

Fatimah H. Y. al-Abdul-Razzak

Marine resources of **KUWAIT**

Their role in the development
of non-oil resources

KPI

*London, Boston, Melbourne
and Henley*

*Published in association with
Kuwait University*

Contents

Preface xv

Acknowledgments xvi

Abbreviations xvii

- 1 Introduction 1
- 1 General considerations 1
- 2 The study 3
 - (i) Objectives of the study 3
 - (ii) Criteria for the choice of the study 4
 - (iii) The study area 5
 - (iv) Means of data collection 5
 - (v) Problems of the study 6
- 2 Kuwait's physical characteristics 1
- 1 Kuwait's physical background 7
 - Geology 7
 - Topography 7
 - Soil characteristics 9
 - Climatic conditions 10
 - Temperature 11
 - Relative humidity 11
 - Evaporation 11
 - Rainfall 11
 - Wind 11
- 2 The oceanography of the Gulf 12
 - Introduction 12
 - Geology 13
 - Geomorphology 15
 - The geomorphological characteristics of the Gulf 15
 - (i) The coastal area 16
 - (ii) The shallows 16
 - (iii) The transitional zone 16

vi *Contents*

(iv) The deep sea area	17
Climatic conditions	17
Salinity	19
Water currents	21
Tidal currents in Kuwait Bay	22
Gulf biological conditions	22
Oxygen distribution in the Gulf's area	22
Phosphate	23
Silicate	23
Nitrate	23
The characteristics of the Gulf actiology	25
3	Population and economic growth in Kuwait 26
Kuwait's population growth	26
Recent population growth	28
A Introduction	28
B Migration and its importance in population growth	31
Natural population growth	32
Age structure	34
Population and labour force	34
Economic growth	41
1 Oil sector	42
Contribution of oil to GNP	44
2 The agricultural sector	45
Irrigation and water resources	46
Agriculture's contribution to the economy and labour force	47
3 The industrial sector	48
The importance of industry to the Kuwait economy	51
4	The historical importance of the Kuwait marine sector 52
Introduction	52
The Gulf and the world powers	52
The history of trade and traffic in the Gulf	57
The marine sector and its historical role in Kuwait's economy	58
Introduction	58
1 The pearl industry in Kuwait	59
2 Boat-building	60
3 Trade and Kuwait's importance as an entrepôt centre	61
5	The foreign trade of Kuwait 66
1 Introduction	66

2	Ratio of trade	67
3	Ratio of trade in Kuwait between 1962 and 1977	68
4	Changes in the volume of Kuwaiti trade	69
5	Geographical factors influencing trade activities	77
5.1	General considerations	77
5.2	Location	77
5.3	Marketing facilities	79
6	Political factors influencing marine transport	79
7	Economic factors influencing trade	80
8	Transport and Kuwait's trade	82
8.1	Air transport	82
8.2	Land transport	84
8.3	The ports	86
9	Composition of trade	87
9.1	Composition of Kuwait's imports	87
9.2	Composition of Kuwait's exports	92
10	Direction of trade	93
10.1	Changes in the direction of trade	93
10.2	Changes in the structure of Kuwait's exports	98
11	The seasonal market and its influence on trade	98
12	Kuwait and the Arab world	100
13	Kuwait as an entrepôt and the re-export trade	103
13.1	Kuwait's port as an entrepôt for the area	103
13.2	The structure of Kuwait's re-export trade	110
14	The proposed free trade zone for Kuwait	111
15	Conclusion	112
6	Kuwait's invisible trade	114
1	Introduction	114
2	Invisible trade	116
2.1	The relationship between the banking system and trade activities in Kuwait	116
2.2	Kuwait's foreign aid programme	122
2.3	Kuwait's foreign investments	127
2.4	Insurance	129
2.5	Tourism and its influence on Kuwait's balance of payments	133
3	Trade and employment	140
3.1	Trade sector	140
3.2	Banking	142
3.3	Transportation	143
3.4	Conclusion	143
4	Invisibles and the balance of payments – summary	143
5	Conclusion	144

7 The shipping industry and its importance to the Kuwaiti economy 148

- 1 Introduction 148
- 2 Shipping management 149
- 3 Participation of shipping in Kuwait's trade 150
- 4 Kuwaiti shipping and finance 151
- 5 The United Shipping Company 152
- 6 The future for shipping 152
- 7 Kuwait Oil Tanker Company 153
- 8 Conclusion 158

8 The fishing industry in Kuwait 160

Introduction 160

- 1 Biological conditions 161
 - The biotic environment 161
 - Ecological aspects of Kuwait's fisheries 162
 - Shrimp biology 164
- 2 A historical review of fishing in Kuwait 164
- 3 Traditional fishing equipment 167
 - 1 Drift nets 167
 - 2 Wire basket (*al-gargoor*) 167
 - 3 Screen barriers 167
 - 4 Conical nets (*al-coofa*) 167
 - 5 Cast net (*sallia*) 167
 - 6 Gillnet (*tarroof*) 167
 - 7 Bottom set gill trap (*sharkh*) 167
 - 8 Hand line 169
- 4 Traditional fishing seasons 169
 - 1 Mausim al-Qaid (April) 169
 - 2 al-Waker (June) 169
 - 3 Mausim al-Khubat (February) 170
- 5 General fishing problems in Kuwait 170
 - (a) Overfishing 170
 - (b) Labour force problem 171
 - (c) Weather conditions 172
 - (d) The expansion of the fishing area 172
- 6 Modern developments in the Kuwait fishing industry 173
 - Fish farm 174
 - The company's fishing ground 174
- 7 Fishing in the economy 176
- 8 Fishing as a source of food 176
- 9 Fishing as a field of employment 177

10 Fishing as a source of income 181

11 Fishing output 181

9 Fresh water and other marine resources 184

Introduction 184

Water distillation 185

Distillation operations 186

Chlorine, salt and other production 189

New outlook for pearl diving 191

Building materials 191

10 Conclusion 194

Appendix 1 Sources of information and material dealing with this subject covered by interviews by the author 200

Appendix 2 The port of al-Shuwaikh: facilities and extension programme 201

Appendix 3 Customs duty 204

Appendix 4 The development of Kuwait's distillation plants 206

Notes 208
