<i>Preface and acknowledgements</i>	xv
1 Overview <i>Michael Ellman and Vladimir Kontorovich</i>	1
Part I Economics, politics and society	
2 The Soviet economy and international politics <i>Russell Bova</i>	43
3 Social and moral aspects of the crisis: their sources and consequences <i>Iurii Levada</i>	59
Part II Macroeconomic developments	
4 Economic growth in the 1980s <i>Grigorii Khanin</i>	73
5 Soviet consumption in the 1980s: a tale of woe <i>Gertrude E. Schroeder</i>	86
6 Money in the 1980s: from disequilibrium to collapse <i>Michael Ellman</i>	106

Part III Regions and sectors

- | | | |
|----|-------------------------------------------------------------------------------------------|-----|
| 7 | The Central Asian economy in comparative perspective
<i>Alastair McAuley</i> | 137 |
| 8 | Allocation of investment among Soviet republics in the
1980s
<i>John P. Burkett</i> | 157 |
| 9 | The railroads
<i>Vladimir Kontorovich</i> | 174 |
| 10 | Agriculture's role in the Soviet economic crisis
<i>Edward C. Cook</i> | 193 |
| 11 | Technological progress and research and development
<i>Vladimir Kontorovich</i> | 217 |

Part IV Quality of life

- | | | |
|----|---------------------------------------------------------------------|-----|
| 12 | The environment: from stagnation to collapse
<i>Zeev Wolfson</i> | 241 |
| 13 | Health
<i>W. Ward Kingkade</i> | 251 |
| | <i>Name Index</i> | 271 |
| | <i>Subject Index</i> | 274 |

Figures

6.1	Comparative growth of the GNP and the money supply (M_3) in the USSR, 1979–90	107
6.2	Cash in circulation in the USSR, 1981–91	123
10.1	Average annual growth in agricultural production in the USSR, 1966–90	197
10.2	Percentage of planned deliveries of meat and butter actually delivered, January–October 1990	210
10.3	Deliveries of meat to All-Union food supplies, 1986–90	211
10.4	Price index for collective farm markets in the USSR, 1987–90	211
10.5	Price index for collective farm markets in the USSR, 1990, by month (per-cent change compared with corresponding month of previous year)	212

Tables

4.1	Indices of the main economic indicators of the Soviet economy, 1981–90	78
5.1	Comparison of Soviet official and CIA measures of the growth of real consumption per capita, 1951–89	88
5.2	Growth of consumption per capita in the USSR, 1951–89	91
5.3	Change in patterns of consumption in the USSR, 1970–89	94
6.1	Growth of money and credit in the USSR, 1981–90	108
6.2	Magnitude of the USSR budget deficit, 1985–9	114
6.3	Distribution of enterprise profit in the USSR before and after the 1987 reform	115
6.4	State internal debt in the USSR, 1985–90 (debt at year end)	120
6.5	Monetary emission, 1971–90	121
6.6	Monetary emission and the incomes and expenditure of the population, 1985–90	122
7.1	Urban population as a proportion of the total in the USSR, Central Asia, Iran and Turkey – various years	138
7.2	The structure of employment in the USSR, Central Asia, Iran and Turkey – various years	140
7.3	Per capita consumption in various countries, 1975–85	143
7.4	Living standards in the USSR and Central Asia, 1985	144
7.5	Per capita total income in selected regions of the USSR, 1975–88	145
7.6	Distribution of the population by per capita total income in the USSR and Central Asia, 1988	146
7.7	Infant deaths per thousand live births in the USSR and selected countries, 1970–88	149

