# **Inventory of Estimated Budgetary Support and Tax Expenditures for Fossil Fuels**

## TABLE OF CONTENTS

Foreword .....	3
Acknowledgements .....	5
Abbreviations .....	15
Currency abbreviations .....	16
<b>EXECUTIVE SUMMARY</b> .....	17
The need for an inventory .....	17
How fossil fuels are supported in OECD countries .....	18
<b>1. INTRODUCTION</b> .....	21
Structure of the report .....	24
Coverage, method and data sources .....	25
Interpretation of the data .....	31
Types of tax expenditures relating to fossil fuels .....	31
Measurement and interpretation of tax expenditures .....	37
International comparability .....	41
References .....	42
<b>2. AUSTRALIA</b> .....	45
Energy resources and market structure .....	47
Prices, taxes and support mechanisms .....	48
Data documentation .....	49
General notes .....	49
Producer Support Estimate .....	49
Consumer Support Estimate .....	53
General Services Support Estimate .....	57
References .....	57
<b>3. BELGIUM</b> .....	63
Energy resources and market structure .....	65
Prices, taxes and support mechanisms .....	65
Data documentation .....	66
General notes .....	66
Producer Support Estimate .....	66
Consumer Support Estimate .....	66
References .....	69

<b>4. CANADA</b> .....	73
Energy resources and market structure.....	75
Prices, taxes and support mechanisms.....	76
Data documentation.....	77
General notes .....	77
Producer Support Estimate .....	77
Consumer Support Estimate .....	85
General Services Support Estimate.....	87
References.....	88
<b>5. CHILE</b> .....	93
Energy resources and market structure.....	95
Prices, taxes and support mechanisms.....	96
Data documentation.....	97
General notes.....	97
Consumer Support Estimate.....	97
References .....	100
<b>6. FRANCE</b> .....	101
Energy resources and market structure.....	103
Prices, taxes and support mechanisms.....	104
Data documentation.....	105
General notes .....	105
Producer Support Estimate .....	105
Consumer Support Estimate .....	107
General Services Support Estimate.....	112
References.....	113
<b>7. GERMANY</b> .....	119
Energy resources and market structure.....	121
Prices, taxes and support mechanisms.....	122
Data documentation.....	123
General notes .....	123
Producer Support Estimate .....	124
Consumer Support Estimate .....	128
General Services Support Estimate.....	131
References.....	133
<b>8. HUNGARY</b> .....	139
Energy resources and market structure.....	141
Prices, taxes and support mechanisms.....	141
Data documentation.....	142
General notes .....	142
Producer Support Estimate .....	142
Consumer Support Estimate .....	143
General Services Support Estimate.....	143
References.....	144

<b>9. ICELAND</b> .....	149
Energy resources and market structure.....	151
Prices, taxes and support mechanisms.....	152
Data documentation.....	153
General notes .....	153
Consumer Support Estimate .....	153
References.....	153
<b>10. IRELAND</b> .....	155
Energy resources and market structure.....	157
Prices, taxes and support mechanisms.....	157
Data documentation.....	158
General notes .....	158
Producer Support Estimate .....	158
Consumer Support Estimate .....	159
References.....	159
<b>11. ISRAEL</b> .....	163
Energy resources and market structure.....	165
Prices, taxes and support mechanisms.....	166
Data documentation.....	167
General notes .....	167
Producer Support Estimate .....	167
Consumer Support Estimate .....	169
General Services Support Estimate.....	170
References.....	170
<b>12. ITALY</b> .....	175
Energy resources and market structure.....	177
Prices, taxes and support mechanisms.....	178
Data documentation.....	178
General notes .....	178
Producer Support Estimate .....	179
Consumer Support Estimate .....	179
References.....	181
<b>13. JAPAN</b> .....	185
Energy resources and market structure.....	187
Prices, taxes and support mechanisms.....	188
Data documentation.....	189
General notes .....	189
Producer Support Estimate .....	189
Consumer Support Estimate .....	191
General Services Support Estimate.....	191
References.....	192
<b>14. KOREA</b> .....	197
Energy resources and market structure.....	199
Prices, taxes and support mechanisms.....	200
Data documentation.....	201

General notes .....	201
Producer Support Estimate .....	201
Consumer Support Estimate .....	202
General Services Support Estimate.....	203
References.....	205
<b>15. LUXEMBOURG .....</b>	<b>211</b>
Energy resources and market structure.....	213
Prices, taxes and support mechanisms.....	213
Data documentation.....	214
General notes .....	214
Consumer Support Estimate .....	214
References.....	215
<b>16. MEXICO .....</b>	<b>217</b>
Energy resources and market structure.....	219
Prices, taxes and support mechanisms.....	220
Data documentation.....	220
General notes .....	220
Consumer Support Estimate .....	221
References.....	222
<b>17. NETHERLANDS.....</b>	<b>225</b>
Energy resources and market structure.....	227
Prices, taxes and support mechanisms.....	228
Data documentation.....	228
General notes .....	228
Producer Support Estimate .....	228
Consumer Support Estimate .....	229
References.....	230
<b>18. NEW ZEALAND .....</b>	<b>235</b>
Energy resources and market structure.....	237
Prices, taxes and support mechanisms.....	237
Data documentation.....	238
General notes .....	238
Producer Support Estimate .....	238
Consumer Support Estimate .....	241
General Services Support Estimate.....	242
References.....	244
<b>19. NORWAY .....</b>	<b>249</b>
Energy resources and market structure.....	251
Prices, taxes and support mechanisms.....	252
Data documentation.....	253
General notes .....	253
Producer Support Estimate .....	253
Consumer Support Estimate .....	253
General Services Support Estimate.....	256
References.....	257

