Acknowledgements	xi
Introduction	xiii
PART 1 PLURALISM AND NEO-CORPORATISM AS CONTEXTS OF STRATEGIC ADAPTATION	
1 The Scope of the Book	3
Empirical tendencies and system properties	3
Cultural clash and dynamic conservatism	5
2 Theoretical Framework and Research Questions	8
Empirical paradoxes and frame of reference	8
Action contexts and strategic orientations	12
New games — traditional paradigms: hypotheses	15
3 Empirical Analysis	19
Britain and Norway as ideal-type approximations	19
A clash of cultures: offshore industrial relations	21
4 Cultural Paradigms and Norms of Rationality	26
Research problems and major findings	26
Further discussion	29
Notes Part 1	30
PART II CASE DESCRIPTIONS: OFFSHORE INDUSTRIAL RELATIONS AS DEVIANT CASES	
	33
1 The Structure of the Argument	35
Purpose	35
Empirical focus	35
Variations to be explained	36
2 Offshore Activities	38
National political priorities	38
Offshore organization and company strategies	41
Offshore employment	48
3 Union Adaptation	51
The decade of 'Americanization' 1965–75	51
British unions have been unable to cope	53
Conflict and change in the Norwegian sector 1976–79	58
The formation of a new Norwegian offshore union federation 1979–82	62

NSF 'grass-roots' revolt, state intervention and the demise of NOEMFO. The Norwegian sector 1981–84	65
4 Safety and Work Environment Control in Britain and Norway	70
The risk is high	70
Legislative framework	72
Administrative organization and regulations	75
Implementations	79
5 Empirical Observations and Theoretical Research	
Problems	87
Concluding remarks	87
Notes Part II	89

PART III PLURALISM AND SOCIETAL CORPORATISM AS ACTION CONTEXTS

1 The Structure of the Argument	99
Purpose	99
Ideal types and empirical approximations	99
2 Pluralism and Societal Corporatism	102
Society-state relations	102
The 'Schmitter-Lehmbruch tradition'	104
Theoretical issues	109
3 Alternative Ideal-Type Models	111
Societal Strategies	111
Institutional contexts	115
Fundamental rules and strategic orientations	118
4 Britain and Norway: Historical Strategies	122
Formative years	122
Post-war developments	126
5 Pluralist and Societal Corporatist Tendencies 1965–1984	130
Economic policy-making	130
Safety and work environment control	140
6 Ideal Types — Empirical Approximations	147
Paradigms and structure	147
Notes Part III	151

PART IV CULTURES CLASH: ADAPTATION TO FUNDAMENTAL CHALLENGES

1 The Structure of the Argument	159
Purpose	159
Putting the pieces together	159
Pluralism, societal corporatism and the oil industry tradition	161
The representativity of the offshore cases	164
2 Union Formation	167
Failure and success	167

National firms	168
International companies	172
3 Union Strategies	176
Deference and militancy	176
National firms	177
International companies	182
4 Control Systems	185
Compromise, chaos and control	185
Safety and health control	187
5 Cultural Paradigms and Norms of Rationality	192
Institutional contexts and adaptive capacities	192
Implications for theories of pluralism and neo-corporatism	194
Notes Part IV	196
References	197
Appendix: List of British and Norwegian Offshore Unions	212
