Preface	viii
About the authors	x
1 Introduction	1
2 The Kenyan economy: macroeconomic developments, 1964-1988	5
2.1 Introduction	5
2.2 Macroeconomic performance, 1964-1973	7
2.3 Macroeconomic performance, 1973-1988	9
2.4 Exogenous shocks and government policy responses after 1973	11
2.5 The effects on private consumption and investment	16
2.6 The behaviour of the current account	16
3. The review of the literature	28
3.1 Introduction	28
3.2 The traditional approaches to the balance of payments adjustment	28
3.2.1 The elasticities approach	29
3.2.2 The absorption approach	31
3.2.3 The monetary approach	33
3.3 Structuralist and Computable General Equilibrium models	35
3.3.1 The structuralist models	35
3.3.2 Computable General Equilibrium models	36

## *Rational Economic Decisions and the Current Account in Kenya*

3.4	Empirical approaches to decomposing the current account	37
3.5	Empirical studies on Kenya	42
4.	The general theoretical framework	44
4.1	Introduction	44
4.2	The specification of the general model	47
4.2.1	Consumption	47
4.2.2	Production	50
4.3	Private sector equilibrium	54
4.4	The behaviour of the government	59
4.5	The interaction between the private sector and the government	62
5.	The theoretical model and econometric estimation	67
5.1	Introduction	67
5.2	Econometric issues	68
5.3	Private production	70
5.4	Private consumption	75
5.5	Private investment	87
5.6	Government behaviour	92
5.7	The interaction between the government and the private sector	94
	Conclusions	98
	Appendix I: Derivation of factor demand functions	100
	Appendix II: Stationarity tests for the variables used in the empirical model	102
6.	Simulation of the model	104
6.1	Introduction	104
6.2	The macroeconomic model	105
6.3	Model simulation	106
6.3.1	Historical simulation	107
6.3.2	Base simulation of the model	111
6.4	Simulated effects of exogenous shocks and government policy variables	119
6.4.1	The effect of an increase in the relative price of imported inputs	119
6.4.2	Real exchange rate appreciation	123
6.4.3	Government expenditures and the capacity to import	125

## *Contents*

6.4.4 Wage policy and the relative price of capital	131
Conclusions	131
7. Summary and conclusions	133
Data sources and definitions	136
Bibliography	138
