Preface	xi
<b>Part I Theory of space: Geography, semiotics, and Marxism</b>	<b>1</b>
Chapter 1 Objectivism and subjectivism in spatial studies	3
1.1. The sphere of spatial studies	3
1.2. The unbridged dichotomy of spatial studies	7
Chapter 2 Society, space, and meaning	19
2.1. Behavioral geography: A problematic area	19
2.2. The analysis of meaning	28
Chapter 3 A materialist social semiotics of space	37
<b>Part II The context of the study</b>	<b>45</b>
Chapter 4 Land and people	47
4.1. The history and geography of Macedonia	47
4.2. The research settlements and the regional context	66
Chapter 5 Corpus, sample, and sociology	75
5.1. The semiotic corpus and the statistical sample	75
5.2. The sociology of environmental conception	81
5.3. The corpus and its sociological characteristics	86
5.4. Corpus stratification, questionnaires, and methodology	93
<b>Part III The social construction and evaluation of space</b>	<b>99</b>
Chapter 6 The conceptual construction of regional space	101
6.1. Subjective settlement and involvement region	101
6.2. Involvement region and social practices	105
6.3. Regional spaces, regional structures, and the city-country opposition	118
6.4. Social groups and the geometry of the regions	126
6.5. Settlement hierarchy and the nature of judgment	136

<b>Chapter 7</b>	<b>Space and the fluctuation of sentiment</b>	<b>147</b>
7.1.	The experience of space: Beyond phenomenology	147
7.2.	The paths of regional identity	158
7.3.	The sociological logic of the semiotic universe	170
<b>Chapter 8</b>	<b>A multitude of spaces within the same space</b>	<b>177</b>
8.1.	Global, fragmented, and composite space	177
8.2.	The semiotic reality of analytical spaces	181
8.3.	Autonomous sociospatial groups and conceptual spaces: Towards an extension of Marxist theory	187
8.4.	The thematic code structure of spatial micro-discourses	195
8.5.	Isomorphism and divergence between analytical spaces: A widening of the geographical and semiotic views	198
<b>Part IV</b>	<b>Talking about space</b>	<b>207</b>
<b>Chapter 9</b>	<b>Discourse analysis and the region</b>	<b>209</b>
9.1.	The 32 modes of apprehending the region	209
9.2.	The two aggregate models of regional space	217
9.3.	The discursive regularities of regional discourse and the fundamental modes of conceiving the region	225
9.4.	Richness of regional discourse	232
9.5.	Complexity of regional discourse	236
9.6.	Relevance of regional discourse	245
<b>Chapter 10</b>	<b>Ideological models of the region</b>	<b>249</b>
10.1.	Discursive habits of the social groups	249
10.2.	Regional models	257
10.3.	Envisaging the future	267
<b>Part V</b>	<b>Imagining space</b>	<b>275</b>
<b>Chapter 11</b>	<b>Mental maps revisited</b>	<b>277</b>
11.1.	Surface and deep structures of the sketch maps	277
11.2.	Sketch' map styles	291
11.3.	Deep spatial structures	298
11.4.	The connections between map structures	307
11.5.	Spatial logics and spatial universals	310

<b>Chapter 12</b>	<b>Regional images</b>	<b>321</b>
12.1.	The psychological nature of mental images	321
12.2.	Introspective signifier: Gestalt or Euclidean?	334
12.3.	Regional images: The signifier	342
12.4.	Regional images: The signified	352
<b>Chapter 13</b>	<b>Geographical accuracy</b>	<b>357</b>
13.1.	The regional point of view: Orientation and perspective	357
13.2.	Orientalational and metric geographical accuracy	367
13.3.	Topological and configuration accuracy	371
13.4.	Geometric accuracy	375
<b>Part VI</b>	<b>Conclusion: The social semiotics of space</b>	<b>385</b>
<b>Chapter 14</b>	<b>Society and spatial semiosis</b>	<b>387</b>
14.1.	Social regulation and sociospatial groups	387
14.2.	Social regulation and the relative autonomy of semiosis	395
14.3.	Semiotics of the region	405
14.4.	Poetics of the region	412
