<b>8</b>	<b>THE EIGHTIES, MONETARISM IN PRACTICE</b>	<b>105</b>
	Measuring the money supply	105
	Monetary control	107
<b>9</b>	<b>THE EIGHTIES, ALTERNATIVES TO MONETARISM</b>	<b>111</b>
	Policies to restore full employment	111
	Focus on the exchange rate	114
	Policymaking with macroeconomic models	117

**PART 3: BRITAIN AND THE WORLD ECONOMY**

<b>10</b>	<b>THE WORLD ECONOMY 1974–87</b>	<b>123</b>
	International economic relations	123
	World inflation and the price of oil	127
	Slower growth of output and labour productivity	131
<b>11</b>	<b>THE BRITISH ECONOMY COMPARED WITH OTHERS</b>	<b>134</b>
	The United States of America	134
	The Federal Republic of Germany	141
	France	146
	Sweden	151
	Britain and the world economy	154

**PART 4: THE CONDUCT OF POLICY**

<b>12</b>	<b>INTRODUCTORY NOTE ON METHODS OF ANALYSIS</b>	<b>161</b>
	Estimating the effects of macroeconomic policy	164
<b>13</b>	<b>THE CONDUCT OF MONETARY POLICY</b>	<b>167</b>
	Setting short-term interest rates	168
	Estimation results using quarterly data	170

Estimation results using monthly data	176
History rewritten with the interest rate constant	180
The interaction between monetary policy and the economy	182
<b>APPENDIX TO CHAPTER 13</b>	<b>187</b>
The estimation of interest rate reaction functions	187
Quarterly data	187
Monthly data	189
<b>14 THE CONDUCT OF FISCAL POLICY</b>	<b>193</b>
Public spending and macroeconomic policy	194
Taxation	199
Budget judgements	203
Plans, promises and precommitment	208
The public sector balance sheet	211
The public sector deficit and its interpretation	214
A counterfactual simulation of fiscal policy	217
Can the course of fiscal policy be explained?	221
The fiscal-monetary mix	223
 <b>PART 5: THE OUTCOME FOR POLICY OBJECTIVES</b>	
<b>AN INTRODUCTION TO PART 5</b>	<b>229</b>
<b>15 EXTERNAL BALANCE AND THE EXCHANGE RATE</b>	<b>231</b>
The balance of payments	231
The volatility of the exchange rate	233
Interpretations of exchange rate behaviour	236
History rewritten with the exchange rate fixed	241
<b>16 UNEMPLOYMENT</b>	<b>245</b>
Full employment as a policy objective	245
Measuring unemployment	247
Other indices of excess supply of labour	249
Special employment measures	252
The trend rise in unemployment	253
Unemployment as the result of macroeconomic policy	260
<b>17 INFLATION</b>	<b>263</b>
Price stability as a policy objective	263
Inflation and the money supply	267
The anatomy of inflation	270
The causes of inflation in the United Kingdom	272
<b>18 OUTPUT GROWTH</b>	<b>282</b>
Economic growth as a policy objective	282

---

The anatomy of economic growth	284
Manufacturing productivity in the 1970s and the 1980s	287
Comparing performance across industries	290

## PART 6: CONCLUSIONS

19 CONCLUSIONS	297
What actually happened	297
The lessons of history	304
<i>Appendix: Calendar of main economic events</i>	311
<i>Charts of main economic indicators</i>	331
<i>Bibliographic notes</i>	337
<i>Index</i>	361

## LIST OF TABLES

11.1	Economic performance in the seven major economies 1960–87	<i>page</i> 155
13.1	The economy with a constant interest rate	181
13.2	Effects of an addition to public authorities' consumption	184
13.3	Effects of 2 per cent higher interest rates overseas	185
13.4	Effects of 2 per cent higher interest rates and inflation overseas	185
13.5	Effects of the 1979 shift in monetary policy	186
13.A1	Static equations using quarterly data	188
13.A2	Asymmetric estimates	191
13.A3	Dynamic equations for sub-periods	191
14.1	Public expenditure on goods and services	196
14.2	Transfers and subsidies	197
14.3	Taxation at current prices	200
14.4	Taxation at 1985 prices	201
14.5	Official economic forecasts and outturns 1975–87	204
14.6	Budget measures 1974–87	206
14.7	Inflation forecasts from the <i>National Institute Economic Review</i>	211
14.8	The public sector consolidated balance sheet	213
14.9	The public sector deficit, with adjustments	215
14.10	Counterfactual simulations of fiscal policy	220
14.11	Fiscal and monetary policy 1974–87	225
15.1	The balance of payments on current account	232
15.2	Levels of United Kingdom external assets and liabilities	233
15.3	Exchange rate changes	234
15.4	Exchange rate forecasts (or assumptions) in the <i>National Institute Economic Review</i>	235
15.5	Some structural effects on the balance of payments	240
15.6	The economy with a fixed exchange rate	242
16.1	Two definitions of unemployment	248
16.2	Indicators of United Kingdom labour market	250
16.3	The growth of earnings	251
16.4	Special employment measures	255
16.5	Unemployment benefit rates	257

---

17.1	Inflation and growth in OECD countries	264
17.2	The growth of the money supply	268
17.3	Indices of costs and prices	271
17.4	Price equations with and without capacity utilisation	277
18.1	Growth rates of output and productivity	285
18.2	Output by industry	285
18.3	Manufacturing output	287
18.4	Growth rates of productivity by selected industries 1971-86	291
18.5	Productivity growth compared across industries: cross-section regression coefficients	292

## LIST OF CHARTS

13.1	UK interest rates (Treasury bill yield)	170
13.2	World interest rate	171
13.3	UK inflation rate	171
13.4	Unemployment – deviation from trend	172
13.5	Real exchange rate	173
13.6	Nominal GDP – deviation from trend	173
15.1	Effective exchange rates for UK, Germany and France	238
15.2	Effective exchange rates for US and Japan	239
A.1	Growth rates of GDP	331
A.2	Unemployment	331
A.3	Vacancies	332
A.4	Inflation	332
A.5	Balance of payments on current account	333
A.6	Exchange rate index	333
A.7	Relative export index	334
A.8	Interest rates	334
A.9	Monetary growth (M <sub>4</sub> )	335
A.10	General government financial balance	335
