Maps and plates

Map	The hamlets and settlements of the Blean in the mid nineteenth century	<i>page</i> 6
Plate 1	Horsemen at work in Hernhill, early this century (Harold Kay collection)	2
Plate 2	The area between Faversham and Canterbury (Ordnance Survey 1819–24)	4
Plate 3	Richardson's Mill, Boughton Street (Harold Kay collection)	7
Plate 4	A Staple Street butcher, early this century (Saunders collection)	7
Plate 5	The Forge, Preston Street (Saunders collection)	8
Plate 6	Traction engine in Canterbury, late nineteenth century (Saunders collection)	8
Plate 7	The Dove beerhouse, Dargate, c. 1870s (Harold Kay collection)	10
Plate 8	The Dove, Dargate, c. 1890 (Harold Kay collection)	10
Plate 9	The Dove in the early twentieth century (Saunders collection)	11
Plate 10	Hernhill from the church tower at the turn of the century (Harold Kay collection)	11
Plate 11	Berkeley Lodge and Boughton Hill, c. 1840s (Centre for Kentish Studies, U2394 Z1)	12
Plate 12	Boughton Street, early this century (Saunders collection)	12
Plate 13	Nash Court, Boughton (Harold Kay collection)	16
Plate 14	Kemsdale Lodge at the turn of the century (Harold Kay collection)	16
Plate 15	Children at Chartham Hatch, early this century (Saunders collection)	38

Plate 16	Cemetery and public house (Red Lion) in Hernhill at the turn of the century (Harold Kay collection)	69
Plate 17	Hop-pickers at Langdon Court Farm, Graveney (Harold Kay collection)	96
Plate 18	Horseman at Langdon Court Farm, Graveney (Harold Kay collection)	134
Plate 19	A Boughton middle-class family, early twentieth century (Harold Kay collection)	157
Plate 20	Richard Redgrave's <i>The Outcast</i> , 1851 (Royal Academy of Arts)	178
Plate 21	Hernhill school class, 1906 (Harold Kay collection)	214
Plate 22	Hernhill marriage certificates, 1867 (Hernhill Marriage Register, 1837–1933)	219
Plate 23	Hernhill marriage certificates, 1864 (Hernhill Marriage Register, 1837–1933)	220
Plate 24	The deposition and mark of Susannah Goodwin, 1836 (Centre for Kentish Studies, Q/SBe 146, East Kent Quarter Sessions, August 1836)	244
Plate 25	Two Hernhill marriage certificates, 1849 (Hernhill Marriage Register, 1837–1933)	245
Plate 26	Hernhill Churchwardens' Accounts, 1786 (Canterbury Cathedral Archives, Hernhill Churchwardens' Accounts, 1782–1853)	247
Plate 27	Hernhill Churchwardens' Accounts, 1840 (Canterbury Cathedral Archives, Hernhill Churchwardens' Accounts, 1782–1853)	248
Plate 28	Land-tax assessment for the Ville of Dunkirk, 1831 (Centre for Kentish Studies, QRP/110, Land-Tax Assessment, 1831)	249
Plate 29	Boughton Street at the turn of the century (Saunders collection)	256

Figures

1.1	Male occupations in 1851 and 1891 (combined parishes)	<i>page</i> 25
1.2	Female occupations in 1851 and 1891 (combined parishes)	31
1.3	Distribution of servants (including farm servants) in 1851 and 1891 (combined parishes)	32
2.1	Distribution of age at first marriage by year of marriage for combined parishes, 1800–80	43
2.2	Distribution of female ages at first marriage by occupation of groom and year of marriage	45–6
2.3	Age-specific marital fertility by marriage cohort for combined parishes	48
2.4	Age-specific marital fertility of Kent parishes (natural fertility cohort) compared with other studies	49
2.5	Age-specific marital fertility by year of marriage for combined parishes	54
2.6	Age-specific fertility of women married aged under 25 years, indexed with rate for age group 20–24 being 100 (combined parishes)	54
2.7	Age-specific marital fertility at the labouring level by year of marriage (combined parishes)	55
2.8	Age-specific fertility of Kent and Germany compared (women married aged 20–24)	56
2.9	Distribution of age at last birth by year of marriage for combined parishes (percentages)	58
2.10	Mean last interconfinement interval and mean of all preceding intervals (in months) by year of marriage (combined parishes)	59
2.11	Mean last interconfinement interval and mean of all preceding intervals for women at the labouring level with 3–6 final confinements	61

