Acknowledgements	iii
Glossary of Terms	vii
Foreword	i
Executive Summary	iv
Chapter 1: Introduction	1
1.1 Demographic, Socio-economic, and Health Profile of Malawi.....	1
1.1.1 Demographic profile.....	1
1.1.2 Economic profile.....	1
1.1.3 Educational profile.....	2
1.1.4 Gender inequality.....	2
1.1.5 Health profile.....	3
1.2 Brief History of Malawi's Response to the HIV Epidemic.....	4
1.2.1 Evolution of institutions coordinating the national HIV and AIDS response.....	4
1.2.2 Strategic plans.....	4
1.2.3 The HIV and AIDS policy.....	5
1.3 The National Monitoring and Evaluation System.....	5
1.4 Harmonisation of the National M&E Report with the UNGASS Report.....	6
1.5 The Process of Harmonising the Two Reports and Sources of Data.....	6
Chapter 2: The Impact of the HIV and AIDS Epidemic in Malawi	7
2.1 National and Regional Prevalence of HIV in Malawi.....	7
2.1.1 Estimates from sentinel surveys.....	7
2.1.2 Estimates from population based surveys (2004 MDHS).....	7
2.1.3 Estimates of HIV prevalence among pregnant women at sentinel sites.....	8
2.2 STI Prevalence in Malawi.....	10
2.2.1 Estimates from ANC sentinel surveys.....	10
2.2.2 Estimations of STI prevalence from population-based surveys.....	10
2.2.3 Estimates of STI prevalence from other studies.....	10
2.3.4 HIV infection rates among infants.....	11
Chapter 3: Indicators Relating to Prevention and Behaviour Change	12
3.1 Indicators Relating to Sexual Behaviour.....	12
3.1.1 Median age at first sex among 20-24 year olds.....	12
3.1.2 Sexual intercourse with a non-marital, non-cohabiting partner in the last 12 months.....	12
3.1.3 Proportion reporting condom use in sexual episodes with non-regular partners.....	13
3.2 Indicators Relating to STI Management.....	14
3.3 Indicators Relating to HIV Counselling and Testing (CT).....	14
3.3.1 Number and proportion of facilities offering CT services.....	14
3.3.2 Clients tested for HIV at VCT sites and receiving results.....	15
3.4 Indicators Relating to Prevention of Mother to Child Transmission (PMTCT) of HIV.....	16
3.4.1 Proportion of health facilities providing at least the minimum package of PMTCT services.....	16
3.4.2 Proportion of HIV+ pregnant women receiving Nevirapine.....	16
3.5 Indicators Relating to Safety of Blood Transfusion from HIV Infection.....	17

3.5.1 Proportion of transfused blood units screened for HIV.....	18
3.6 Indicators Relating to HIV and AIDS Awareness	18
3.6.1 Proportion of population exposed to media campaigns in last 30 days.....	18
3.6.2 Media HIV and AIDS radio / television programmes produced and number of minutes aired.....	19
3.6.3 HIV and AIDS brochures/booklets distributed.....	19
3.6.4 Knowledge of ways of preventing HIV and AIDS.....	19
3.7 Training in Life Skills-Based HIV and AIDS Education.....	21
3.8 Distribution of Condoms.....	22
Chapter 4: Indicators Relating to Treatment, Care, and Support	24
4.1 Indicators Relating to Infection Prevention and Clinical Care	24
4.1.1 Number of facilities providing ARVs	24
4.1.2 Proportion of men and women with advanced HIV infection receiving ARV therapy.....	24
4.1.3 Proportion of patients still alive 12 months after initiation of ARVs.....	24
4.1.4 Health facilities without STI and OI drug stock-outs.....	24
4.1.5 Health facilities without ARV stock-outs.....	25
4.1.6 Percent of detected TB cases successfully completing treatment.....	25
4.2 Indicators Relating to Care and Support	26
4.2.1 Proportion of the population expressing accepting attitudes towards PLWHAs	26
4.2.2 External support for HIV and AIDS care.....	27
4.2.3 Number of new PLWHAs enrolled at PLWHA organizations.....	28
4.2.4 Community home-based care visits.....	28
Chapter 5: Indicators Relating to Impact Mitigation	30
5.1 Number of Orphans and Vulnerable Children Receiving External Support	30
5.2 School Attendance among Orphans.....	30
Chapter 6: Mainstreaming and Capacity Building	33
6.1 HIV and AIDS Workplace Policies and Mainstreaming Programmes in Public Sector Institutions and Large Companies	33
6.2 Reach of HIV and AIDS Workplace Interventions to Employees and Their Spouses /Families.....	33
6.3 Project Staff and Volunteers Trained in HIV and AIDS Related Issues	34
Chapter 7: Indicators Relating to Programme Management, Monitoring, Research, and Evaluation	36
7.1 Amount of National Funds Spent on HIV and AIDS	36
7.2 Amount and Percent of Overall Funding Received by NAC Disbursed in 2004 and 2005.....	36
7.3 Average Period (Months) for Grant Proposals to be Processed	37
7.4 National Composite Policy Index (NCPI) Score	38
7.5 Monitoring and Evaluation.....	38
7.5.1 Status of achievement.....	38
7.5.2 Status in the implementation of NAC integrated annual work plan.....	39
7.6 Status of the National Response and the 'Three Ones' Principle	39
7.6.1 Assessment of 'one' coordination authority.....	39
7.6.2 Assessment of 'one' AIDS action framework.....	40
7.6.3 Assessment of 'one' monitoring and evaluation framework.....	40

