Contents

<i>List of Contributors</i>	page ix
<i>Preface</i>	xiii
1 The Monkeys of the Taï forest: an introduction	1
W. S. McGraw and K. Zuberbühler	
Part I Social behavior	
2 The social systems of the guenons	51
P. Buzzard and W. Eckardt	
3 How small-scale differences in food competition lead to different social systems in three closely related sympatric colobines	72
A. H. Korstjens, K. Bergmann, C. Deffernez, M. Krebs, E. C. Nijssen, B. A. M. van Oirschot, C. Paukert, and E. Ph. Schippers	
4 The structure of social relationships among sooty mangabeys in Taï	109
F. Range, T. Förderer, Y. Storrer-Meystre, C. Benetton, and C. Fruteau	
Part II Anti-predation strategies	
5 Interaction between leopard and monkeys	133
K. Zuberbühler and D. Jenny	
6 Interactions between red colobus monkeys and chimpanzees	155
R. Bshary	
7 Interactions between African crowned eagles and their prey community	171
S. Shultz and S. Thomsett	
8 Monkey alarm calls	194
K. Zuberbühler	

Part III Habitat use

- 9 Positional behavior and habitat use of
Taï forest monkeys** 223
W. S. McGraw

Part IV Conservation

- 10 Can monkey behavior be used as an indicator for
poaching pressure? A case study of the Diana guenon
(*Cercopithecus diana*) and the western red colobus
(*Procolobus badius*) in the Taï National Park,
Côte d'Ivoire** 257
I. Koné and J. Refisch
- 11 Vulnerability and conservation of the
Taï monkey fauna** 290
W. S. McGraw
