<i>Foreword</i>	page ix
<i>Acknowledgements</i>	xv
<i>List of Tables</i>	xvii
<i>List of Figures</i>	xix
1 <i>Background and Aims</i>	1
2 <i>Working Time and Employment in an International Perspective</i>	11
2.1 Introduction	11
2.2 Hours and Employment	13
2.2(a) Long-run Trends	13
2.2(b) Short-term Fluctuations	19
2.3 Part-time Working, Short-time Schedules and Temporary Layoffs	24
2.3(a) Part-time Employment	25
2.3(b) Short-time Working and Temporary Layoffs	28
2.4 Working Lifetime	33
2.5 Concluding Comments	39
3 <i>A Labour Market Framework</i>	41
3.1 Introduction	41
3.2 A Simple Labour Market Schematic	42
3.3 Variable Labour Utilization	47
3.4 Other Relevant Issues	52
4 <i>Some Economic Concepts and Relationships</i>	59
4.1 Introduction	59
4.2 An Introductory Overview	62
4.3 Paid-for and Effective Working Hours	66

CONTENTS

4.4	Labour Demand	70
4.5	Hours Changes and Labour Productivity	78
4.6	The Capital Stock and Capacity Utilization	81
4.7	The Interrelation of Factor Inputs	85
4.8	Supply-side Considerations	88
5	<i>Employment Effects of Workweek Reductions: Theoretical Issues</i>	91
5.1	Introduction	91
5.2	The Effects of Standard Hours and Labour Cost Changes in Conventional Labour Demand Models with Given Wages	93
5.2(a)	Cost Minimization with Endogenous Overtime	94
5.2(b)	Other Results from Cost Minimization and Profit Maximization	97
5.3	Variations on the Conventional Model Theme	102
5.3(a)	The Separation of Standard and Overtime Hours in the Production Function	102
5.3(b)	An Alternative Specification of the Overtime Premium Schedule	106
5.4	Capital and Capacity Utilization	108
5.5	Wage Setting by Firms	111
5.6	Wage Setting by Unions	117
5.7	Some Wider Considerations	122
5.8	Summary	126
	Appendix to Chapter 5	128
6	<i>Employment Effects of Workweek Reductions: Empirical Evidence</i>	131
6.1	Introduction	131
6.2	Labour Demand Studies	132
6.2(a)	A Model of FRG Manufacturing Industries, 1969–81	133
6.2(b)	Related Research	139
6.3	Micro Evidence	143
6.4	The Productivity of Hours	147
6.4(a)	Production and Labour Demand Functions	147
6.4(b)	Production Functions Incorporating Separate Measures of Standard and Overtime Hours	151
6.5	More on Labour Hoarding	153
6.6	Macroeconometric Models	154
6.7	Concluding Comments	159
	Data Appendix	161

CONTENTS

7	<i>Part-time Employment: The Demand and Supply of Workers and Hours</i>	164
7.1	Introduction	164
7.2	The Demand-side	165
7.3	The Supply-side	176
7.4	Assessment	181
8	<i>Hours, Layoffs and Implicit Contracts</i>	185
8.1	Introduction	185
8.2	Implicit Contract Models and Unemployment Subsidies	187
8.3	Problems and Extensions	193
8.4	Short-time Working	203
8.5	Concluding Remarks	207
9	<i>Labour Subsidies and Social Security Funding</i>	209
9.1	Introduction	209
9.2	Marginal Employment Subsidies and Workweek Reductions	211
9.3	Payroll Taxes and Ceilings	220
9.3(a)	Comparative Statics	220
9.3(b)	Empirical Outcomes from an Extended Model Structure	225
9.4	Policy Conclusions	228
10	<i>Retirement and Employment</i>	231
10.1	Introduction	231
10.2	Mandatory Retirement	232
10.2(a)	Productivity of Older Workers	233
10.2(b)	Social Security	234
10.2(c)	Lifetime Wage and Productivity Profile	237
10.3	Early Retirement	238
10.3(a)	Full-time Early Retirement	238
10.3(b)	Partial Early Retirement	240
10.4	Assessment	246
11	<i>Collective Bargaining Constraints</i>	248
11.1	Introduction	248

CONTENTS

11.2	Trade Union Attitudes	250
11.3	Employers' Attitudes	258
11.4	The Role of Government	262
11.5	Where Is There Most Mutual Agreement?	266

12	<i>More Jobs through Shorter Hours?</i>	268
