Contents

Part One: Introduction	1
Computerized Information Processing of the Private Household: A Framework	3
<i>Walter Brenner and Lutz Kolbe, Technical University of Freiberg</i>	
Part Two: Infrastructures	23
In-home Infrastructures	
Microsoft Brings Personal Computing Home	25
<i>Michaela Jaritz, Microsoft</i>	
Digital Devices and Advanced Technology for the Consumer Market	35
<i>Terry R. Hurley, Sony</i>	
Bang & Olufsen's Integrated Home-Networking with Beolink	47
<i>Peter Petersen, Bang & Olufsen</i>	
Out-of-home Infrastructures	
Oracle Media - Enabling the Information Age	57
<i>Mary Callaghan, Oracle Corporation</i>	
SmartCards as Carrier of Personal Data and Documents	65
<i>Bruno Struif, German National Research Center for Computer Science (GMD)</i>	
Deutsche Telekom's Network Platform for Interactive Video Services	75
<i>Norbert Maassen, Deutsche Telekom</i>	

Part Three: Applications	85
The Citizen's Information System "Dresden and the Frauenkirche (Church of Our Lady)" - Realization, Experiences, Prospects	89
<i>Manuela Rost-Hein, IBM</i>	
Books of the Next Generation - Reading on the Electronic Frontier	99
<i>Florian Brody, New Media Consulting and Art Center College of Design</i>	
Electronic Agents and the Market Place: New Generations of Electronic Services for Consumers	109
<i>Rob de Vogel, Philips Advanced Communication Enterprise (PACE)</i>	
Home Systems - The Vision	125
<i>David G. J. Fanshawe, Philips Consumer Electronics</i>	
Teleshopping: Today's Solutions and Future Trends	139
<i>Heiner Drathen, Daimler-Benz Interservices (debis) Systemhaus</i>	
Private Household Shopping Behavior	149
<i>Heribert Popp, Stephan Thesmann, and Peter Mertens, Bavarian Research Center for Knowledge-Based Systems (FORWISS)</i>	
Interactive Multimedia and In-Home Marketing	161
<i>Jonne R. M. van der Drift and Luc Stakenborg, CD-Matics</i>	
New Media: A Growth Market in Erotica and Pornography for Beate Uhse	173
<i>Petra Höper, Beate Uhse Group</i>	
SEGA Game Applications: Consoles, Games and Development Possibilities	183
<i>Winnie Forster, Cybermedia, and Torsten Oppermann, SEGA</i>	
TV of the Future - The Future of TV	195
<i>Friedrich-Carl Wachs, Heinrich Bauer Verlag, and Johann-Reinhardt Wachs, Saatchi & Saatchi</i>	
Interactive Video-Services for the Residential Customer	201
<i>Claus Sattler and Niels Klußmann, Eutelis Consult</i>	
Information Technology and Applications for Elderly and Disabled People	215
<i>J. A. van Woerden, TNO Institute</i>	

Part Four: Current Projects	229
The Information Society - Developments in the Triad of Europe, North America and Japan	233
<i>Roger Longhorn, Consultant to the European Commission's DG III and DG XIII</i>	
Home Automation - Recent Developments in the Genesis and Diffusion of Intelligent Home Technology in Europe, Japan, and the USA	251
<i>Thomas Heimer, Johann Wolfgang Goethe-University</i>	
Multimedia Application Services.....	263
<i>Sadami Kurihara, Nippon Telephone and Telegraph</i>	
Time Warner Cable Full Service Network - Silicon Graphics Technology and Architecture Overview.....	271
<i>Gary Sager, Silicon Graphics</i>	
Burda New Media's Multimedia Activities for Private Customers.....	289
<i>Hubertus Hoffmann, Burda New Media and Europe Online</i>	
Agent Based Communication in Traffic Telematics.....	297
<i>Christoph Mayser, Martin Römer, and Georg Zimmermann, Berner & Mattner Systemtechnik</i>	
 Part Five: Impacts and Implications.....	 303
 Business Impacts	
New Products and Services for Private Households on the Information Highway: Facts and Obstacles.....	307
<i>Joachim Niemeier, Multimedia Software GmbH Dresden</i>	
New Visions of Information Technology and Postmodernism: Implications for Advertising and Marketing Communications.....	319
<i>Alladi Venkatesh, University of California, and Ruby Roy Dholakia and Nikhilesh Dholakia, University of Rhode Island</i>	
Seven Theses on Successful Market Development for Home Management Systems	339
<i>Kai Howaldt and Mirko-Stefan Jeck, Roland Berger & Partner</i>	

Stand-alone Multimedia in the Private Household.....	351
<i>Felix Goedhart and Thomas Künstner, Booz, Allen & Hamilton</i>	
Strategic Management and Transformation in Converging Industries - Towards the Information Society.....	363
<i>Thomas Baubin and Bernd W. Wirtz, Andersen Consulting</i>	
The Multimedia Marketplace in the Private Household - Some Observations and Comments.....	379
<i>Georg Rainer Hofmann, KPMG</i>	
Information Technologies in the Home: Policies and Markets.....	385
<i>Norbert Mundorf, University of Rhode Island</i>	
 Social Implications	
Computer Use at Home - A Cultural Challenge to Technology Development.....	399
<i>Werner Rammert, Free University of Berlin</i>	
The Home in Transition: Social Implications of Home Information Technologies.....	409
<i>Felix van Rijn, Hogeschool van Amsterdam, and IFIP WG 9.3</i>	
 Author Profiles.....	 419
