

Tara Ebert

Trust as the Key to Loyalty in Business-to-Consumer Exchanges

Trust Building Measures
in the Banking Industry

With a foreword by Prof. Dr. Dres. h. c. Arnold Picot

GABLER EDITION WISSENSCHAFT

Table of Contents

1	Introduction.....	1
2	Consumer Trust as a Key to Organizational Success	5
2.1.	Trust, Confidence, and Reliance – Distinguishing between the Terms.....	7
2.2.	Definition, Conceptualization, and Possibilities of Steering Consumer Trust	10
2.2.1.	Consumer General Trust as an Antecedent of Consumer-Specific Trust	10
2.2.2.	Consumer-Specific Trust as an Attitude Construct.....	11
2.2.3.	Steering of Consumer Trust	17
2.3.	Relationship of Loyalty and Consumer Trust in Business	21
3	Trust Model for Analyzing Measures of Trust Building in the Banking Industry	23
3.1.	Highlights of and Unclear Causalities in Trust Research	24
3.2.	Models for Analyzing Trust Building.....	27
3.3.	Meta-Analysis to Build a Trust Framework.....	30
3.3.1.	Method of Analyzing Articles.....	30
3.3.2.	Clusters and Key Variables in Trust Research.....	31
3.3.3.	The Relevant Clusters in Each Trust Interaction (P2P, P2O, and O2O).....	36
3.3.4.	Key Contributions of the Meta-Analysis	39
3.4.	Relevance and Conceptualization of Clusters for B2C Trust Interactions.....	39
3.4.1.	Relevant Clusters in B2C Trust Interactions.....	39
3.4.2.	Moderators and Mediators in Structural Equation Modeling in Consumer Trust Research	42
3.5.	PLS as the Preferred Approach to Structural Equation Modeling.....	45
3.5.1.	Types of Measurement Models in SEM.....	46
3.5.2.	Decision Rules for and Validity of Reflective and Formative Measurement Models	49
3.5.3.	Validation of Structural Equation Models	56

3.6.	Measurement of Consumer Trust.....	57
3.7.	Measurement of Loyalty as a Consumer Trust Consequence.....	59
3.8.	Measurement of Reputation as a Consumer Trust Antecedent.....	60
3.8.1.	Conceptualization of Reputation	61
3.8.2.	Operationalization of Reputation	64
3.9.	Measurement of Security as a Consumer Trust Antecedent.....	68
3.9.1.	Conceptualization of Security	69
3.9.2.	Operationalization of Security	75
3.10.	Measurement of Personal Characteristics of Consumers and their Moderating Role	81
3.10.1.	Satisfaction as a Moderator	81
3.10.2.	Involvement as a Moderator	83
3.10.3.	Trust Propensity as a Moderator	85
3.11.	A Structural Equation Model for Analyzing Trust Building Measures in the Banking Industry.....	86
4	Research Design and Results	91
4.1.	Data Collection and Sample	91
4.1.1.	The Unstructured Expert Interviews	91
4.1.2.	The Pre-Study: Online Questionnaire	91
4.1.3.	The Main Study: CATI Interviews.....	93
4.2.	Descriptive Results of the Main Study	95
4.3.	Evaluation of the Quality of Measurement and Structural Equation Models ...	125
4.4.	Examination of Hypothesized Relationships	127
5	Discussion, Summary, and Future Prospects.....	139
	Appendix	157
	References	177
