

The Globalisation of High Technology Production

**Society, space, and semiconductors in
the restructuring of the modern world**

Jeffrey Henderson

**With a Foreword
by Peter Worsley**

**Routledge
London and New York**

Contents

List of figures and tables	ix
Foreword by Peter Worsley	xiii
Preface	xix
Acknowledgements	xxiii
1 A new mode of industrialisation	1
<i>The global option</i>	2
<i>A new mode of industrialisation</i>	3
<i>Things to come</i>	6
2 The international division of labour, industrial change and territorial development: Theoretical and methodological issues	9
<i>Territorial development</i>	9
<i>Dependency theory and world-systems analysis</i>	12
<i>The 'new' international division of labour</i>	16
<i>Identifying the determinants of globalisation:</i> <i>A note on method</i>	24
3 Semiconductor production: Labour processes, markets, and the determinants of globalisation	27
<i>The industry and its product</i>	28
<i>Labour processes and technical change</i>	30
<i>The formation of the core complex: The Silicon Valley phenomenon</i>	34
<i>Capital deepening, markets, and the determinants of globalisation</i>	42
4 East Asia: The emergent regional division of labour	49
<i>Globalisation of production</i>	49
	vii

Globalisation of high technology production

	<i>The regional division of labour</i>	55
	<i>Articulation of the divisions of labour</i>	60
	<i>Growth of semiconductor production complexes</i>	63
	<i>The state and social change</i>	72
5	Hong Kong: The making of a regional core	77
	<i>Hong Kong and the world-system</i>	77
	<i>Growth of the electronics sector</i>	80
	<i>The making of a regional core</i>	101
	<i>The semiconductor production complex</i>	111
6	Scotland: The European connection	118
	<i>American semiconductor production in Scotland</i>	119
	<i>Determinants and the development of semiconductor production in Scotland</i>	124
	<i>Semiconductors, Scotland, and the international division of labour</i>	134
7	Prospects for globalisation and development	139
	<i>Global restructuring</i>	140
	<i>Territorial implications</i>	146
8	Semiconductors, development, and the changing international division of labour	154
	<i>Beyond the 'new' international division of labour</i>	156
	<i>Development and the new mode of industrialisation</i>	162
	Notes	166
	Bibliography	176
