Chapter 1*

#### **Attention and Avoidance.**

#### **Two Central Strategies in Coping with Aversiveness**

HEINZ WALTER KROHNE 3

Overview 3

Theoretical Approaches 5

The Processing of External and Internal Information 7

Coping and Health 9

Future Directions 11

References 14

## PART II. GENERAL CONCEPTUAL ISSUES

### *Chapter 2*

#### **Vigilance and Cognitive Avoidance as Concepts in Coping Research**

HEINZ WALTER KROHNE 19

Coping Processes and Coping Dispositions 19

The Model of Coping Modes 21

The Measurement of Vigilance and Cognitive Avoidance 29

Empirical Findings 35

Conclusions and Questions for Future Research 40

References 46

*Chapter 3***Tuning In and Tuning Out:****Confronting the Effects of Confrontation**

SUZANNE M. MILLER, CHRISTOPHER COMBS,  
and LINDA KRUIJS

51

Introduction

51

Monitoring to Exercise Control

52

Monitoring to Modulate Negative Affect

55

Monitoring to Reduce Uncertainty

58

Monitoring Sustained by Intrusive Ideation

61

Monitoring Sustained by Avoidant Ideation

63

Conclusions

65

References

67

*Chapter 4***Hierarchical Analysis of Coping:****Evidence from Life-Span Studies**

ELAINE A. LEVENTHAL, JERRY SULS,  
and HOWARD LEVENTHAL

71

Introduction

71

A Model for Coping

72

A Re-Examination of Coping: Concept and Measurement

80

Age-Related Changes at Different Levels of the Control System

91

Conclusion

93

References

95

*Chapter 5***Worry: Thought Suppression of Emotional Processing**

THOMAS D. BORKOVEC and JAMES D. LYONFIELDS

101

Introduction

101

The Nature of Worry

102

Functions of Worry

105

Physiological Activity in GAD

108

A Theoretical Model of Worry Process

109

Concluding Remarks

115

References

116

*Chapter 6***Attention and Memory for Threat in Anxiety**

ANDREW MATHEWS

119

Introduction	119
Interference and Distraction from Emotional Stimuli	121
Anxiety and Attention	122
Relation of Vigilance to Trait and State Anxiety	123
Can Attentional Vigilance be Controlled?	125
The Interpretation of Ambiguous Information	127
The Nature and Consequences of Cognitive Avoidance	128
Effects of Suppression and Distraction	129
Memory for Threatening Information	130
Conclusions and Implications for Coping Research	132
References	133

### PART III. THE PROCESSING OF EXTERNAL AND SOMATIC INFORMATION

#### *Chapter 7*

<b>Coping Dispositions, Attentional Direction, and Anxiety States</b> MICHAEL HOCK	139
Introduction	139
Vigilance and Cognitive Avoidance	140
Looking Behavior in Anxiety-Evoking Interaction Situations	141
Experimental Investigations	145
Interindividual Differences in Sequential Relationships Between Attentional and Emotional Reactions	159
General Discussion and Conclusions	165
References	167

#### *Chapter 8*

<b>Type A Behavior Pattern and Denial of Failure-Related Information</b> HASIDA BEN-ZUR, SHLOMO BREZNITZ, and RUTH HASHMONAY	171
Theoretical Considerations	171
Method	178
Results	179
Discussion	184
Conclusions and Possible Implications	186
References	187

*Chapter 9***Heartbeat Perception, Coping, and Emotion**

VOLKER HODAPP and JOACHIM F. KNOLL

191

Introduction

191

Methods of Interoception Research

192

Interoception, Coping, and Emotion

196

An Experiment on the Influence of Heartbeat Perception  
and Coping Style on the Intensity of Emotions

200

Conclusions

208

References

209

*Chapter 10***Strategies in Blood Pressure Estimation:****The Role of Vigilance, Cognitive Avoidance, and Gender**

CARL-WALTER KOHLMANN

213

Basic Considerations

213

Methodological Developments in Interoception Research

214

Gender Differences in Interoception

215

Coping Strategies

216

Blood Pressure Estimation

219

Research Questions

222

Method

222

Results

224

Discussion

233

References

235

**PART IV. ATTENTION, AVOIDANCE, AND HEALTH STATUS***Chapter 11***Gender, Coping, and Health**

GERDI WEIDNER and R. LORRAINE COLLINS

241

Effectiveness of Coping Styles

241

Gender Differences in Coping Styles

243

Gender Differences in Health

246

Summary and Conclusions

255

References

260

*Chapter 12***Self-Focused Attention in the Face of Adversity and Threat**

SIGRUN-HEIDE FILIPP, THOMAS KLAUER,

and DIETER FERRING

267

Introduction

267

Life Crises as Inducers of Self-Focused Attention

268

The Role of Self-Focused Attention in Coping

with Serious Life Events

272

Self-Focused Attention and Coping with Cancer:

The Trier Longitudinal Study on Coping with Chronic Disease

277

Self-Consciousness: Resource or Risk Factor

in Coping with Cancer?

289

References

291

*Chapter 13***Vigilant and Avoidant Coping in Two Patient Samples**

CHARLES S. CARVER and MICHAEL F. SCHEIER

295

Introduction

295

Background: Self-Regulation and Coping

295

Coronary Artery Bypass Surgery

302

Breast Cancer Surgery

308

Similarities and Differences Between Studies

313

Vigilance and Avoidance Reconsidered

314

References

317

*Chapter 14***Coping with Surgical Stress**

KERSTIN SLANGEN, PETER P. KLEEMANN,

and HEINZ WALTER KROHNE

321

Theoretical Background

321

Empirical Investigations

323

A Study on Surgical Stress, Coping, and Intraoperative Adaptation

330

Conclusions

344

References
