Part III: Peer and Neighborhood Effects

18. Identification of Social Interactions	853
<i>Lawrence E. Blume, William A. Brock, Steven N. Durlauf, and Yannis M. Ioannides</i>	
1. Introduction	855
2. Decision Making in Group Contexts	857
3. Linear Models of Social Interaction	863
4. Social Networks and Spatial Models of Social Interactions	886
5. Discrete Choice Models of Social Interactions	904
6. Experimental Approaches	922
7. Suggestions for Future Directions	934
8. Conclusions	942
References	958
19. Econometric Methods for the Analysis of Assignment Problems in the Presence of Complementarity and Social Spillovers	965
<i>Bryan S. Graham</i>	
1. Introduction	967
2. An Overview of Empirical Matching Models	969
3. Identification and Estimation of one-to-one Matching Models when Match Output is Observed	974
4. Identification and Estimation of one-to-one Matching Models when Match Output is Unobserved: Equilibrium Approaches	1007
5. Segregation in the Presence of Social Spillovers	1029
6. Treatment Response with Spillovers	1044
7. Areas for Further Research	1046
References	1047
20. Peer Effects in Education: A Survey of the Theory and Evidence	1053
<i>Dennis Epple and Richard E. Romano</i>	
1. Introduction	1054
2. Theory	1055
3. Econometric Issues	1093
4. Empirical Evidence: Peer Effects	1110

5. Concluding Remarks	1156
References	1160
21. The Importance of Segregation, Discrimination, Peer Dynamics, and Identity in Explaining Trends in the Racial Achievement Gap	1165
Roland G. Fryer, Jr.	
1. Trends in the Racial Achievement Gap	1166
2. Segregation	1167
3. Information-Based Models of Discrimination	1173
4. Peer Dynamics	1177
5. Identity	1186
6. Conclusion	1189
References	1189
22. Labor Markets and Referrals	1193
Giorgio Topa	
1. Introduction	1194
2. The Theoretical Literature	1195
3. Direct Evidence on Usage of Informal Search Methods	1198
4. Labor Market Referrals and Neighborhood Effects	1206
5. Randomized and Natural Experiments	1212
6. Directions for Future Research	1216
References	1217
23. Labor and Credit Networks in Developing Economies	1223
Kaivan Munshi	
1. Introduction	1224
2. Identification and Estimation of Network Effects	1226
3. Networks, Growth, and Efficiency	1241
4. Conclusion	1253
References	1253
24. Risk Sharing Between Households	1255
Marcel Fafchamps	
1. Introduction	1256
2. Efficient Risk Sharing	1257
3. Forms of Risk Sharing	1259
4. The Motives for Risk Sharing	1261
5. Risk Sharing Groups and Networks	1270

6. Conclusion	1275
References	1275
25. Neighborhood Effects And Housing	1281
Yannis M. Ioannides	
1. Introduction	1283
2. Spatial Models of Location with Social Interactions	1287
3. Endogenous Neighborhood and Contextual Effects in Housing Markets	1304
4. Neighborhood Effects and the Geometry of the Canonical Urban Model	1318
5. Hierarchical Models of Location with Social Interactions	1327
6. Conclusion	1336
References	1337

Introduction

xvii

Part I: Social Preferences

1. Nature and Nurture Effects On Children's Outcomes: What Have We Learned From Studies of Twins And Adoptees?	1
Bruce Sacerdote	
1. Introduction and Overview	2
2. The Behavioral Genetics Model	5
3. Canonical Results from the Behavioral Genetics Literature	8
4. Critiques and Challenges to Interpretation of the Behavioral Genetics Results on IQ and Schooling	14
5. Treatment Effects and Regression Coefficients	17
6. Results from Economics on Adoptees	19
7. Putting It All Together: What Does It Mean?	25
References	26
2. Social Norms and Preferences	31
Andrew Postlewaite	
1. Introduction	32
2. The Social Determinants of Preferences	35
3. Reduced Form Preferences: Social Concerns	40
4. Why Not Take the Indirect Preferences as the Primitive?	53
5. Examples Employing Instrumental Concern for Rank	58
6. Concluding Remarks	63
References	65
3. Preferences for Status: Evidence and Economic Implications	69
Ori Heffetz and Robert H. Frank	
1. Introduction	70
2. Features of Status	72
3. Evidence	75
4. Some Economic Implications	84
5. Conclusion	88
References	89

