Gilbert Sauvé

Editor

Molluscan Shellfish Safety

Proceedings of the 8th ICMSS,
Charlottetown, PEI, Canada,
June 12–17, 2011

 Springer

Table of Contents/Table des matières

1	Recent International Efforts to Improve Bivalve Molluscan Shellfish Safety	1
	Iddya Karunasagar	
Part I Management and Regulation/Gestion et la réglementation		
2	Evolution of PSP Toxicity in Shellfish from the Beagle Channel (Tierra del Fuego, Argentina): An Overview	15
	Alejandra Beatriz Goya and Santiago Maldonado	
3	Storage and Detoxification of Bivalve Molluscs as a Tool in a Marketing Strategy	25
	J. Haure, J. Hussenot, F. Buzin, Patrick Lassus, C. Marcaillou, F. Mondeguer, V. Séchet, F. Royer, Zouher Amzil, M. Cardinal, L. Le Grel, A. Massé, N.E. Sabiri, J.B. Castaing, and P. Jaouen	
4	Molluscan Shellfish Safety in South America	39
	Dinorah Medina, Alejandra Beatriz Goya, and Claudia Rozas	
5	Mitigating the Impacts of Paralytic Shellfish Poisoning During Harmful Algal Bloom Episodes in the Philippines	47
	Ulysses M. Montojo, Marc Lawrence J. Romero, Ronald Jefferson A. Narceda, and Noime S. Walican	
6	New Zealand Aquaculture Industry Initiative: Collingwood Case Study	65
	Helen Smale	

7	Regulatory Perspective in Translating Science into Policy: Challenges in Utilizing Risk Assessment for the Elaboration of Codex Standards of Shellfish Safety	73
	Hajime Toyofuku	
8	Defining a Sampling Strategy for Okadaic Acid (OA) Toxins in Shellfish to Determine the Human Health Status of a Growing Area	89
	Nathalie Wesolek, François-Gilles Carpentier, Dominique Parent-Massin, and Alain-Claude Roudot	
Part II Health Risk Assessment/Évaluation de risques à la santé		
9	Contribution of Shellfish Consumption to the Dietary Exposure of the French Population to Chemical Contaminants	103
	Nathalie Arnich, Véronique Sirot, and Jean-Charles Leblanc	
10	Probabilistic Exposure Assessment to Phycotoxins by Recreational Shellfish Harvesters: Results and Influence of Shellfish Species and the Cooking Process	111
	Cyndie Picot, G. Limon, G. Durand, Dominique Parent-Massin, and Alain-Claude Roudot	
11	<i>Vibrio parahaemolyticus</i> Risk Management in Japan	129
	Hajime Toyofuku	
12	Distribution of Cd, Pb, As and Hg in Oyster Tissue, Sediment and Water in Lingayen Gulf, Philippines	137
	Reivin T. Vinarao, Gielenny M. Salem, and Rosario J. Ragaza	
Part III Enteric Viruses/Virus entériques		
13	Proposed Draft Guidelines for the Application of General Principles of Food Hygiene to Control of Viruses in Food	157
	Ingeborg L.A. Boxman	
14	Bioaccumulation and Removal Dynamics of Murine Norovirus in Manila Clams (<i>Venerupis philippinarum</i>) and Mussels (<i>Mytilus galloprovincialis</i>)	165
	D. Polo, C. Álvarez, J. Díez, C.F. Manso, M. Angulo, M.L. Vilariño, S. Darriba, A. Longa, and J.L. Romalde	
15	Detection of Enteric Viruses in Shellfish	177
	Gary P. Richards, Dean O. Cliver [†] , and Gail E. Greening	

Part IV Chemical Analytical Methods/Méthodes d'analyse chimique

- 16 Searching for Internal Standard for Chemical Routine
Analysis of Lipophilic Shellfish Toxins 187
Trude S. Guldborg, T. Hatlen, and K. Aarstad
- 17 Effect of Dilution Rate on *Azadinium spinosum* and Azaspiracid (AZA) Production in Pilot Scale Photobioreactors for the Harvest of AZA1 and -2 197
T. Jauffrais, V. Séchet, P. Truquet, Zouher Amzil, C. Herrenknecht, and P. Hess
- 18 A Comparison of Assay Techniques for the Analysis of Diarrhetic Shellfish Poisoning Toxins in Shellfish 205
R. Raine, A.M. Wilson, G. Hermann, and J.P. Lacaze

Part V Metabolism of Toxins in Molluscan Shellfish/Métabolisme des toxines dans les coquillages

- 19 Accumulation of Okadaic Acid and Detoxifying Enzymes in the Digestive Gland of *Mytilus galloprovincialis* During Exposure to DSP 217
A. Vidal, Y. Ruiz, P. Suárez, Ana Alonso Martinez, A.E. Rossignoli, J. Blanco, O. Garcia, and F. San Juan

Part VI Chemical Contaminants/Polluants chimiques

- 20 *In Vitro* Toxicity and Histopathological Effects Induced in the Mantle Tissue of Males of *Mytilus galloprovincialis* During Short-Term Exposure to a Tar Mixture 229
Ana Alonso Martinez, P. Suárez, Y. Ruiz, A. Vidal, and F. San Juan
- 21 Histopathological Alterations of the Mantle of *Mytilus galloprovincialis* from the Ria of Vigo (NW Spain): Effect of Persistent Chemicals? 239
Y. Ruiz, P. Suárez, Ana Alonso Martinez, A. Vidal, and F. San Juan

Appendices – Round Table Summaries 249
