Contents

Technical Notes, xi

1. Background, 3

1.1. Introduction, 3

Sources of Variation in Contemporary Hebrew, 3

Normativism and Linguistic Reality, 6

The Rise of Two Sociolects in Modern Hebrew, 8

Age Differences in the Speech Community, 11

1.2. Language Variation and Modern Hebrew, 16

Classification of Varieties of Spoken Hebrew Usage, 16

Deviant Phenomena in Spoken Hebrew Usage, 17

Transient Phenomena, 17

Nonstandard Deviations, 17

Language Change Phenomena, 18

Perspectives on Language Variation, 20

Spoken Hebrew, 20

Principles and Strategies in Language Acquisition and Language Processing, 21

Language Variation and Language Change, 22

2. The Study, 27

2.1. The Experiment, 27

Research Instruments, 27

Population, 28

- The Language Domains, 31
 - General Morphological Development, 31
 - Acquisition of Hebrew Morphology, 32
 - Historical Neutralizations, 35
- Research Categories, 37
 - Weak Final Syllable, 38
 - Stop/Spirant Alternation, 39
 - Stem Change, 40
 - Hifʿil* Vowel Alternation, 41
 - Verb Tense, 42
 - Lexical Exceptions, 43
 - Case-Marked Pronouns, 45
 - Verb-Governed Prepositions, 47
 - Subject-Verb Concord, 48
 - Backformation, 49
 - Summary, 50
- Procedures, 51
 - Coding, 53
- Test-Related Hypotheses, 53
- Statistical Methods, 54
- 2.2. Results, 54
 - The Current Status of Study Domains, 55
 - Stable Areas, 55
 - Middle Categories, 60
 - Areas of Instability, 61
 - Summary of Findings, 62
- 3. Analysis of Results: The Effects of Literacy and Maturation, 64
 - 3.1. Appropriate Responses: The Factor of Maturation, 65
 - 3.2. Normative Responses: The Factor of Literacy, 67
 - 3.3. Interaction between Age and SES: The Locus of Language Change, 70
 - Employing Tactical Measures, 71
 - Repetition, 71
 - Suppletion, 72
 - Language Strategies in Children and Low-SES Adults, 76
- 4. Structural Opacity, 78
 - 4.1. Opacity in Language Change, 78
 - 4.2. Domains of Instability, 81
 - Stop/Spirant Alternation, 81
 - el* Alternation in *Hifʿil*, 84
 - Weak Final Syllable, 85
 - Case-Marked Pronouns, 86
 - Junction, 88
- 5. Principles and Strategies in Language Acquisition and in Language Processing, 90

- 5.1. Rote, 92
 - Transitivity, 93
 - Primary and Secondary Rote, 96
 - 5.2. Formal Simplicity, 99
 - FS in Backformation, 102
 - 5.3. Formal Consistency, 105
 - Consistency in Final Weak Syllables, 105
 - FC in the Segolates, 105
 - FC in Epenthetic-*a* Structures, 106
 - Consistency in Double-*a* Stems, 107
 - Reconstructing Missing Root Radicals, 108
 - Consistency in Choosing *y*-Final Stem Vowels, 108
 - Paradigm Leveling in Future-Tense Verbs, 109
 - 5.4. Semantic Transparency, 111
 - Spirantization and Semantic Transparency, 112
 - Semantic Transparency and Tense-Form Splitting, 113
 - Overmarking the Present-Tense Form, 113
 - Overmarking the Past-Tense Form, 114
 - Yaxol* 'Can', 115
 - Semantic Transparency in *Pa'al*: *CoCel* and *CaCel* Present-Tense Forms, 115
 - Overmarking Semantic Content, 116
 - Semantic Coherence, 116
 - 5.5. Saliency, 117
 - Saliency in the Segolates, 118
 - Saliency in Present-Tense Marking, 119
 - Salient *t*, 119
 - Salient *-it*, 121
 - Salient *-it* and Backformation, 122
 - Seeking Analytic Structures, 122
 - 5.6. Typological Consistency: Attending to Canonical Sentence Structure, 124
 - SVC Order, 124
 - P-First Order, 125
 - Consequences, 125
 - 5.7. Summary, 128
- 6. Linguistic Variation and Cost, 130
 - 6.1. Linguistic Instability: Some Answers, 131
 - Why Does Language Change?, 131
 - Why Do Specific Language Domains Undergo Change?, 132
 - Phonological Erosion, 133
 - Other Questions Relating to Change, 133
 - Young Children and Language Change, 134
 - Literacy and Language Change, 134
 - Language-Change Phenomena, 135

- 6.2. Transient Deviations, 136
 - Analytic to Synthetic, 136
 - Redundant Tense-Marking, 138
 - The Double-*a* Strategy, 140
 - ii* Structures, 141
 - Defective Roots, 141
 - Pronominal Suffixes, 142
- 6.3. Nonstandard Forms: Literacy-Related Phenomena, 144
 - Weak Final Syllable Stems, 147
 - Overgeneralized and Hypercorrect *H*, 148
 - a*-Epenthesis, 149
 - Regularizing *y*-Final Stems, 149
 - Redundant *t*, 151
 - hevéti* '(I) Brought', 152
 - The New Status of Stop/Spirant Alternation, 152
 - Stem Changes, 157
 - Future Tense Person Marking, 159
 - Regularizing *CaCeC* Verbs, 159
 - Lexical Exceptions, 161
 - 2nd Person Case-Marked Pronouns, 161
- 6.4. Areas of Language Change, 163
 - Vowel Alternation in *Hif'il*, 163
 - Subject-Verb Concord, 165
 - Regularizations, 166
 - yaxol* 'can', 166
 - tistakel belal* 'look', 168
- 7. Language Variation and Language Change: Some More Answers, 169
 - Who Initiates (and Perpetuates) Language Change?, 169
 - Why Indeed Are Naive Speakers More Apt to Produce Deviations Than Others?, 170
 - Why Are Certain Changes "Successful" Whereas Others Are Blocked?, 171
 - Why Are Some Changes Restricted to Certain Segments of the Speech Community, Especially Less Educated Speakers and Children, While Others Spread Quickly Throughout the Whole Population?, 171
 - What Is an "Error"?, 172
 - Language, Literacy, Register, 173
- Notes, 175
- References, 181
- Appendices, 205
- Index, 223
