

Time, Ignorance, and Uncertainty in Economic Models

Donald W. Katzner

Ann Arbor

THE UNIVERSITY OF MICHIGAN PRESS

Contents

Preface xi

1. Introduction: Alternatives to Equilibrium Analysis 1

- 1.1 Preliminaries 2
- 1.2 Equilibrium Analysis 8
- 1.3 Disequilibrium Analysis 16
- 1.4 Mutually Interactive Analysis 18
- 1.5 Nonequilibrium Analysis 24
- 1.6 A Preview 30
- 1.7 References 34

PART I: Potential Surprise and Potential Confirmation as Expressions of Uncertainty

2. Potential Surprise, Potential Confirmation, and Probability 41

- 2.1 Probability Functions 43
- 2.2 Potential Surprise Functions 46
- 2.3 Potential Confirmation Functions 59
- 2.4 Potential Surprise versus Probability 68
- 2.5 References 75

3. Distribution, Frequency, and Density Functions 79

- 3.1 Probability Distribution, Frequency, and Density Functions 82
- 3.2 Potential Confirmation Distribution Functions 86
- 3.3 Potential Confirmation Frequency and Density Functions 89
- 3.4 Alternative Definitions of Potential Confirmation Frequency and Density Functions 94
- 3.5 References 99

PART II: Some Basic Analytical Structures and Techniques

- | | |
|--|-----|
| 4. Making Decisions in Ignorance | 103 |
| 4.1 <i>Approaches to Decision Making</i> | 104 |
| 4.2 <i>The Expected Utility Model</i> | 115 |
| 4.3 <i>Decision Making in Ignorance Using Potential Surprise</i> | 120 |
| 4.4 <i>Decision Making in Ignorance Using Potential Confirmation</i> | 139 |
| 4.5 <i>References</i> | 145 |
| 5. Examples and Comparative Statics | 149 |
| 5.1 <i>Five Examples</i> | 151 |
| 5.1.1 <i>Example 1</i> | 159 |
| 5.1.2 <i>Example 2</i> | 166 |
| 5.1.3 <i>Example 3</i> | 169 |
| 5.1.4 <i>Example 4</i> | 173 |
| 5.1.5 <i>Example 5</i> | 177 |
| 5.2 <i>Comparative Statics Analysis</i> | 179 |
| 5.3 <i>References</i> | 198 |
| 6. Operationality | 199 |
| 6.1 <i>Positive Operationality</i> | 203 |
| 6.2 <i>Uncertainty Aversion and Favor</i> | 209 |
| 6.3 <i>Normative Operationality</i> | 228 |
| 6.4 <i>References</i> | 234 |
| 7. Aggregation | 237 |
| 7.1 <i>Market Aggregates</i> | 241 |
| 7.2 <i>The Analysis of Markets</i> | 247 |
| 7.3 <i>References</i> | 253 |
| 8. Simultaneity and Kaleidics | 255 |
| 8.1 <i>Two-Person, Two-Commodity Exchange</i> | 260 |
| 8.2 <i>Some Generalizations</i> | 269 |
| 8.3 <i>References</i> | 273 |

PART III: Modeling the Economy and Its Constituent Parts

- | | |
|--------------------------------|-----|
| 9. The Firm | 277 |
| 9.1 <i>An Overview</i> | 280 |
| 9.2 <i>A Model of the Firm</i> | 284 |

9.3	<i>Decision Making in the Firm</i>	297
9.4	<i>References</i>	302
10.	The Consumer and the Demand for Money	303
10.1	<i>Perspectives on Money Demand</i>	305
10.2	<i>A Model of the Consumer</i>	319
10.3	<i>References</i>	328
11.	A Model of the Microeconomy	331
11.1	<i>A Description of the Microeconomy</i>	333
11.2	<i>The Consumer</i>	339
11.3	<i>The Two Firms</i>	342
11.4	<i>The Bank</i>	348
11.5	<i>The Markets and Coherence</i>	355
11.6	<i>References</i>	368
12.	A Model of the Macroeconomy	369
12.1	<i>Macroeconomic Traditions</i>	373
12.2	<i>The Production Side</i>	382
12.2.1	<i>The Microbase</i>	382
12.2.2	<i>The Macro-Analogue</i>	394
12.3	<i>The Demand Side</i>	398
12.4	<i>Goods and Employment</i>	404
12.5	<i>Bonds and Money</i>	418
12.6	<i>References</i>	425
PART IV: Theory and Observation		
13.	History	429
13.1	<i>Hysteresis from a Traditional Vantage Point</i>	432
13.2	<i>Hysteresis in Historical Time and Ignorance</i>	447
13.3	<i>References</i>	450
14.	Empirical Analysis	453
14.1	<i>A Partial Recapitulation of Preceding Argument</i>	455
14.2	<i>What Cannot Be Done</i>	461
14.3	<i>What Can Be Done</i>	465
14.4	<i>Conclusion</i>	467
14.5	<i>References</i>	473
Index		475
