

Markus Pastinen

# High-Performance Process Improvement

 Springer

# Contents

<b>1</b>	<b>High-Performance Process Improvement Fundamentals</b>	<b>1</b>
1.1	Why is Process Improvement an Enormous Waste of Resources and Opportunities?	2
1.2	Why are the Process Improvement Methods Outdated?	6
1.3	The Critical Questions the Business Books Missed to Ask and Answer: Until Now	8
1.4	The Current and Prospective State of Process Improvement Methods	9
1.5	The Research and Development Work and its Result	10
1.6	The Size of the Improvement Momentum Toyota Loses Every Day and the Momentum Your Company Could Gain Every Day	12
1.7	Designing High-Performance Process Improvement Methods	18
1.8	Defining the Performance Requirements of High-Performance Process Improvement Efforts	19
1.9	Summary and Concluding Remarks	21
<b>2</b>	<b>High-Performance Process Improvement Concepts</b>	<b>25</b>
2.1	Key Definitions	25
2.2	Delivery of Value	27
2.2.1	Delivery of Value from a Holistic Perspective	27
2.2.2	Delivery of Value from a Key Stakeholder Perspective	31
2.3	The Kernel of High-Performance Process Improvement	40
2.4	The Process and Total Improvement Yield	43
2.4.1	The Process Improvement Yield Concept	44
2.4.2	The Total Improvement Yield Concept	46
2.5	Summary and Concluding Remarks	47

<b>3</b>	<b>Design Concepts of the High-Performance Process</b>	
	<b>Improvement Process</b> . . . . .	49
3.1	Standardization and Manageability . . . . .	50
3.2	Optimizing the Interaction of the Process Components . . . . .	51
3.2.1	People . . . . .	52
3.2.2	Technology . . . . .	55
3.2.3	Information . . . . .	56
3.3	Applying the Concept of Reverse Engineering . . . . .	56
3.4	The Total Picture . . . . .	61
3.5	Assuring the Quality of the Experts in Charge of the High-Performance Process Improvement Process . . . . .	63
3.6	Summary and Concluding Remarks . . . . .	64
<b>4</b>	<b>Network and Company Analysis and Synthesis</b> . . . . .	67
4.1	Introduction . . . . .	67
4.2	The Process Flow . . . . .	69
4.3	The Data Collection and Analysis Criteria . . . . .	71
4.3.1	The Functional Perspective . . . . .	71
4.3.2	The Operational Perspective . . . . .	72
4.3.3	The Time Space Perspective . . . . .	73
4.3.4	Data Collection Criteria Case . . . . .	73
4.3.5	Data Collection Concerns . . . . .	78
4.4	The Synthesis . . . . .	82
4.5	The T and V Values . . . . .	86
4.6	Summary and Concluding Remarks . . . . .	88
<b>5</b>	<b>Process Analysis and Synthesis</b> . . . . .	91
5.1	Introduction . . . . .	92
5.2	Overview . . . . .	95
5.2.1	The VISTALIZER <sup>®</sup> for Consultants Concept . . . . .	97
5.2.2	The VISTALIZER <sup>®</sup> for Process Analysis and Synthesis Framework . . . . .	97
5.3	Phase 1: Initiation and Modeling . . . . .	102
5.3.1	Initiation of the Analysis (Phase 1.1) . . . . .	103
5.3.2	Modeling of the Focus Process (Phase 1.2) . . . . .	103
5.3.3	Scope Definition and Data Collection Planning (Phase 1.3) . . . . .	108
5.4	Phase 2: Data Collection and Basic Definitions . . . . .	109
5.4.1	Determination of the Process Performance Parameters (Phase 2.1) . . . . .	110
5.4.2	Creation of the Impact Field (Phase 2.2) . . . . .	118
5.4.3	Giving Priority to the Analysis Parameters (Phase 2.3) . . . . .	125
5.4.4	Calculation of Criterion 1 and the Reliability Index of the Impact Field (Phase 2.4) . . . . .	128

5.4.5	Planning for the External Analysis (Phase 2.5) . . . . .	130
5.4.6	Setting the Objectives and Evaluation of the Preliminary Monetary Gains (Phase 2.6) . . . . .	133
5.5	Phase 3: Sub-process Specific Improvement Plans . . . . .	138
5.5.1	Analysis of the Specific Sub-processes (Phase 3.1) . . . . .	138
5.5.2	Complementing the Sub-process Specific Analysis (Phase 3.2) . . . . .	144
5.5.3	The Optional External Analysis (Phase 3.3) . . . . .	147
5.6	Phase 4: The Synthesis and Creation of the VISTALIZER <sup>®</sup> Report . . . . .	149
5.6.1	Processing the Analysis Information and Calibrating Management Expectations (Phase 4.1) . . . . .	150
5.6.2	Presynthesis (Phase 4.2) . . . . .	163
5.6.3	Creation of the VISTALIZER <sup>®</sup> Report (Phase 4.3) . . . . .	163
5.6.4	Delivery, Presentation and Confirmation of the VISTALIZER <sup>®</sup> Report (Phase 4.4) . . . . .	166
5.7	The T and V Values . . . . .	166
5.8	Summary and Concluding Remarks . . . . .	168
<b>6</b>	<b>The Implementation</b> . . . . .	<b>171</b>
6.1	Increasing and Maintaining the Knowledge and Skill Base . . . . .	173
6.1.1	Increasing and Maintaining the Knowledge Base . . . . .	174
6.1.2	Increasing and Maintaining the Skill Base . . . . .	182
6.2	The Realization . . . . .	192
6.3	The Follow-Up . . . . .	192
6.4	The T and V Values . . . . .	195
6.5	Summary and Concluding Remarks . . . . .	196
<b>7</b>	<b>Derivative Concepts and Future Outlines</b> . . . . .	<b>199</b>
7.1	Strategy and Strategy Process Improvement . . . . .	200
7.1.1	The Strategy Improvement Concept . . . . .	201
7.1.2	Strategy Process Analysis and Synthesis . . . . .	202
7.2	Acid Tests . . . . .	205
7.3	Future Outlines of High-Performance Process Improvement . . . . .	206
7.4	Summary and Concluding Remarks . . . . .	209
	<b>References</b> . . . . .	<b>211</b>
	<b>Index</b> . . . . .	<b>213</b>
