

Wolfgang Gänswain

Effectiveness of Information Use for Strategic Decision Making

With a foreword by Prof. Dr. Malte Brettel

RESEARCH

Table of Contents

Foreword	V
Acknowledgements	VII
Overview of Contents	IX
Table of Contents	XI
List of Figures	XV
List of Tables	XVII
List of Abbreviations	XXI
1 Introduction	1
1.1 Problem statement	1
1.2 Research objective and questions	5
1.3 Research approach	11
1.4 Outline of this document	15
2 Conceptual basis	18
2.1 Literature review and basic terminology	18
2.1.1 Strategic decision making	18
2.1.1.1 Characteristics of strategic decisions	19
2.1.1.2 Process view of strategic decision making	20
2.1.2 Individual information behavior	26
2.1.2.1 Basic elements of information behavior	26
2.1.2.2 Information from an individual level perspective	30
2.1.2.3 Information use from an individual level perspective	33
2.1.2.4 Facets of information acquisition	34
2.1.2.4.1 Information sources	34
2.1.2.4.2 Modes of information acquisition	35
2.1.2.4.3 Characteristics describing information	36
2.1.2.5 Facets of information processing	37
2.1.2.5.1 Dual information processing	39
2.1.2.5.2 Cognitive functions: Perception, thought, knowledge learning and retrieval	41

2.2	Definition of research variables	44
2.2.1	Strategic decision making effectiveness	45
2.2.2	Strategic decision making process dimensions	47
2.2.2.1	Information use	47
2.2.2.2	Political behavior	50
2.2.3	Contextual factors	51
2.2.3.1	Perceived environmental uncertainty	51
2.2.3.2	Cognitive style	52
2.3	Summary	57
3	Selection of a theoretical framework	61
3.1	Alternative theoretical perspectives and theories	61
3.1.1	Economic perspective and theories	61
3.1.2	Behavioral perspective and theories	64
3.1.3	Interpretive perspective and theories	67
3.2	Evaluation and selection of theoretical basis	73
3.3	The Upper Echelon View	78
3.3.1	Introduction	78
3.3.2	Main elements and theoretical statements	81
3.4	Summary	85
4	Theory and hypotheses development	89
4.1	Theoretical premises	90
4.2	Hypotheses development	96
4.2.1	Direct effects	96
4.2.2	Moderating effects of perceived environmental uncertainty	105
4.2.3	Moderating effects of cognitive style	110
4.2.4	Interaction effects of perceived environmental uncertainty and cognitive style	116
4.3	Summary	119
5	Research design	121
5.1	Unit of analysis	121
5.2	Operationalization of variables	123
5.2.1	Measurement basics and guiding principles	123
5.2.2	Measurement instrument	128
5.2.2.1	Information use	128

5.2.2.2	Political behavior	134
5.2.2.3	Perceived environmental uncertainty	135
5.2.2.4	Cognitive style	137
5.2.2.5	Strategic decision quality	138
5.2.2.6	Company performance	138
5.2.2.7	Control variables	141
5.3	Data analysis methodology	146
5.3.1	Basic methodological considerations	146
5.3.1.1	Statistical hypothesis testing	146
5.3.1.2	Structural equation modeling	147
5.3.1.3	Selection of partial least squares	149
5.3.2	Partial least squares	154
5.3.2.1	Basic functionality	154
5.3.2.2	Measurement model evaluation	155
5.3.2.3	Structural model evaluation	159
5.3.2.4	Testing of causal relationships and significance level	160
5.3.2.5	Testing of moderating effects	162
6	Data collection and evaluation	164
6.1	Data collection	164
6.1.1	Survey design	164
6.1.2	Sample generation	168
6.2	Sample characteristics	170
6.2.1	Response rate and usable answers	170
6.2.2	Sample representativeness	172
6.2.3	Sample description	176
6.3	Evaluation and preparation of data basis	179
6.3.1	Biases	179
6.3.2	Missing values	181
7	Results	182
7.1	Results of direct effects model	182
7.1.1	Measurement model evaluation	182
7.1.1.1	Reflective constructs	182
7.1.1.1.1	Unidimensionality	183
7.1.1.1.2	Reliability	187
7.1.1.1.3	Discriminant validity	194

7.1.1.2	Formative construct	197
7.1.2	Structural model evaluation	198
7.2	Results of moderating effects models	201
7.2.1	Perceived environmental uncertainty	202
7.2.2	Cognitive style	204
7.2.3	Interaction of perceived environmental uncertainty and cognitive style	207
7.3	Triangulation with financial performance variables	212
7.4	Test for control variable effects	214
7.5	Evaluation of hypotheses	217
8	Discussion and implications	220
8.1	Discussion of results	220
8.1.1	Effectiveness of information use	220
8.1.2	Effects of political behavior on information use	225
8.1.3	Effects of political behavior on strategic decision quality	226
8.1.4	Effects of strategic decision quality on organizational performance	228
8.2	Implications for research	230
8.2.1	Theoretical implications	230
8.2.2	Limitations and avenues of further research	234
8.3	Implications for practice	237
8.4	Summary	240
Appendix		245
Appendix 1: Questionnaire		245
Appendix 2: Partial models – perceived environmental uncertainty		254
Appendix 3: Partial models – cognitive style		261
