Contents

Foreword	vii
Abstract	ix
Acknowledgments	x
Executive Summary	xi
Situation of Youth in Democratic Republic of Congo, 2006.....	xii
Characteristics of the Secondary Education and Vocational Training System in Democratic Republic of Congo	xii
Demand for Skills and Need for a Strategic Vision.....	xiv
Perspectives for the Future.....	xv
Abbreviations and Acronyms	xviii
1. Introduction	1
Notes.....	3
2. Objectives and Structure of the Report	4
Notes.....	6
3. Structure of Post-primary Education and Training	7
Formal Secondary Education	7
Governance of Formal Secondary Education.....	9
Nonformal Education.....	11
Notes.....	12
4. Situation of Youth in Democratic Republic of Congo, 2006	13
Notes.....	16
5. Formal Secondary Education	19
Characteristics of Students in Secondary Schools	20
Teaching-Learning Conditions in Secondary Schools	22
Internal Efficiency	24
Learning Outcomes	24
Notes.....	29
6. Technical and Vocational Education and Training (TVET)	30
7. Enrollment and Learning Outcomes in Nonformal Education	32
8. Cost Structure of Secondary Education	34
Unit Costs in Secondary Schools.....	34
Unit Cost in Nonformal Education.....	37
Notes.....	37

9. Demand for Education and Skills: Findings from the Investment Climate Assessment	38
Notes.....	41
10. Challenges and Constraints.....	42
Summary of Challenges.....	42
Demographic Pressures	43
Unviable Option: Continuing Status Quo of Exclusive Reliance on the Formal Education System	44
11. Relevant Lessons from International Experience	46
Structure of Secondary Education and Technical and Vocational Education and Training	46
Curriculum	50
Teacher Preparation and Utilization	50
Notes.....	51
12. Expanding Opportunities for Democratic Republic of Congo Youth: Promising Avenues	52
Principles of Reform	52
Feasible Scenarios	52
Impact on Enrollment Status of Youth under 15 Years of Age.....	57
Coverage and Size of the Formal Education and Training System.....	60
Physical and Financial Requirements of Expansion	61
Financial Requirements of Different Policy Options	62
Notes.....	63
13. Conclusions and Recommendations.....	64
Recommendations	64
Appendixes.....	69
Appendix 1. Multilevel Model of Mathematics Score with Students and Schools Characteristics.....	70
Appendix 2. Determinants of Worker Earnings	72
References.....	73
