| Foreword | .xi |
| Acknowledgments | xv |
| Glossary | xvii |
| Abbreviations. | xix |
| OVERVIEW | 1 |
| Emerging Growth Poles Will Alter the Balance of Global Growth | 2 |
| Emerging-Market Multinationals Becoming a Potent Force in Reshaping the Process of Industrial Globalization | 4 |
| Multipolar International Economy to Lead to a Larger Role for the Euro and, in the Long Term, for the Renminbi | 6 |
| Multipolarity to Bring Benefits and New Challenges to the Developing World | 9 |
| CHAPTER 1: Changing Growth Poles and Financial Positions | 13 |
| Growth Poles and the Global Macroeconomy in the Postcrisis Era | 14 |
| The Character of Growth in the Potential Emerging Economy Poles | 24 |
| Dynamics of New Growth Poles: Implications for Domestic Output, Trade Flow Patterns, and Global Payments Imbalances | 36 |
| Growth Poles and Multipolarity in the Future World Economy | 45 |
| Policy Challenges and the Development Agenda | 47 |
| Annexes. | 51 |
| Notes. | 62 |
| References | 65 |
| CHAPTER 2: The Changing Global Corporate Landscape | 73 |
| Emerging-Market Multinationals: Agents of Change in a Multipolar World | 75 |

| | |
|---|-----|
| The Growth and Globalization of Emerging-Market Corporate Finance | 89 |
| Devising an Effective Framework for Cross-Border Investment | 104 |
| Annexes | 108 |
| Notes | 118 |
| References | 120 |

| | |
|--|-----|
| CHAPTER 3: Multipolarity in International Finance | 125 |
| International Currency Use | 127 |
| Moving to a Multicurrency International Monetary System | 133 |
| The Shape of Things to Come: Some Scenarios for a Future International Monetary System . . . | 142 |
| A Path toward Improved Institutional Management of a Multipolar World | 147 |
| Conclusion | 151 |
| Annexes | 153 |
| Notes | 155 |
| References | 157 |

Boxes

| | | |
|------------|---|-----|
| 1.1 | What is a growth pole? Defining poles in theory and practice | 16 |
| 1.2 | Growth poles at the regional level | 21 |
| 1.3 | Proximate and fundamental factors related to multidimensional growth polarity | 22 |
| 1.4 | Suggestive evidence of successful transitions to consumption-driven growth | 35 |
| 1.5 | Modeling the current account and growth process | 38 |
| 1.6 | Multipolarity and commodities | 50 |
| 2.1 | Empirical analysis of cross-border bilateral M&A flows from emerging economies | 87 |
| 2.2 | The global expansion of cross-border financial transactions | 90 |
| 2.3 | Data on international bond issues by firms | 100 |
| 2.4 | Econometric estimations of corporate bond spreads | 102 |
| 2.5 | The long history of failed negotiations over a multilateral investment framework | 105 |
| 3.1 | Historically, one national currency has played a global role—or at most, a few national currencies | 129 |
| 3.2 | Benefits from currency internationalization | 135 |
| 3.3 | The changing external financial position of developing countries | 143 |

Figures

| | | |
|------------|--|----|
| 1.1 | Channels of growth spillovers from a growth pole | 17 |
| 1.2 | Historical evolution of simple growth polarity, selected economies, 1–2008 | 18 |
| 1.3 | Modern evolution of multidimensional growth polarity, selected advanced and emerging economies, 1969–2008 | 19 |
| 1.4 | Evolution of multipolarity, alternative indexes, 1968–2008 | 23 |
| 1.5 | Global distribution of growth poles, 1994–98 and 2004–08 | 24 |
| 1.6 | Total factor productivity contribution to growth, selected potential poles | 26 |
| 1.7 | Technological innovation, selected potential emerging economy poles | 27 |
