List of figures	ix
List of tables	xiii
Acknowledgements	xv
Introduction	1
<b>Part One Geographic data: theory and hardware</b>	
1 Information and systems concepts	9
2 The hardware environment	40
<b>Part Two Geographic data: acquisition and organization</b>	
3 Data capture 1: generation	77
4 Data capture 2: retrieval	106
5 Structures for geographical data	148
<b>Part Three Geographic data: manipulation</b>	
6 Fundamental graphical procedures	191
7 Cartographic methods 1: vector techniques	236
8 Cartographic methods 2: raster techniques	284
<b>Part Four Geographic data: software systems</b>	
9 Non-cartographic software	329
10 Cartographic and related software	372
Postscript	411
Bibliography	420
Name index	436
Subject index	440