4. Preferences for Redistribution	93
Alberto Alesina and Paola Giuliano	
1. Introduction	94
2. Preferences for Redistribution: Theory	96
3. Empirical Evidence	103
4. Conclusions	127
References	129
5. Theories of Statistical Discrimination and Affirmative Action: A Survey	133
Hanming Fang and Andrea Moro	
1. Introduction	134
2. The Use of Group Averages as a Proxy for Relevant Variables: the Exogenous Differences Literature	137
3. Discriminatory Outcomes as a Result of Coordination Failure	140
4. Discriminatory Outcomes Due to Inter-Group Interactions	147
5. Dynamic Models of Discrimination	162
6. Affirmative Action	163
7. Efficiency Implications of Statistical Discrimination	191
8. Conclusion	195
References	197
6. Social Construction of Preferences: Advertising	201
Jess Benhabib and Alberto Bisin	
1. Introduction	202
2. The Benchmark Economy	204
3. The Equilibrium Effects of Advertising	206
4. The Effects of Advertising in Empirical Work	211
5. Conclusions	218
References	219
7. The Evolutionary Foundations of Preferences	221
Arthur J. Robson and Larry Samuelson	
1. Introduction	222
2. Evolutionary Foundations	225
3. What Sort of Preferences?	235
4. Preferences over What?	263
5. Concluding Remark	297
6. Proofs	298
References	305

8. Social Norms	311
Mary A. Burke and H. Peyton Young	
1. Background	312
2. Norms, Customs, and Conventions	313
3. Characteristic Features of Norm Dynamics	314
4. Social Interactions and Social Norms	317
5. A Model of Norm Dynamics	318
6. Contractual Norms in Agriculture	321
7. Medical Treatment Norms	327
8. Body Weight Norms	331
9. Concluding Discussion	334
References	336
9. The Economics of Cultural Transmission and Socialization	339
Alberto Bisin and Thierry Verdier	
1. Introduction	340
2. Theoretical Studies	342
3. Empirical Studies	371
4. Conclusions	407
References	407
10. Civic Capital as the Missing Link	417
Luigi Guiso, Paola Sapienza, and Luigi Zingales	
1. Introduction	418
2. Definitions of Social Capital	420
3. Accumulation and Depreciation of Civic Capital	423
4. Measuring Civic Capital	429
5. The Origins of Civic Capital	459
6. The Economic Effects of Civic Capital	467
7. Conclusions	476
References	477
11. Does Culture Matter?	481
Raquel Fernández	
1. Introduction	482
2. Some Preliminaries	483
3. The Epidemiological Approach	489
4. The Epidemiological Literature in Economics	497
5. Concluding Questions and Remarks	506

6. Acknowledgement	508
References	508
Part II: Social Actions	
12. An Overview of Social Networks and Economic Applications	511
Matthew O. Jackson	
1. Introduction	512
2. Social Networks and Networked Markets	514
3. The Structure of Social Networks	521
4. Network Formation	532
5. Modeling the Impact of Networks	550
6. Concluding Remarks	574
References	574
13. Local Interactions	587
Onur Özgür	
1. Introduction	588
2. Static Models	589
3. Dynamic Models	618
4. Concluding Remarks	638
References	639
14. Diffusion, Strategic Interaction, and Social Structure	645
Matthew O. Jackson and Leeat Yariv	
1. Introduction	646
2. Empirical Background: Social Networks and Diffusion	647
3. Models of Diffusion and Strategic Interaction Absent Network Structure	653
4. Models of Diffusion and Strategic Interaction in Network Settings	657
5. Closing Notes	674
References	675
15. Learning in Networks	679
Sanjeev Goyal	
1. Introduction	680
2. Nonstrategic Interaction	684
3. Strategic Interaction	704
4. Concluding Remarks	721
5. Appendix	723
References	724

16. Formation of Networks and Coalitions	729
Francis Bloch and Bhaskar Dutta	
1. Introduction	730
2. One-Stage Models of Coalition and Network Formation	731
3. Sequential Models of Coalition and Network Formation	746
4. Farsightedness	754
5. Group Formation in Real Time	762
6. The Tension between Efficiency and Stability	771
7. Conclusions and Open Problems	774
References	776
17. Matching, Allocation, and Exchange of Discrete Resources	781
Tayfun Sönmez and M. Utku Ünver	
1. Introduction	783
2. House Allocation and Exchange Models	786
3. Kidney Exchange	801
4. School Admissions	821
5. Axiomatic Mechanisms and Market Design	837
6. Concluding Remarks	844
References	848
