1 Introduction	1
JUHA M. ALHO, SVEND E. HOUGAARD JENSEN AND JUKKA LASSILA	

Part I Uncertain demographics

2 Changing views of future demographic trends	11
NICO KEILMAN, HARRI CRUIJSEN AND JUHA M. ALHO	
3 Empirically based specification of forecast uncertainty	34
JUHA M. ALHO, HARRI CRUIJSEN AND NICO KEILMAN	
Comment: The UPE forecasts: strengths, innovations, developments	55
SHRIPAD TULJAPURKAR	

Part II Measuring sustainability in a stochastic environment

4 Fiscal implications of demographic uncertainty: comparisons across the European Union	65
MARTIN WEALE	
5 Demographic uncertainty and pension projections	82
JUKKA LASSILA AND TARMO VALKONEN	

6	Demographic uncertainty and health care expenditure NAMKEE AHN	94
	Comment: Assessing the uncertainty in long-term fiscal projections	109
	PABLO ANTOLIN	

Part III Enhancing sustainability

7	Evaluating pension reforms in the German context HANS FEHR AND CHRISTIAN HABERMANN	117
8	Longevity adjustment of pension benefits JUKKA LASSILA AND TARMO VALKONEN	137
9	Ageing, demographic uncertainty and optimal fiscal policy ALEX ARMSTRONG, NICK DRAPER, ANDRÉ NIBBELINK AND ED WESTERHOUT	161
	Comment: Computable equilibrium models in policy analysis: future directions	184
	D. PETER BROER	

Part IV Extensions

10	Macro-economic consequences of demographic uncertainty in world regions VLADIMIR BORGY AND JUHA M. ALHO	195
11	Informational assumptions, aggregate mortality risk and life-cycle saving JUHA M. ALHO AND NIKU MÄÄTTÄNEN	219
12	Uncertain demographics, longevity adjustment of the retirement age and intergenerational risk-sharing SVEND E. HOUGAARD JENSEN AND OLE HAGEN JØRGENSEN	239
13	A general equilibrium analysis of annuity rates in the presence of aggregate mortality risk JUSTIN VAN DE VEN AND MARTIN WEALE	258
	Comment: The economics of demographic uncertainty MARTIN FLODÉN	270
	<i>Index</i>	275