Chapter 8: Summary of the Major Successes and Challenges	42
Chapter 9: Summary of the Major Recommendations	44
Bibliography	46

List of Tables

Summary of major indicators.....	vi
Table 1: National HIV Prevalence Rates for 2001, 2003, and 2005	7
Table 2: HIV Prevalence in Malawi Disaggregated by Area of Residence and Region.....	8
Table 3: HIV Prevalence among Pregnant Women in the Sentinel Sample in 2003 and 2005.....	9
Table 4: Median Age at First Sexual Intercourse among People Aged 20-24 Years by Year.....	12
Table 5: Percentage Having Sex with Non-Regular Partners by Year	13
Table 6: Proportion Reporting Condom Use in Sexual Episodes with Non-Regular Partners	14
Table 7: Number and Percent of HIV+ Pregnant Women Receiving Complete Course of ARV Prophylaxis to Reduce Risk of MTCT.....	17
Table 8: Proportion of Population Exposed to Different HIV and AIDS Media in Last 30 Days.....	18
Table 9: Number of Media HIV and AIDS Radio / Television Programmes Produced and Number of Minutes Aired	19
Table 10: Number of HIV and AIDS Brochures / Booklets Produced and Distributed by District.....	20
Table 11: Proportion of Young People (15-24 years) who Correctly Identify Ways Preventing HIV and Reject Misconceptions	21
Table 12: Proportion of Teachers Trained in Life Skills Education.....	21
Table 13: Numbers of Young People Aged 15-24 Years Exposed to Life Skills Based Education.....	22
Table 14: Numbers of Condoms Distributed to End-Users by Various Suppliers	23
Table 15: Proportion of the Population Expressing Accepting Attitudes towards PLWHAs.....	26
Table 16: Number of Households Receiving External Support for HIV and AIDS Care	27
Table 17: Number of Persons Enrolled at PLWHA Organisations	28
Table 18: Number of Community Home-Based Care Visits	29
Table 19: Number of Orphans and Other Vulnerable Children Receiving Care/Support	31
Table 20: Percent Distribution of Orphans Attending School and Ratio of Orphans to Non- Orphans in School.....	32
Table 21: Beneficiaries of Workplace Programmes by District and Sex.....	34
Table 22: Number of Project Staff and Volunteers Trained in HIV and AIDS Related Issues for the Purpose of HIV Interventions.....	35
Table 23: Amount and Percentage of Funds Received by NAC and Disbursed in 2004 and 2005 by Type of Organisation.....	37
Table 24: National Composite Policy Index in 2004.....	38
Table 25: Summary of Achievement in the Implementation of the 2004-05 IAWP.....	39
Table 26: Status of Implementation of 'One' Coordination Authority.....	40
Table 27: Status of Implementation of 'One' AIDS Action Framework.....	40
Table 28: Status of Implementation of 'One' M&E Framework	41
