Cognitive, Social, and Individual Constraints on Linguistic Variation

A Case Study of Presentational ‚Haber‘
Pluralization in Caribbean Spanish

DE GRUYTER
MOUTON

Contents

1 Introduction — 3

Part A: Preliminaries

2 Presentational *haber* pluralization — 13

- 2.1 Earlier studies in (perceptual) dialectology — 13
- 2.2 Earlier studies in variationist sociolinguistics — 17
- 2.3 Summary — 27

3 Cognitive Construction Grammar and language variation — 31

- 3.1 Cognitive Construction Grammar — 31
- 3.2 Cognitive Construction Grammar and language variation — 37
- 3.3 Summary — 45

4 Research questions and hypotheses — 49

- 4.1 Research questions — 49
- 4.2 Hypotheses — 50
- 4.3 Summary — 57

5 Methodology — 61

- 5.1 Judgment sample, selection criteria, and stratification variables — 61
- 5.2 Fieldwork methods — 66
- 5.3 Transcription, selection of cases, and envelope of variation — 72
- 5.4 Statistical toolkit — 76
- 5.5 Comparative sociolinguistics — 83
- 5.6 Summary — 85

6 Semantic and syntactic properties of presentational *haber* — 89

- 6.1 The meaning of the presentational *haber* constructions: POINTING-OUT — 89
- 6.2 The nominal argument — 90
- 6.3 The adverbial phrase — 110
- 6.4 Implicit nominal arguments and adverbial phrases — 114
- 6.5 Summary and box diagrams — 115

Part B: Cognitive, social, and individual constraints on presentational *haber* pluralization

7	Cognitive constraints on presentational <i>haber</i> pluralization	— 121
7.1	Structure of the corpus and the regression models	— 121
7.2	Markedness of coding	— 129
7.3	Statistical preemption	— 133
7.4	Structural priming	— 142
7.5	Interaction between the linguistic predictors	— 145
7.6	Relative importance of the linguistic predictors	— 157
7.7	Summary	— 158
8	Social constraints on presentational <i>haber</i> pluralization	— 163
8.1	Social constraints: Age, education, and gender	— 163
8.2	Linguistic predictors across social groups	— 169
8.3	Relative importance of the linguistic predictors across social groups	— 176
8.4	Summary	— 180
9	Individual constraints on presentational <i>haber</i> pluralization	— 183
9.1	Distribution across individuals	— 183
9.2	Random intercepts, slopes, and participant-specific regression coefficients	— 190
9.3	Linguistic predictors across individuals	— 197
9.4	The behavior of the Havana university graduates	— 203
9.5	Summary	— 207
10	Cognitive, social, and individual constraints on presentational <i>haber</i> pluralization	— 211
10.1	Cognitive constraints	— 211
10.2	Social constraints	— 213
10.3	Individual constraints	— 214
10.4	Conclusion	— 215
	References	— 219
	Index	— 233
