About the Editor	vii
About the Authors	ix
Introduction	xix
PART I MARKET RISK AND FINANCIAL TIME SERIES	1
1 Efficient Bayesian Estimation and Combination of Garch-Type Models	3
<i>David Ardia; Lennart F. Hoogerheide</i> aeris CAPITAL AG Switzerland; Erasmus University Rotterdam	
2 Bayesian Inference for Stochastic Volatility Modelling	31
<i>Hedibert F. Lopes, Nicholas G. Polson</i> The University of Chicago Booth School of Business	
3 Bayesian Prediction of Risk Measurements Using Copulas	69
<i>Maria Concepcion Ausin; Hedibert Freitas Lopes</i> Universidad Carlos III de Madrid; University of Chicago Booth School of Business	
4 Bayesian Inference for Hedge Funds with Stable Distribution of Returns	95
<i>Biliana Güner; Svetlozar T. Rachev; Daniel Edelman; Frank J. Fabozzi</i> Yeditepe University; FinAnalytica; UBS Alternative and Quantitative Investments LLC; Yale School of Management	
5 Model Uncertainty and Its Impact on Derivative Pricing	137
<i>Alok Gupta, Christoph Reisinger, Alan Whitley</i> University of Oxford	
PART II CREDIT RISK	177
6 Predictions Based on Certain Uncertainties: A Bayesian Credit Portfolio Approach	179
<i>Christoff Gössl</i> UniCredit	
7 Uncertainty in Credit Risk Parameters and Its Implication on Risk Figures	199
<i>Christina R. Bender; Ludger Overbeck</i> d-fine GmbH; University of Giessen	

8	Lessons from the Crisis in Mortgage-Backed Structured Securities: Where Did Credit Ratings Go Wrong?	241
	<i>Erik Heitfield</i> Federal Reserve Board	
9	Rethinking Credit Risk Modelling	269
	<i>Christian Bluhm; Christoph Wagner</i> Technische Universität München; Allianz Risk Transfer	
10	The Bayesian Approach to Default Risk: A Guide	319
	<i>Michael Jacobs Jr; Nicholas M. Kiefer</i> US Department of the Treasury, Office of the Comptroller of the Currency; Cornell University	
11	Bayesian Modelling of Small and Medium-Sized Companies' Defaults	345
	<i>Mathilde Wilhelmsen, Xenia K. Dimakos; Tore Anders Husebø, Marit Fiskaen</i> Norwegian Computing Center; Centre of Excellence Credit Risk Modelling, Sparebank 1	
PART III OPERATIONAL RISK		369
12	Measuring Operational Risk in a Bayesian Framework	371
	<i>Luciana Dalla Valle</i> University of Milan	
13	Operational Risk: Combining Internal Data, External Data and Expert Opinions	401
	<i>Pavel V. Shevchenko; Mario V. Wüthrich</i> CSIRO Mathematics, Informatics and Statistics; RiskLab ETH Zurich	
14	Bayesian Estimation of Lévy Copulas for Multivariate Operational Risks	439
	<i>Philipp Gebhard, Gernot Müller; Klaus Böcker</i> Technische Universität München; UniCredit Group	
	Index	465
