<i>List of conference participants</i>	xvii
1 European integration: trade and industry	1
<i>L. Alan Winters and Anthony J. Venables</i>	
2 Completing the internal market in the EC: factor demands and comparative advantage	9
<i>Michael Gasiorek, Alasdair Smith and Anthony J. Venables</i>	
1 Introduction	9
2 The model	10
3 Data and calibration	13
4 Reduced trade barriers	18
5 Reduced trade barriers and market integration	24
6 Concluding comments	24
Appendix	28
Discussion	30
<i>Paul Brenton</i>	
3 External effects and Europe's integration	34
<i>Riccardo J. Caballero and Richard K. Lyons</i>	
1 Introduction	34
2 Previous evidence of external economies	37
3 The model	41
4 Empirical evidence	43

5	Implications for 1992	44
6	Conclusions	46
	Data appendix	47
	Discussion	51
	<i>Alasdair Smith</i>	
4	The quality and production of textiles and clothing and the completion of the internal market	54
	<i>Riccardo Faini and Alberto Heimler</i>	
1	Introduction	54
2	Production and trade in textiles and clothing	55
3	The impact of protection on the quality of imports and of domestic production	58
4	The measurement of the quality of competing imports	62
5	International trade data and empirical results	65
6	The impact of 1992	72
7	Summary and conclusions	74
	Discussion	78
	<i>Willem Molle</i>	
1	Introduction	78
2	1992: internal trade changes	79
3	External trade aspects	79
4	Quality upgrading patterns	80
5	What lessons for the future?	80
6	Conclusions	81
5	Competition and imports in the European market	82
	<i>Alexis Jacquemin and André Sapir</i>	
1	Imports as a discipline factor	83
2	Methodology and empirical results	84
3	Sectoral aspects of trade liberalisation	88
4	Concluding comments	89
	Discussion	92
	<i>Pier Carlo Padoan</i>	
1	The theoretical framework	92
2	Empirical aspects	93
3	Sectoral aspects of trade liberalisation	94
4	Concluding comments	95

6	The structure and determinants of East–West trade: a preliminary analysis of the manufacturing sector	96
	<i>Damien J. Neven and Lars-Hendrik Röller</i>	
1	Introduction	96
2	Trade patterns between western Europe and COMECON	98
3	Factor intensity of trade with COMECON	101
4	The determinants of trade between the EC and COMECON	106
5	Conclusions	110
	Appendix A: data overview and list of industries	111
	Appendix B: classification of industries according to factor intensities	112
	Appendix C: sources of data for section 3	113
	Discussion	115
	<i>Fabrizio Onida</i>	
7	1992 and EFTA	120
	<i>Victor D. Norman</i>	
1	Introduction	120
2	Scale and competition gains	121
3	Comparative advantage	128
4	Third-country effects	134
5	Conclusions	137
	Discussion	139
	<i>Carl B. Hamilton</i>	
8	Technology policy in the completed European market	142
	<i>David Ulph</i>	
1	Introduction	142
2	R&D, welfare and cooperation	144
3	A model of market and optimal formation of RJVs	145
4	Comparing equilibrium and optimal sizes of RJVs	153
5	Conclusions	157
	Appendix	159
	Discussion	161
	<i>Arye L. Hillman</i>	
9	Corporation tax, foreign direct investment and the single market	165
	<i>Michael Keen</i>	
1	Introduction	165

2	The taxation of foreign direct investment	167
3	Taxation and the multinational	175
4	Costs of capital under independent profitability	178
5	The consequences of market integration	184
6	Achieving neutrality	187
7	Conclusions	191
	Appendix A	192
	Appendix B	193
	Appendix C	193
	Appendix D	194
	Discussion	198
	<i>Ian Wooton</i>	
10	Japanese direct manufacturing investment in Europe	200
	<i>Stefano Micossi and Gianfranco Viesti</i>	
1	The basic facts	200
2	The motivations and strategies of Japanese multinational corporations	210
3	The effects of Japanese investment in the EC	215
4	European policies <i>vis-à-vis</i> the Japanese presence in Europe	220
5	Conclusions and prospects	224
	Discussion	231
	<i>Hideki Yamawaki</i>	
	<i>Index</i>	234

Figures

	<i>page</i>
2.1 Aggregation of final and intermediate products	12
4.1 The single duopoly equilibrium	60
7.1 Domestic concentration and gains from integration	125
7.2 Labour costs per employee, 1984	131
7.3 Relative hourly earnings, males, manufacturing	132
7.4 Composition of Nordic EFTA trade, 1987	133
8.1 Variation in profits with size of RJV	156
9.1 Tax parameters	174
9.2 Costs of capital for domestic investment	179
9.3 Costs of capital for investment abroad	182
10.1 Japanese direct investment abroad by main areas	201
10.2 Japanese manufacturing firms in Europe, by capital, sales and employment, January 1989	209

Tables

	<i>page</i>
2.1 Industry data	15
2.2 % change in total output and factor demands; markets segmented, firm numbers fixed, factor prices fixed	19
2.3 % change in output and factor demands; markets segmented, firm numbers flexible, factor prices fixed	21
2.4 % change in output and factor prices; markets segmented, firm numbers flexible, factor prices flexible	23
2.5 % change in total output and factor demands; markets integrated, firm numbers fixed, factor prices fixed	25
2.6 % change in output and factor demands; markets integrated, firm numbers flexible, factor prices fixed	26
2.7 % change in output and factor prices; markets integrated, firm numbers flexible, factor prices flexible	27
3.1 Summary of US results on external economies	39
3.2 Summary of European results on external economies	40
3.3 Summary of European results on international external effects	43
3.4 Results from international external effect models	44
4.1 The coverage and restrictiveness of the MFA	57
4.2 EC quota utilisation rates for selected T & C exports from South Korea and Hong Kong	58
4.3 Unit values of imports of textiles products in 1982 and 1987	67
4.4 Unit values of imports of clothing products in 1982 and 1987	68
4.5 Multilateral price indices of imports of textiles products in 1982 and 1987	69
4.6 Multilateral price indices of imports of clothing products in 1982 and 1987	70
4.7 Multilateral quality indices of imports of textiles products in 1982 and 1987	71

4.8	Multilateral quality indices of imports of clothing products in 1982 and 1987	72
4.9	Average coefficient of variation of import prices on all markets for all years, 1982-7	74
5.1	Regression analysis of determinants in EC industrial price-cost margins	87
6.1	Importance of western countries for the East	99
6.2	Importance of the East for western countries	100
6.3	Composition of exports, % of total exports	102
6.4	Composition of imports, % of total imports	103
6.5	Net exports by commodity, % of total trade	104
6.6	Average intra-industry trade indices, 1985	106
6.7	Average intra-trade indices, 1985, labour-intensive industries	107
6.8	Seemingly unrelated regression results	108
7.1	Concentration, firm size and import ratios, selected industries	122
7.2	Welfare gains for the EC and Norway from the 1992 programme	124
7.3	Share of five largest banks in total bank assets, 1984	126
7.4	Norway, domestic transportation, 1984	127
7.5	Effects of competition, Oslo-Stockholm air route	128
7.6	Comparative advantage and effects of market integration	130
7.7	Effects for Norway of the 1992 programme, household appliances	135
7.8	Effects of integration, with or without changes in external trade policy, office machinery	136
8.1	Composition of equilibrium and optimum sizes of RJV	157
10.1	Japanese overseas direct investment	202
10.2	Japanese manufacturing firms in western Europe: capital and employment	205
10.3	Japan: export growth and export shares in main world markets	206
10.4	Japanese parent company participation in European manufacturing firms	207
