

Quantitative Approaches to Multidimensional Poverty Measurement

Edited by

Nanak Kakwani

University of Sydney

Former Director, International Poverty Centre, Brazil

and

Jacques Silber

Bar-Ilan University, Israel

palgrave
macmillan

UNDP financial support to the International Poverty Centre for holding the International Conference on 'The Many Dimensions of Poverty' and the preparation of the papers in this volume is gratefully acknowledged.

Contents

<i>List of Tables and Figures</i>	vii
<i>Foreword</i> <i>Nora Lustig</i>	xii
<i>Preface</i> <i>Nanek Kakwani</i>	xiv
<i>List of Contributors</i>	xvi
Introduction: On Quantitative Approaches to Multidimensional Poverty Measurement <i>Nanak Kakwani and Jacques Silber</i>	xviii
1 The Information Basis of Multivariate Poverty Assesments <i>Esfandiar Maasoumi and Maria Ana Lugo</i>	1
2 The Fuzzy Set Approach to Multidimensional Poverty: the Case of Italy in the 1990s <i>Gianni Betti, Bruno Cheli, Achille Lemmi and Vijay Verma</i>	30
3 The Rasch Model and Multidimensional Poverty Measurement <i>Alessio Fusco and Paul Dickes</i>	49
4 A Cluster Analysis of Multidimensional Poverty in Switzerland <i>Giovanni Ferro Luzzi, Yves Flückiger and Sylvain Weber</i>	63
5 Multidimensional Poverty and Multiple Correspondence Analysis <i>Louis-Marie Asselin and Vu Tuan Anh</i>	80
6 Income, Consumption and Permanent Income: a MIMIC Approach to Multidimensional Poverty Measurement <i>Ramses Abul Naga and Enrico Bolzani</i>	104
7 Multidimensional Measures of Poverty and Well-being Based on Latent Variable Models <i>Jaya Krishnakumar</i>	118
8 A Multidimensional Approach to Subjective Poverty <i>Bernard M.S. van Praag and Ada Ferrer-i-Carbonell</i>	135
9 Using Efficiency Analysis to Measure Individual Well-being With an Illustration for Catalonia <i>Xavier Ramos</i>	155
10 Efficiency Analysis and the Lower Convex Hull Approach <i>Gordon Anderson, Ian Crawford and Andrew Leicester</i>	176

11	Measuring Multidimensional Poverty: The Axiomatic Approach <i>Satya R. Chakravarty and Jacques Silber</i>	192
12	Determining the Parameters of Axiomatically Derived Multidimensional Poverty Indices: An Application Based on Reported Well-Being in Colombia <i>Carlos Eduardo Vélez and Marcos Robles</i>	210
13	The Order of Acquisition of Durable Goods and the Measurement of Multidimensional Poverty <i>Joseph Deutsch and Jacques Silber</i>	226
14	Using an Ordinal Approach to Multidimensional Poverty Analysis <i>Jean-Yves Duclos, David E. Sahn and Stephen D. Younger</i>	244
	<i>Index</i>	262