2.12	Number of children per family for combined parishes compared to 1911 national census data	62
2.13	Distribution of completed family size by marriage cohort (combined parishes)	63
2.14	Distribution of completed family size by marriage cohort for labouring families (combined parishes)	63
3.1	Infant and child mortality trends (rate/1,000) for combined parishes, 1800–80	73
3.2	Indexed total burial seasonality (all age groups), combined parishes, 1813–90	76
3.3	Indexed burial seasonality by age group, 1851–90 (combined parishes)	76
3.4	Indexed seasonality of infant burials by year of birth, 1813–1900 (combined parishes)	79
3.5	<i>Infant sub-group burial seasonality, 1851–90 (combined parishes)</i>	83
3.6	<i>Indexed seasonality of adult burials, 1813–90 (combined parishes)</i>	90
4.1	Weekly numbers of paupers in the Faversham Workhouse, 1838–40	103
4.2	Poor relief applications from Boughton, Dunkirk and Hernhill, 1859–61	103
5.1	Occupational structure of employers, employed and self-employed, 1891 (percentages)	138
5.2	Employment status of occupational groups, 1891 (percentages)	138
5.3	Marriages of daughters by occupation of father and husband: family reconstitution cohorts, 1800–80	142
5.4	Occupations of sons by occupation of father at time of son's marriage: family reconstitution cohorts, 1800–80	142
5.5	Changes in occupation of labouring household heads: family reconstitution cohorts, 1800–80	144
5.6	Age structure of occupational groups (male and female combined) in Dunkirk and Hernhill in 1851	146
7.1	Seasonality of marriages in combined parishes, 1780–1871	185
7.2	Illegitimacy links in Boughton, Dunkirk and Hernhill	193–5
8.1	Signature literacy, 1755–1890	216–17
8.2	Children at school, at home, and in the work force as percentage of total population of that age group, 1851–91 (combined parishes)	227
8.3	Age distribution of scholars, 1871	229

Tables

1.1	Occupations of unmarried males aged 15 to 24, combined parishes, 1851	<i>page</i> 27
1.2	Occupations and household backgrounds of unmarried females aged 15 to 24, combined parishes, 1851	31
2.1	Mean age at first marriage by parish	42
2.2	Mean age at first marriage by occupational group of groom	44
2.3	Age-specific marital fertility (combined parishes)	47
2.4	Coale–Trussell index of natural fertility (<i>M</i>) by year of marriage in the three Kent parishes	50
2.5	Percentage of women pregnant at time of marriage and index of underlying fertility level adjusted for prenuptial pregnancy (combined parishes)	51
2.6	Coale–Trussell index of fertility control (<i>m</i>) by year of marriage	52
2.7	Index of fertility control adjusted for prenuptial pregnancy (combined parishes)	52
2.8	Age of mother at last birth by year of marriage	57
2.9	Mean last interconfinement interval and mean of all preceding intervals (in months) for combined parishes by year of marriage	59
2.10	Distribution of birth intervals for women with three or more confinements for combined parishes by year of marriage (percentages)	60
2.11	Mean last interconfinement interval and mean of all preceding intervals (in months) for women at the labouring level (by year of marriage)	61
2.12	Mean completed family size (number of children per family) for combined parishes and occupational groups by year of marriage	62

2.13	Summary of indicators of fertility: changes from cohort to cohort (in points)	65
3.1	Infant and child mortality (rate/1,000) by date of birth for combined parishes, 1800-80	73
3.2	Probability of dying by age 5 and age 10 (combined parishes), 1800-80	73
3.3	Infant mortality (rate/1,000) by parish, 1800-80	74
3.4	Infant and child mortality (rate/1,000) at the hamlet level, 1840-80	75
3.5	Probability of dying, by occupation of father (combined parishes), 1800-80	75
5.1	Occupational structure of employers, employed and self-employed, 1891 (percentages)	137
5.2	Employment status of occupational group, combined parishes, 1891 (percentages)	137
5.3	Male household heads, 1851, by known occupation of man's father (combined parishes)	144
6.1	Household structure in Hernhill, 1851-91 (percentages)	159
6.2	Household structure in Boughton, Dunkirk and Hernhill, 1851 (percentages)	159
6.3	Complex households by occupational group of household head (combined parishes)	159
6.4	Complex households over the life-course by occupational group of household head, 1841-91 (combined parishes)	163
6.5	Kinship links in Hernhill, 1851	165
6.6	Place of birth of household heads and spouses with kin and no kin in other households in area (percentages)	166
6.7	Kinship links by occupational group of household head	166
7.1	Prenuptial and postnuptial pregnancies and births, 1780-1871	181
7.2	Prenuptial pregnancies by known occupational group of bridegroom and bride's father, 1780-1871 (combined parishes)	182
7.3	Mean ages at marriage and illegitimacy bearing, 1780-1871	183
7.4	Proportions of prenuptial and postnuptial pregnancies within each age group, 1780-1871 (combined parishes)	183
7.5	Relative distribution of first births occurring within nine months of marriage, 1780-1871	184
7.6	Mothers of illegitimate children by place of birth, combined parishes, 1821-71	189

7.7	Life-courses of mothers of illegitimate children, 1821-71 (combined parishes)	189
7.8	Social background of mothers and known fathers of illegitimate children by occupational group, 1821-71 (combined parishes)	189
7.9	Mothers of illegitimate children by category of illegitimacy, 1821-71	191
7.10	Connections of 'bastardy-prone sub-society', 1821-71 (combined parishes)	191
7.11	Social background of 'sub-society', 1827-71 (combined parishes)	191
7.12	Immediate fate of illegitimate children, 1821-71 (combined parishes)	207
8.1	Signature illiteracy by occupational group, 1801-90 (combined parishes)	218
8.2	Hernhill signature illiteracy by occupational group, 1801-50	221
8.3	Dunkirk signature illiteracy by occupational group, 1801-50	221
8.4	Children aged 5-14 in 1851 for whom there is subsequent information on signature literacy (combined parishes)	223
8.5	Children aged 5-14 at school as percentage of total population of that age group	226
8.6	Literacy within selected families	240-1
8.7	Known signature literacy of families in 1851 (as percentage of total families)	241
