INTRODUCTION	<i>xi</i>
PREFACE	<i>xv</i>
ACKNOWLEDGEMENTS	<i>xvii</i>

CHAPTER 1

Introduction 1

Policy Elements within Confederation	2
Perceptions of Regional Impacts of Policies	5
The Federal Tariff	11
Transport Subsidies	13
Energy Policies	13
Established Programs Financing	16
Canada Assistance Plan	17
Provincial Impediments to Flows of Goods and Factors	17
The Federal Tax System	19
Federal Transfers to Persons	20
Non-Tariff Trade Policies	21
Regional Development Programs	21
Agricultural Policies	22
Techniques Used to Evaluate Regional Impacts of Policies within Confederation	22

CHAPTER 2

Some Partial Equilibrium Diagrammatics on Interregional Policy Effects	25
Interregional Effects of the Federal Tariff	25

Interregional Effects of Crow Rate Transportation Subsidies	30
Interregional Effects of Federal Energy Policies	31
Effects of Equalization on the Interregional Allocation of Labour	35
Effects of Interregional Barriers to Free Goods Flows	38
Provincial Government Procurement Policies	40
Marketing Boards	42
Provincial Liquor Policies	44
Provincial Regulation of Trucking	46
Effects of Interregional Barriers to Factor Flows	48
Labour Mobility Restrictions	48
Distortions on the Capital Market	50
Interregional Effects of the Federal Tax System	52
Interregional Effects of Non-Tariff Trade Policies	55

CHAPTER 3

An Applied General Equilibrium Model of Regional Activity	61
Overview of Major Model Features	62
Levels of Aggregation in the Model	67
The Structure of Demands in the Model	69
The Treatment of Production	72
The Treatment of Interregional Labour Mobility	74
The Treatment of Foreign Trade	77
The Treatment of Policies	78
Equilibrium Conditions in the Model	81
Key Model Variants	83
Parameter Specification in the Model	86
Functional Forms and the Determination of Parameter Values Through Calibration	90
Computing Counterfactual Equilibria	94

CHAPTER 4

1981 Microconsistent Regional Data, Key Elasticities, and Other Parameter Values	99
Structure of the Benchmark Data Set and Basic Data Sources	99
Adjustments to Ensure Microconsistency	104
Modifications to the 1979 Provincial Input-Output Accounts	104
Updating to 1981	105
Incorporating Additional Detail	106
Summary Tables from the 1981 Regional Microconsistent Data Set	107
Data Treatment of Energy Taxes, Pricing, and Rents	112
Data on Policy Elements within Confederation	122
Tariff Data	122
Transportation Subsidies	122
Energy Policies	123
Equalization	125

Interprovincial Barriers	125
International Trade Elasticities	128
Interregional Trade Elasticities	129
Energy Elasticities	133
Other Commodity Demand and Production Side Elasticities	133
Factor Flow Elasticities	134
Public Good Elasticities	136

CHAPTER 5

Analyses of Regional Impacts of Policies	137
Regional Impacts of Canadian Tariffs	137
Regional Impacts of Transport Subsidies	147
Regional Impacts of Energy Policies	148
Regional Impacts of Equalization and Intergovernmental Transfers	155
Regional Impacts of Interregional Barriers	164
Procurement Policies	164
Marketing Boards	165
Provincial Liquor Policies	169
Provincial Regulation of Trucking	171
Labour Mobility Restrictions	173
Interregional Effects of the Federal Tax System	173
Partial Equilibrium Estimates	173
General Equilibrium Estimates	177
Interregional Effects from Other Policies	178
Conclusions	180

CHAPTER 6

Toward a Balance Sheet of Confederation	181
Balance Sheets, the Surplus from Confederation, and Other Conceptual Issues	181
Conceptual Issues with the Balance Sheet Approach	182
The Surplus from Confederation	183
Provincial Versus National Interests	186
Alternatives to Confederation	188
Evaluating Regional Gains and Losses Relative to the Next Best Alternative	190
Main Themes of Results and Their Implications for Balance Sheet Exercises	191
Tariffs and Trade Policies	192
Energy and Resources	192
Equalization and Established Programs Financing	194
Interregional Barriers	195
Regional Balance and Confederation	196
Concluding Remarks	199

APPENDIX **Federal-Provincial Policy Components
within Confederation 201**
