

Impact Evaluation in Practice

Paul J. Gertler, Sebastian Martinez,
Patrick Premand, Laura B. Rawlings,
Christel M. J. Vermeersch

THE WORLD BANK

CONTENTS

Preface	xiii
PART ONE. INTRODUCTION TO IMPACT EVALUATION	1
Chapter 1. Why Evaluate?	3
Evidence-Based Policy Making	3
What Is Impact Evaluation?	7
Impact Evaluation for Policy Decisions	8
Deciding Whether to Evaluate	10
Cost-Effectiveness Analysis	11
Prospective versus Retrospective Evaluation	13
Efficacy Studies and Effectiveness Studies	14
Combining Sources of Information to Assess Both the “What” and the “Why”	15
Notes	17
References	18
Chapter 2. Determining Evaluation Questions	21
Types of Evaluation Questions	22
Theories of Change	22
The Results Chain	24
Hypotheses for the Evaluation	27
Selecting Performance Indicators	27
Road Map to Parts 2 and 3	29
Note	30
References	30
PART TWO. HOW TO EVALUATE	31
Chapter 3. Causal Inference and Counterfactuals	33
Causal Inference	33
Estimating the Counterfactual	36

Two Counterfeit Estimates of the Counterfactual	40
Notes	47
Chapter 4. Randomized Selection Methods	49
Randomized Assignment of the Treatment	50
Two Variations on Randomized Assignment	64
Estimating Impact under Randomized Offering	66
Notes	79
References	80
Chapter 5. Regression Discontinuity Design	81
Case 1: Subsidies for Fertilizer in Rice Production	82
Case 2: Cash Transfers	84
Using the Regression Discontinuity Design Method to Evaluate the Health Insurance Subsidy Program	86
The RDD Method at Work	89
Limitations and Interpretation of the Regression Discontinuity Design Method	91
Note	93
References	93
Chapter 6. Difference-in-Differences	95
How Is the Difference-in-Differences Method Helpful?	98
Using Difference-in-Differences to Evaluate the Health Insurance Subsidy Program	102
The Difference-in-Differences Method at Work	103
Limitations of the Difference-in-Differences Method	104
Notes	104
References	105
Chapter 7. Matching	107
Using Matching Techniques to Select Participant and Nonparticipant Households in the Health Insurance Subsidy Program	111
The Matching Method at Work	113
Limitations of the Matching Method	113
Notes	115
References	116
Chapter 8. Combining Methods	117
Combining Methods	119
Imperfect Compliance	120

Spillovers	123
Additional Considerations	125
A Backup Plan for Your Evaluation	127
Note	127
References	128
Chapter 9. Evaluating Multifaceted Programs	129
Evaluating Programs with Different Treatment Levels	130
Evaluating Multiple Treatments with Crossover Designs	132
Note	137
References	137
PART THREE. HOW TO IMPLEMENT AN IMPACT EVALUATION	139
Chapter 10. Operationalizing the Impact Evaluation Design	143
Choosing an Impact Evaluation Method	143
Is the Evaluation Ethical?	153
How to Set Up an Evaluation Team?	154
How to Time the Evaluation?	158
How to Budget for an Evaluation?	161
Notes	169
References	169
Chapter 11. Choosing the Sample	171
What Kinds of Data Do I Need?	171
Power Calculations: How Big a Sample Do I Need?	175
Deciding on the Sampling Strategy	192
Notes	195
References	197
Chapter 12. Collecting Data	199
Hiring Help to Collect Data	199
Developing the Questionnaire	201
Testing the Questionnaire	204
Conducting Fieldwork	204
Processing and Validating the Data	207
Note	209
References	209

Chapter 13. Producing and Disseminating Findings	211
What Products Will the Evaluation Deliver?	211
How to Disseminate Findings?	219
Notes	221
References	222
Chapter 14. Conclusion	223
Note	228
References	228
Glossary	229
Index	237
Boxes	
1.1 Evaluations and Political Sustainability: The Progresal/ Oportunidades Conditional Cash Transfer Program in Mexico	5
1.2 Evaluating to Improve Resource Allocations: Family Planning and Fertility in Indonesia	6
1.3 Evaluating to Improve Program Design: Malnourishment and Cognitive Development in Colombia	9
1.4 Evaluating Cost-Effectiveness: Comparing Strategies to Increase School Attendance in Kenya	2
2.1 Theory of Change: From Cement Floors to Happiness in Mexico	23
3.1 Estimating the Counterfactual: Miss Unique and the Cash Transfer Program	36
4.1 Conditional Cash Transfers and Education in Mexico	64
4.2 Randomized Offering of School Vouchers in Colombia	70
4.3 Promoting Education Infrastructure Investments in Bolivia	78
5.1 Social Assistance and Labor Supply in Canada	89
5.2 School Fees and Enrollment Rates in Colombia	90
5.3 Social Safety Nets Based on a Poverty Index in Jamaica	91
6.1 Water Privatization and Infant Mortality in Argentina	103
7.1 Workfare Program and Incomes in Argentina	113
7.2 Piped Water and Child Health in India	114
8.1 Checklist of Verification and Falsification Tests	118
8.2 Matched Difference-in-Differences: Cement Floors, Child Health, and Maternal Happiness in Mexico	121
