2.4 Formalisation of the 'Tawhid' and 'Taqwa' Sets	26
2.5 The Quranic Indispensability of the 'Shura'	32
2.6 Principle of Distributive Justice in Islam	34
2.7 Interrelationship Between Distributive Equity and Other Principles of the Islamic Political Economy	37
2.8 Distributive Equity in the Context of the Islamic Consumption–Investment Menu	42
2.9 Primacy of the Entitlement Goal Over the Full-employment Goal	43
2.10 'Shuratic' Policy Instruments	48

2.11	Scientific Reducibility of the Structure of the Islamic Political Economy	58
2.12	Conclusion	61
<b>3</b>	<b>'Zakat', the Wealth Tax in Islam</b>	<b>63</b>
3.1	The Essential Character of 'Zakat' in the Islamic Political Economy	63
3.2	The Productive Essence of 'Zakat'	65
3.3	The 'Nisab' Valuation Problem for 'Zakat'	66
3.4	The Distributive Essence of 'Zakat'	69
3.5	Indexing of 'Zakat' Payments	71
3.6	The Income-Investment Multiplier for the Islamic Economy	73
3.7	The Role of 'Zakat' in the Income-Investment Multiplier Relationship	79
3.8	The Primacy of Property Entitlement as a Social Policy Goal in the Islamic Political Economy	84
3.9	'Zakat' Effect on Labour Force Participation	86
3.10	Labour Force Participation of Women in the Islamic Economy	89
3.11	The Effect of 'Zakat' on Female Labour Force Participation	92
3.12	The Economic Adequacy of 'Zakat' Funds for Islamic Social Security at the Grass Roots Level	94
3.13	The Concept of the 'Effective Rate of "Zakat"'	99
3.14	Other Forms of Tax Revenues for the Islamic State	101
3.15	Methodological Conclusion	101
<b>4</b>	<b>'Riba', Financial Interest</b>	<b>103</b>
4.1	Definition of 'Riba'	103
4.2	Interest and Usury in the Islamic Concept of 'Riba'	104
4.3	The Islamic Concept of Economic Value: the Investment-Saving Problem	107
4.4	The Islamic Theory of Value Applied to the Financial Asset	111
4.5	The Islamic Unacceptability of all Forms of Interest	116
4.6	The Debate Over the Unacceptability of the Real Rate of Interest in the Islamic Economy	120
4.7	The Nature of Inflation and Price Stabilisation in the Islamic Economy	121
4.8	The Concept of the Numéraire in the Islamic Economy	123

4.9	Summary: the Law of 'Riba'	130
4.10	'Zakat', 'Riba' and the Principle of Simultaneity Between Economic Efficiency and Distributive Equity in the Islamic Economy	131
4.11	Does the Rate of Interest at All Explain the Intertemporal Efficiency of Capital?	136
4.12	Functional Characterisation of 'Taqwa' Relations on Banach Spaces as Power Functions	145
<b>5</b>	<b>'Mudarabah', the Profit-sharing System in Islam</b>	<b>147</b>
5.1	Treatment of Profit-sharing in Microeconomic Terms	147
5.2	Problem of Valuation of Shares in the Islamic Economy	148
5.3	The Islamic Interpretation of the Profit-sharing Rate as the Opportunity Cost of Investment	151
5.4	The Intertemporal Methodological Framework for Resource Allocation in the Islamic Economy	152
5.5	The Long-run Analysis of the Intertemporal Evolution of the 'Zakat'–Investment Relationship	154
5.6	The Macroeconomic Treatment of the Profit-sharing Analysis in the Islamic Framework	155
5.7	Formalisation of the Tripartite Flow of Resources in a 'Mudarabah' System	156
5.8	The Asset Valuation Model in Islamic Macroeconomic Analysis	158
5.9	The Social Rate of Return for Islamic Projects	160
5.10	The Policy-theoretic Implications for the Islamic Economy	166
5.11	The Concept of the Social Good in the Islamic Economy	167
5.12	Policy Considerations Surrounding the Basic Needs Regime	168
5.13	The Consumption, Production and Distribution Menus of Social Goods	169
5.14	Problems of Production and Distribution in the 'Mudarabah' System	172
5.15	Input–Output Methodology Applied to the Islamic Resource Allocation Problem	177
5.16	The Problem of Entitlement Formation in the Islamic Economy	181

5.17	The Case of a Mix in Wage Labour and Profit-sharing Labour in the Islamic Economy	184
5.18	The Average Pricing Principle of 'Mudarabah'	192
5.19	Long-run Stability in the Profit Rate in the 'Mudarabah' System	195
5.20	Treatment of 'Mudarabah' as a Policy Instrument in Banach Spaces	197
<b>6</b>	<b>'Israf', Economic Waste</b>	<b>201</b>
6.1	The Problem of 'Israf' as One of Economic and Social Justice	202
6.2	The Consumption–Investment Menu of the Islamic Economy	207
6.3	The Social Welfare Optimisation Problem Under 'Israf' Considerations	212
6.4	The Question of Long-run Waste in the Consumption and Production of Basic Needs	215
6.5	The Allocation Problem Relating to Basic Needs and Luxury Goods in the Islamic Economy	217
6.6	The Static Optimisation Problem of the Basic Needs Regime in the Islamic Economy	218
6.7	The Dynamic Optimisation Problem of the Basic Needs Regime in the Islamic Economy	222
6.8	The Importance of 'Shuratic' Decision Making in the Formulation of the Islamic Social Welfare Function	227
6.9	An Effective Measure of 'Israf'	229
6.10	Measure of 'Israf' for Total Production and Consumption	234
6.11	Comparative Examination of the Islamic Two-sector Model of Growth in Respect to the Consumption–Investment Menu	237
6.12	Financial Interest as 'Israf'	241
6.13	A Note on the Selective Use of Neoclassical Methodology in Islamic Economics	243
6.14	Algebraic Formulation of the Total Interrelationship Among the Principles and Policy Instruments of the Islamic Political Economy	245
6.15	The Process of Social Consensus Formation in the 'Shura'	247
6.16	Formulating the Islamic Social Welfare Function Through the 'Shuratic' Process	249

<b>7</b>	<b>General Equilibrium Analysis in the Islamic Economy</b>	<b>253</b>
7.1	The Micro–Macro Interface Established Through the ‘Shuratic’ Process	255
7.2	An Empirical Form of the Islamic Social Welfare Function and Derived Micro–Macro Relations	262
7.3	The Equilibrium Systems of the Islamic Micro–Macro Interface	265
7.4	The Ethical <i>Numéraire</i>	267
7.5	The Aggregation Problem in the Islamic Social Welfare Function Once Again	271
7.6	A Special Look at the Monetary Sector Equations for the Islamic Economy	275
7.7	Summary of the Econometric System for the Islamic Economy	280
7.8	Policy Implications in the Islamic Econometric System	281
7.9	Conclusion	282
<b>8</b>	<b>Quantitative Analysis and Policy Conclusions</b>	<b>284</b>
8.1	The Estimation Economic Model	284
8.2	Comparative Examination of the Islamic and Keynesian <i>IS</i> and <i>LM</i> Schedules	286
8.3	The Product Market and Labour Market Relations in the Islamic Macroeconomy	287
8.4	The Estimable General Equilibrium System in the Islamic Macroeconomy	289
8.5	Adaptation of the Islamic General Equilibrium System to the Case of Malaysia	290
