PART

I

INTRODUCTION

1. White Shark Research in the Past:
A Perspective 3
2. A Plea for White Shark Conservation 5

PART

II

EVOLUTION

3. Using Tooth Structure to Determine the
Evolutionary History of the White Shark 9
4. The Fossil History of *Carcharodon* and Its
Possible Ancestor, *Cretolamna*: A Study
in Tooth Identification 19
5. Evolutionary Relationships of the White Shark:
A Phylogeny of Lamniform Sharks Based
on Dental Morphology 37
6. Systematics of the Lamnidae
and the Origination Time of *Carcharodon*
carcharias Inferred from the Comparative
Analysis of Mitochondrial DNA Sequences 49
7. Size and Skeletal Anatomy of the Giant
"Megatooth" Shark *Carcharodon megalodon* 55
8. Paleoecology of Fossil White Sharks 67

PART

III

ANATOMY

9. Using Allometry to Predict Body Mass
from Linear Measurements of
the White Shark 81
10. A Review of Length Validation Methods
and Protocols to Measure Large White
Sharks 91

PART

IV

PHYSIOLOGY

11. Temperature, Swimming Depth,
and Movements of a White Shark at the South
Farallon Islands, California 111
12. The Brain and Cranial Nerves of the White
Shark: An Evolutionary Perspective 121
13. Reproduction in the Male White Shark 131
14. Pregnant White Sharks and Full-Term Embryos
from Japan 139
15. Observations on a Pregnant White Shark
with a Review of Reproductive Biology 157

PART

V

BEHAVIOR

16. The Behavior of White Sharks and Their
Pinniped Prey during Predatory Attacks 175

17. Diving Behavior of Elephant Seals:
Implications for Predator Avoidance 193
18. Repetitive Aerial Jaw Gaping: A Thwart-
Induced Behavior in White Sharks 207
19. White Shark Attacks on Inanimate Objects
along the Pacific Coast of North America 217
20. Observations of White Shark Reactions
to Unbaited Decoys 223
21. Shape Discrimination and Visual Predatory
Tactics in White Sharks 229
22. Tail Slap and Breach: Agonistic Displays
among White Sharks? 241
23. Behavior of the White Shark:
An Emerging Picture 257

 PART

VI

ECOLOGY AND DISTRIBUTION

24. White Shark Predation on Four Pinniped
Species in Central California Waters:
Geographic and Temporal Patterns Inferred
from Wounded Carcasses 263
25. Tidal Height and White Shark Predation
at the South Farallon Islands, California 275
26. Environmental Factors Affecting the Occurrence
and Behavior of White Sharks at the Farallon
Islands, California 281
27. White Shark Predation and Scavenging
on Cetaceans in the Eastern North
Pacific Ocean 293
28. White Shark-Inflicted Wounds of Sea Otters
in California, 1968-1992 309
29. Records of White Shark-Bitten Leatherback
Sea Turtles along the Central
California Coast 317
30. Distribution and Autecology of the White Shark
in the Eastern North Atlantic Ocean
and the Mediterranean Sea 321
31. Occurrence of the White Shark
along the Brazilian Coast 347
32. Catches of White Sharks in
KwaZulu-Natal, South Africa, and
Environmental Influences 351

 PART

VII

POPULATION BIOLOGY

33. Residency Patterns of White Sharks
at the South Farallon Islands, California 365
34. Trends in White Shark Predation at the South
Farallon Islands, 1968-1993 375
35. Population Dynamics of White Sharks
in South Africa 381
36. First Estimates of Mortality and Population Size
on the South African Coast 393
37. Population Dynamics of White Sharks
in Spencer Gulf, South Australia 401
38. An Evaluation of Methodologies to Study
the Population Biology of White Sharks 415

 PART

VIII

INTERACTIONS WITH HUMANS

39. White Shark Attacks in the Eastern Pacific
Ocean: An Update and Analysis 419
40. Unprovoked Attacks by White Sharks off the
South African Coast 435
41. White Shark Attacks in Australian Waters 449
42. Worldwide Patterns of White Shark Attacks
on Humans 457
43. Chemical Repellent Tests on White Sharks,
with Comments on Repellent
Delivery Methods 471
44. Comments on Means for Avoidance
or Deterrence of White Shark Attacks
on Humans 477
45. More Rare Than Dangerous: A Case Study
of White Shark Conservation in California 481
