Introduction: Six Realities and Unrealities About the Chinese Economy	1
--	---

The Proposition of China's Impending Collapse (or China's Strategic Threat), 1	
The Proposition of China's Food Crisis, 2	
The Proposition of a Chinese Energy Crisis or Environmental Crisis, 3	
The Proposition of a Chinese Economic "Bubble," 3	
The Proposition of China's Huge Domestic Market, 4	
The Proposition of Chinese "Country Risk," 5	

Part 1

Toward a Basic Understanding of the Chinese Economy

1 A Huge Country: An Amalgamation of "Small Countries"	9
China's Area and Population in Global Perspective, 9	
Another United Nations: "The Chinese Confederation of States," 10	
China's Provinces—Like Separate Countries, 10	
2 Population Pressure: The Challenge of 1.6 Billion People in 2030	15
The Chinese Population Pyramid, 15	
Population Trends Since 1949, 17	
China's Model for Birth Control, 20	
Population Projection for the Twenty-first Century, 23	

3	The Volatile History of "Chinese Socialism"	25
	The Mao Zedong and Deng Xiaoping Eras, 25	
	Distinct Periods Within the Mao Zedong Era, 28	
	Distinct Periods Within the Deng Xiaoping Era, 29	
	The Jiang Zemin System and the Path of "Reform and Liberalization," 30	
4	The Political System: The Role of the Chinese Communist Party as the "Conservative Party"	33
	The Chinese Communist Party as the "Economic Development Party," 33	
	Control Over Nonparty Organizations, 34	
	The National People's Congress's Role of Confirming the Decisions of the Communist Party, 37	
5	Economic System Reform:	
	The Progress of the Market Economy Program	41
	The Fifty-Point Program for the Market Economy (1993), 41	
	Status of Economic System Reform (1997), 44	
 Part 2		
Some Domestic Economic Problems		
6	Economic Growth: A Low-Income Country on a Fast-Growth Path	49
	China's GDP in Global Perspective, 49	
	The Dream of Quadrupling GDP Is Realized, 50	
	Long-Term Outlook for the Chinese Economy:	
	Continued Fast Growth, 53	
	Switch from Volume-Based Growth to Quality-Based Growth, 53	
7	Food Production: Ensuring 500 Million Tons of Grain for 1.3 Billion People	57
	"For the People Food Is God," 57	
	Why Grain Production Has Increased, 58	
	Imports and Exports of Grain, 59	
	Outlook for Grain Supply and Demand, 60	

8	Energy: Shift to Dependency on Coal and Imported Oil	63
	Current Energy Supply and Demand, 63	
	Medium- to Long-Term Forecast for Energy Supply and Demand, 65	
	The Problems of Coal Transport and Environmental Pollution, 67	
	Inevitable Rise in Oil Imports, 68	
	Outlook for Electric Power Development, 68	
	Approaches to Solving the Energy Problem, 70	
9	Environmental Destruction: The Status of Air Pollution and Policies to Improve Air Quality	73
	The Principal Pollutants in China, 73	
	Where Acid Rain Is Falling, 74	
	Where Black Rain Is Falling, 79	
	Japanese Environmental Aid to China, 79	
10	Income Disparity: Can Economic Growth Close the Gap?	83
	The Expanded Income Gap Between Urban and Rural Residents, 83	
	Lorenze Curve Illustration of Urban Residents' Income Inequality, 85	
	Gini Coefficient Illustration of Urban Residents' Income Inequality, 85	
	Variance Coefficient Illustration of Rural Residents' Income Inequality, 86	
	Ranking of Personal Income by Province, 87	
	China's "Well-Off Standard" and Poverty Alleviation Plan, 91	
11	Regional Disparity: Disparities Between East and West and Among the Coastal Provinces	93
	Province-Level Results of the GDP Quadrupling Plan, 93	
	Province-Level Changes in Shares of Economic Power, 96	
	Province-Level Changes in Per Capita GDP, 96	
	How Should We View Regional Income Disparities? 97	
	Correlation Between GDP Growth Rate and the Non-State-Owned Industrial Sector, 99	
	Differences in Ownership, Enterprise Scale, and Heavy and Light Classifications in Industry for Key Provinces and Cities, 100	

- 12 **The Consumption Revolution: The Chinese Market—
Toward Multistrata Development** 103
- The Consumption Revolution in China, 103
- Differences in Consumption Levels
Between Cities and Villages, 104
- The Chinese People's Changing Diet, 104
- Changes in Ownership Levels of Consumer Durables, 107
- Consumption Patterns of City Residents
by Income Levels, 109
