<i>Foreword by Jean François Delfraissy, ANRS Chairman</i>	xxi
Introduction: a new stage in the fight against the HIV/AIDS pandemic – an economic perspective <i>Benjamin Coriat</i>	1
PART I TRIPS, GENERIC DRUGS AND ACCESS TO CARE: THE POST-2005 ISSUES	
1 New antiretroviral treatments and post-2005 TRIPS constraints: first moves towards IP flexibilization in developing countries <i>Cristina d'Almeida, Lia Hasenclever, Gaëlle Krikorian, Fabienne Orsi, Cassandra Sweet and Benjamin Coriat</i>	25
2 New trends in IP protection and health issues in FTA negotiations <i>Gaëlle Krikorian</i>	52
3 Evolution of prices and quantities of ARV drugs in African countries: from emerging to strategic markets <i>Julien Chauveau, Constance Marie Meiners, Stéphane Luchini and Jean-Paul Moatti</i>	78
PART II SECURING FREE AND UNIVERSAL ACCESS: LESSONS FROM BRAZIL	
4 The Brazilian experience of 'scaling-up': a public policy approach <i>Guillaume Le Loup, Andreia Pereira de Assis, Maria Helena Costa-Couto, Jean-Claude Thoenig, Sonia Fleury, Kenneth Rochel de Camargo Jr and Bernard Larouzé</i>	105
5 Technology transfer agreements and access to HIV/AIDS drugs: the Brazilian case <i>Amélie Robine</i>	120

6	Scaling-up and reverse engineering: acquisition of industrial knowledge by copying drugs in Brazil <i>Maurice Cassier and Marilena Correa</i>	130
7	Compulsory licensing in the real world: the case of ARV drugs in Brazil <i>Cristina de Albuquerque Possas</i>	150
PART III FIGHTING AIDS IN THE HEART OF THE PANDEMIC: SUB-SAHARAN AND LOW-INCOME COUNTRIES		
8	HIV prevalence estimates: the new deal in Sub-Saharan Africa since 2000 <i>Joseph Larmarange</i>	169
9	Cost-effectiveness of HIV antiretroviral therapies in resource-limited settings <i>Yazdan Yazdanpanah, Caroline E. Sloan and Kenneth A. Freedberg</i>	190
10	'Fragility': a macro-dynamic motive to offer quick and general access to ART in LDC <i>Bruno Ventelou, Yann Videau and Jean-Paul Moatti</i>	212
11	Procurement policies, governance models and ARV availability in French-speaking African countries: an overview <i>Mamadou Camara, Cristina d'Almeida, Fabienne Orsi and Benjamin Coriat</i>	225
PART IV BUILDING THE FUTURE: PUBLIC HEALTH SYSTEMS AND THE FREE ACCESS CHALLENGE		
12	The public health approach to antiretroviral treatment: the case of Cameroon <i>Sinata Koulla-Shiro and Eric Delaporte</i>	259
13	The cost of universal free access for treating HIV/AIDS in low-income countries: the case of Senegal <i>Bernard Taverner, Karim Diop and Philippe Vinard</i>	273
14	Implementing funding modalities for free access: the case for a 'purchasing fund system' to cover medical care for PLWHA <i>Philippe Vinard, Karim Diop and Bernard Taverner</i>	291
