

State fragility: towards a multi-dimensional empirical typology

Jörn Grävingholt
Sebastian Ziaja
Merle Kreibaum

Contents

Abbreviations

1	Introduction	1
2	Why classifying fragile states makes sense	1
3	The debate on state fragility	4
3.1	The multi-dimensional character of state fragility	4
3.2	Charles Call's approach of three interdependent "gaps" of statehood	5
4	Three dimensions of statehood	6
4.1	Attributes and indicators of authority, capacity and legitimacy	8
4.2	Aggregation	11
4.3	Identification of clusters	11
5	Results	12
6	Different policies for different types of "fragile statehood"	15
7	Conclusion: strengths and limitations of classifying fragile states	17