<b>20. POLAND</b> .....	265
Energy resources and market structure.....	267
Prices, taxes and support mechanisms.....	268
Data documentation.....	269
General notes .....	269
Producer Support Estimate .....	269
Consumer Support Estimate .....	273
General Services Support Estimate.....	274
References.....	277
<b>21. SPAIN</b> .....	281
Energy resources and market structure.....	283
Prices, taxes and support mechanisms.....	284
Data documentation.....	284
General notes .....	284
Producer Support Estimate .....	285
Consumer Support Estimate .....	286
General Services Support Estimate.....	287
References.....	287
<b>22. SWEDEN</b> .....	291
Energy resources and market structure.....	293
Prices, taxes and support mechanisms.....	294
Data documentation.....	294
General notes .....	294
Producer Support Estimates.....	294
Consumer Support Estimates.....	294
References.....	299
<b>23. TURKEY</b> .....	305
Energy resources and market structure.....	307
Prices, taxes and support mechanisms.....	308
Data documentation.....	309
Producer Support Estimate .....	309
Consumer Support Estimate .....	310
References.....	311
<b>24. UNITED KINGDOM</b> .....	317
Energy resources and market structure.....	319
Prices, taxes and support mechanisms.....	320
Data documentation.....	321
General notes .....	321
Producer Support Estimate .....	321
Consumer Support Estimate .....	325
General Services Support Estimate.....	325
References.....	326
<b>25. UNITED STATES</b> .....	331
Energy resources and market structure.....	333
Prices, taxes and support mechanisms.....	334

Data documentation.....	336
General notes .....	336
Producer Support Estimate .....	336
Consumer Support Estimate .....	345
General Services Support Estimate.....	352

## Tables

Table 1.1. MFN tariffs applied by OECD countries on imported hydrocarbon fuels, as of 1 January 2011.....	28
Table 1.2. MFN tariffs applied by OECD countries on imported solid fossil fuels, as of 1 January 2011.....	29
Table 2.1. Summary of fossil-fuel support to coal – Australia .....	60
Table 2.2. Summary of fossil-fuel support to petroleum – Australia.....	61
Table 2.3. Summary of fossil-fuel support to natural gas – Australia .....	62
Table 3.1. Summary of fossil-fuel support to petroleum – Belgium.....	71
Table 3.2. Summary of fossil-fuel support to natural gas – Belgium .....	72
Table 4.1. Summary of fossil-fuel support to coal – Canada.....	90
Table 4.2. Summary of fossil-fuel support to petroleum – Canada .....	91
Table 4.3. Summary of fossil-fuel support to natural gas – Canada .....	92
Table 6.1. Summary of fossil-fuel support to coal – France.....	115
Table 6.2. Summary of fossil-fuel support to petroleum – France .....	116
Table 6.3. Summary of fossil-fuel support to natural gas – France .....	117
Table 7.1. Summary of fossil-fuel support to coal – Germany.....	136
Table 7.2. Summary of fossil-fuel support to petroleum – Germany .....	137
Table 7.3. Summary of fossil-fuel support to natural gas – Germany .....	138
Table 8.1. Summary of fossil-fuel support to coal – Hungary.....	146
Table 8.2. Summary of fossil-fuel support to petroleum – Hungary .....	147
Table 8.3. Summary of fossil-fuel support to natural gas – Hungary .....	148
Table 10.1. Summary of fossil-fuel support to coal – Ireland .....	161
Table 11.1. Summary of fossil-fuel support to petroleum – Israel .....	172
Table 11.2. Summary of fossil-fuel support to natural gas – Israel .....	173
Table 12.1. Summary of fossil-fuel support to petroleum – Italy .....	183
Table 12.2. Summary of fossil-fuel support to natural gas – Italy.....	184
Table 13.1. Energy-related taxes in Japan, 2001 and 2009.....	189
Table 13.2. Summary of fossil-fuel support to petroleum – Japan .....	195
Table 13.3. Summary of fossil-fuel support to natural gas – Japan.....	196
Table 14.1. Summary of fossil-fuel support to coal – Korea .....	207
Table 14.2. Summary of fossil-fuel support to petroleum – Korea.....	208
Table 14.3. Summary of fossil-fuel support to natural gas – Korea .....	209
Table 16.1. Summary of fossil-fuel support to petroleum – Mexico .....	224
Table 17.1. Summary of fossil-fuel support to petroleum – Netherlands.....	233
Table 17.2. Summary of fossil-fuel support to natural gas – Netherlands.....	234
Table 18.1. Summary of fossil-fuel support to petroleum – New Zealand.....	246
Table 18.2. Summary of fossil-fuel support to natural gas – New Zealand.....	247
Table 19.1. Summary of fossil-fuel support to coal – Norway .....	261