7.8	Life expectancy (years) at birth in the USSR, Central Asia, Iran and Turkey, 1979–85	150
7.9	Illiteracy rates in the USSR and Central Asia, 1979	151
7.10	GDP per capita for selected countries, 1980 (using the physical indicators method)	154
8.1	OLS regression estimates for the Soviet republics, 1980–4	160
8.2	OLS regression estimates for the Soviet republics, 1985–8	161
8.3	OLS regression estimates for the Soviet republics, 1980–8	162
8.4	Information contract curve estimates for 1985–8	163
8.5	Investment in the USSR, 1979–88	166
8.6	National income in the USSR, 1979–88	167
8.7	Capital stock in the USSR, 1979–88	168
8.8	Population in the USSR, 1979–88	169
8.9	Direct and reverse regression estimates for 1980–4	171
9.1	Railroad freight services and sources of their growth, 1971–90	176
9.2	Quarterly freight shipments, 1982–90	177
9.3	Growth rates of quarterly freight shipments, 1983–90, relative to the same quarter of the previous year	177
9.4	Quarterly rail freight traffic, 1978–90	178
9.5	Growth rates of quarterly freight traffic, 1979–90, relative to the same quarter of the previous year	178
9.6	Correlation between freight car turnaround time and train speed, 1963–90	187
10.1	Investment in agriculture, total investment, and agriculture's share of total investment in the USSR, 1961–90	194
10.2	Input availability in Soviet agriculture, 1985–8	194
10.3	Shares of total production costs of the agro-industrial complex by sector for the USSR and selected countries, average for 1975–80	195
10.4	Soviet agricultural imports, 1974–89	196
10.5	Prime costs of production (<i>sebestoimost'</i>) of major agricultural commodities on collective farms, and annual percentage increases of costs, 1965–89	198
10.6	Prime costs of production (<i>sebestoimost'</i>) of major agricultural commodities on state farms, and annual percentage increases of costs, 1965–89	198
10.7	Average yield of major crops in the USSR (by 5-year periods), 1966–89, and recent comparable US yields, 1986–8	199

10.8	Average livestock productivity measures (by 5-year periods), 1966–89, and recent comparable US yields, 1986–8	200
10.9	Debt outstanding at end year for collective and state farms, and inter-farm enterprises, 1965–88	200
10.10	Gross payments to the agro-industrial complex from the state budget, 1982–90	201
10.11	Farm profits in the USSR, 1980–8	202
10.12	Payments to the state budget from the agro-industrial complex, 1982–90	202
10.13	Net payments from the state budget to the agro-industrial complex, 1982–90	203
10.14	Gross income and labour remuneration per worker by farm profitability – collective farms, 1984	205
10.15	Share of gross income allocated to investment funds, and gross income and wage payments per labour day on collective farms, 1984	206
10.16	Influence of supplemental price payments on the financial results of collective farms in Voronezh oblast, 1984–6 average	206
10.17	Fixed assets, investment and gross output in agriculture in the Ukraine and the non-black-soil zone (NBSZ) of the RSFSR, 1985–7	208
10.18	Nominal money income of the population of the USSR, 1986–90, and annual percentage increase	209
11.1	Number of implemented innovations and their impact, 1961–88, by category (average annual growth rates)	221
11.2	Age groups: percentage share in total finished output of machine-building ministries, 1965–89	222
11.3	Number of prototypes of machines and instruments created, 1951–89 (growth rate relative to the previous period)	226
11.4	Number of new industrial products put into production, 1971–89 (growth rates relative to the previous 5-year period)	227
11.5	Decisions on industrial production of new models, as percentage shares of all prototypes created, 1980–8	228
11.6	Prototypes put into production, as a percentage share of all prototypes created, 1971–89	229
11.7	Investment in fixed productive assets, 1961–88 (average annual growth rate)	232
13.1	Official life expectancies at birth in the USSR and selected countries, 1970–89	252

13.2	Percentage of state budget expenditure allocated to health care and public health in the USSR and selected countries, 1960–85	253
13.3	Official life expectancies at birth for USSR union republics and US racial groups, 1969–89	255
13.4	Official standardized mortality rates in the USSR and union republics, 1980–8	257
13.5	Infectious disease rates in the USSR and USA, 1970–89	260
13.6	Working days missed due to illness in the USSR, 1980–5	262
13.7	Coverage of population by periodic medical observation in the USSR and union republics, 1970–88	264
13.8	Production of medical equipment and supplies in the USSR, 1985–9	266
