Foreword *xiii*

Acknowledgments *xvii*

Abbreviations *xix*

Glossary *xxi*

Executive Summary *xxv*

CHAPTER 1. INTRODUCTION 1

Malnutrition: Definition, Causes, and Consequences 3

Food Security versus Nutrition Security 6

A Snapshot of Malnutrition in Ethiopia 8

Notes 24

CHAPTER 2. WHO IS MALNOURISHED IN ETHIOPIA AND WHY? FINDINGS FROM A DISAGGREGATED ANALYSIS 25

Stunting, Wasting, and Underweight: Disparities by Region and Level of Wealth 25

Determinants of Child Stunting and Wasting 30

Links between Food Security Status and Malnutrition 33

Suboptimal Breast-Feeding Practices: Scope of the Problem and Causes 36

Vitamin A Intake: A Disaggregated Focus 43

Iodine Intake and Salt Iodization 44

Iron Deficiency Anemia: A Disaggregated Focus 46

Notes 47

CHAPTER 3. CURRENT PROGRAMS IN ETHIOPIA 49

Programs That Give Food or Cash 49

Programs That Do Not Give Food or Cash, Other Than Those Focusing on Community Volunteers 58

Programs with a Strong Community Volunteer Focus	61
A Closer Look at Four Programs Affecting Nutrition in Ethiopia	67
Notes	77
CHAPTER 4. ASSESSING THE COSTS AND BENEFITS OF NUTRITION-RELATED PROGRAMS	79
Methods and Limitations of Cost-Effectiveness and Benefit-Cost Analysis of Nutrition Interventions in Ethiopia	79
Costing of Interventions and Effect on Mortality	82
Nonquantitative Assessment of an Intervention's Impacts	93
Impact on Economic Productivity	93
Impact on Mental Ability	96
Total Impacts on Mortality, Economic Productivity, and Mental Ability	97
Community Volunteer Programs	101
The Health Extension Program: Health Extension Workers	103
Major Findings and Implications	106
Notes	109
CHAPTER 5. A TARGETED, MULTISECTORAL APPROACH TO COMBATING MALNUTRITION IN ETHIOPIA	113
The National Nutrition Program: A Harmonized, Programmatic Approach	113
Strengthening Coordination between Programs and with the Private Sector	115
Nutrition Information and Surveillance	122
Optimal Targeting of Nutrition-Related Programs	123
Targeting: A Summary	144
Notes	146
APPENDIX A. RESULTS FROM REGRESSION ANALYSES	149
APPENDIX B. ASSUMPTIONS FOR THE COSTING OF NUTRITION INTERVENTIONS	153
REFERENCES	161
INDEX	167
