Acknowledgments

The authors would like to acknowledge the valuable comments provided on earlier versions of the papers presented in this book by many colleagues at the IMF—particularly Yusuke Horiguchi and Charles Collins—and by the Japanese authorities. Anita Jupp provided invaluable organizational and secretarial support, and Fritz Pierre-Louis excellent research assistance. The authors would also like to thank Marina Primorac, who edited the book for publication and coordinated production.

The views expressed here, as well as any errors, are the sole responsibility of the authors, and do not necessarily reflect the opinions of the Japanese authorities, the Executive Directors of the IMF, or other members of the IMF staff.
