LIST OF FIGURES	xvii
LIST OF TABLES	xxi
ABBREVIATIONS	xxv
1. British Population: The Starting Point	1
1.1 Introduction	1
1.2 Data for Population History	7
1.3 A Demographic Picture of the Early Modern Period	13
1.4 Population Trends 1500–1750	28
1.5 A Working Model of Population	32
2. Into the Twentieth Century	35
2.1 From the Eighteenth Century to the Present	35
2.2 The Decline of Mortality from the Eighteenth Century	38
2.3 Infant Mortality and the New World of Children	42
2.4 The Irrelevant Rise of Scientific Medicine	45
2.5 Agriculture, Diet, and the Death-Rate	48
2.6 Major Causes of Death and their Control in the Nineteenth Century	53
2.7 The Decline of Fertility	61
2.8 Thinking the Unthinkable: The Rise of Birth Control	70
2.9 Consequences: The Creation of a New Population	75
3. The Changing Distribution of Population in the UK	83
3.1 Introduction	83
3.2 Sources of Data	84
3.3 Where do the British Live?	84
3.4 Historical Patterns of Regional Change	89
3.5 Population and the Urban System	96
3.6 Regional Trends since 1971	104
3.7 Processes of Change	110
4. Fertility Trends	113
4.1 Introduction	113
4.2 Explaining Fertility Trends: ‘Proximate’ Causes	120
4.3 Explaining Fertility Trends: The Underlying Causes	137

4.4	Family Formation	150
4.5	Socio-Economic Differentials and Trends in Fertility	157
5.	Marriage, Divorce, and Remarriage	175
5.1	Why Marriage Matters	175
5.2	Marriage .	180
5.3	Divorce and Widowhood	192
5.4	Remarriage	203
5.5	Marriage and the Social Structure	212
6.	Households and Families	216
6.1	Introduction	216
6.2	Problems of Studying the Family and Household	218
6.3	Trends in Household Size and Composition	220
6.4	The Life Cycle of the Household	225
6.5	Households in the Future	234
7.	Mortality: Trends and Patterns	238
7.0	Introduction	238
7.1	The Decline of Mortality in the Twentieth Century	238
7.2	The End of Infectious Disease?	246
7.3	The Rise of 'Diseases of Affluence'	253
7.4	Mortality Risks through the Life Cycle	262
7.5	Some Factors behind the Mortality Trends	278
7.6	International Trends and Comparisons	295
7.7	Future Progress against Mortality	297
8.	Differentials in Mortality	305
8.0	Introduction	305
8.1	Mortality and Occupation	305
8.2	Mortality according to Social Class and Geographical Area	311
8.3	Mortality Differentials by Social Class	315
8.4	Regional Differences in Mortality	319
8.5	Specific Causes of Death: Social and Geographical Patterns	326
8.6	Infant Mortality	335
8.7	Underlying Causes of Social and Regional Mortality Differences	337
8.8	Behavioural Factors in Mortality Differentials	343
9.	The British at Work	365
9.1	Introduction	365
9.2	The Supply of Labour; The Work-Force	366

9.3	The Demand for Labour: Jobs	375
9.4	Unemployment: The Mismatch of Work-Force and Jobs	383
9.5	Work for Future Britons?	391
10.	Internal Migration	395
10.1	Introduction	395
10.2	The Significance of Inter-Urban Migration	396
10.3	Data Sources	397
10.4	The Composition of Migrant Flows	400
10.5	The Geographical Pattern of Interregional Migration	410
10.6	Reasons for Moving	420
10.7	The Role of Housing	421
10.8	Relocation of Staff within Large-Employing Organizations	427
10.9	Government Policy towards Internal Migration	430
11.	International Migration	433
11.1	Introduction	433
11.2	The Nature and Quality of the Data	436
11.3	The Legal Framework for Immigration and Nationality	438
11.4	Trends in UK Migration in the Twentieth Century	442
11.5	Labour Migration and the British Economy	454
11.6	Refugees in the UK	464
12.	Ethnic Minority Populations	472
12.1	Introduction	472
12.2	Definition and Measurement of British Ethnic Minority Populations	476
12.3	Geographical Distribution of Immigrants and Ethnic Minority Populations	488
12.4	Demography of Jews, Irish, and Catholics in Britain	493
12.5	Demographic Characteristics of New Commonwealth Ethnic Minority Populations	501
12.6	Intermarriage and the Population of Mixed Origins	513
12.7	Population Projections	516
13.	The Political Economy of Demographic Change	518
13.1	Introduction	518
13.2	Malthus at Bay: Facing Demographic Stagnation	519
13.3	The Debate on Population	522
13.4	Malthus Revived: Growth, Land, and the Environment	525

13.5 Contemporary Demographic Problems: The Threat of Population Decline?	526
13.6 Population and Household Distribution and the South-East Problem	531
13.7 Rural Decline—and Renaissance?	537
13.8 The Inner Cities	538
13.9 The Challenge of the Age Structure	541
13.10 The Middle Years: Consumers and Work-Force in the Future	552
13.11 Educating the Young	557
13.12 One or Two Parents?	558
13.13 The Shape of the Future	563
APPENDIX	565
