1993

Contents

List of Figures and Tables, xvii

- I Introduction
 - 1. Purposes and Methods, 3
 - 2. A Firm Archaeological Base for Urban History? Difficulties of Cross-Disciplinary Research, 10

- II Modern Questions About Ancient Water Control
 - 3. Water System Evidence of Greek Civilization, 19
 - 4. Modern Insights About Ancient Water Management, 32

- III Greek Urbanism—Data and Theories
 - 5. Urban Patterns in the Greek Period: Athens, Paestum, Morgantina, Miletus/Priene, and Pergamon as Formal Types, 43
 - 6. Greek Urbanization—Theoretical Issues, 47

- IV Geography and Geology
 - 7. Karst: The Hydrogeological Basis of Civilization, 63
 - 8. Greek Settlements and Karst Phenomena: Corinth and Syracuse, 83
 - 9. Urban Location Determinants: Argos, Gela, and Pergamon, 100
 - 10. Natural Models for Water Elements, 115

- V Planning
 - 11. Planning Water Management: Corinth and Syracuse, 123
 - 12. Planning Water Quality: Potable and Subpotable Water at Selinus and Priene, 151
 - VI Supply, Distribution, Drainage
 - 13. Early and Late Examples: A New Look at Olynthos and Pompeii, 171
 - 14. Morgantina's Agora—Design and Drains, 190
 - VII Water System Elements Described and Quantified
 - 15. Scale Differences: Akragas and Morgantina, 201
 - 16. Clusters of Water System Elements, 219
 - VIII Physical Constraints on Built Form
 - 17. Urban and House Form Constrained by Water Resources—Morgantina, 237
 - 18. The Well-Watered Acropolis at Athens, 255
 - 19. Note on Testing the Water from the Asklepion Area, Athens, 278
 - IX Amenity and Necessity
 - 20. Architectural Expression of Public and Private Water Supply at Morgantina, Corinth, Athens, and Delos, 283
 - X Conclusions: Learning from Greek Experience
 - 21. Profile of Individual Water User, 309
 - 22. Discoveries About Greek Water Management, 312
 - 23. Thoughts on the History of Greek Urbanization, 337
- Glossary*, 345
Bibliography, 347
Index, 367
