

The Future for Ocean Technology

Glyn Ford, Chris Niblett
and Lindsay Walker

Frances Pinter (Publishers), London and
Wolfeboro, New Hampshire

Contents

List of tables and figures	vi
Series Editor's Introduction	vii
Preface	xiii
Acknowledgements	xiv
1 Introduction	1
2 Manganese nodules	7
3 Phosphorites and muds	25
4 Other minerals from the sea	45
5 Ocean Thermal Energy Conversion	61
6 Energy from the sea: other proposals	79
7 Artificial islands	93
8 Surveying and sensing for marine technology	109
9 Summary and prospects	119
Bibliography	133
Index	137
