List of Figures.....	x
List of Tables.....	xi
Acronyms.....	xii
Preface.....	xvi
Introduction.....	xviii
Chapter 1: Sub-Saharan African public works in context	1
The history of PWP.....	1
The current unemployment challenge in sub-Saharan Africa.....	5
Chapter 2: Defining public works.....	8
The PWP typology.....	8
A schema of PWP objectives	17
Conclusion	32
Chapter 3: The social protection function of public works programmes.....	33
PWPs and social protection	33
Conclusion	49
Chapter 4: Evaluating the performance of public works programmes.....	50
Current evaluation approaches.....	50
Towards a more effective evaluation of PWPs.....	57
Conclusion: The limitations of current PWP evaluation.....	61
Chapter 5: The role of the wage.....	64
The transfer and stabilisation benefits of the wage.....	64
Setting the PWP wage and labour market concerns.....	71
Malawi Social Action Fund (MASAF) PWP case study.....	77
Conclusion	82
Chapter 6: The role of assets	84
The value of assets created	85
The medium-term impact of asset creation.....	91

Incidence	93
Asset costs and benefits	94
Determinants of asset quality	95
The need for evidence.....	98
Conclusion	100
Chapter 7: The role of skills development.....	101
Skills development assumptions.....	101
Case study: The South African Expanded Public Works Programme (EPWP)	103
The appropriateness of PWP as vehicles for skills development.....	112
Labour markets, PWP design and skills development	113
Conclusion	116
Chapter 8: Two South African case studies: context, overview and methodology	118
The unemployment and social protection context	118
Overview of the case study programmes	120
Research design and methodology	124
Chapter 9: Case study programme incidence.....	128
PWP access: targeting and rationing practices.....	128
Incidence findings.....	131
Propensity score matching to assess PWP incidence	136
Conclusion	138
Chapter 10: Case study labour market insights.....	140
Assessing the labour profile of PWP workers and household members	140
Programme insights from prior labour market status.....	151
The impact of training and work experience.....	152
Entrepreneurship and micro-enterprise development.....	155
Participants' perceptions of the constraints to employment.....	156
Conclusion	159
Chapter 11: Case study poverty impacts	161
Measuring the poverty impact.....	161
The impact of PWP participation on income poverty.....	174
Drawing conclusions about income poverty	178

The impact of PWPs on non-income indicators of poverty.....	178
Conclusions.....	186
Programme design implications.....	188
Chapter 12: Conclusion: Implications for future programming	190
The limits of the current evidence base.....	191
Why do PWPs remain so popular?	192
Why do these findings matter?	193
Bibliography.....	196
Index	216
