

Andranik S. Tangian
Josef Gruber (Eds.)

Constructing and Applying Objective Functions

Proceedings of the Fourth International Conference on Econometric
Decision Models Constructing and Applying Objective Functions,
University of Hagen, Held in Haus Nordhelle, August, 28 - 31, 2000

Springer

Contents

I Opening Speech

Opening Remarks: A Retrospection over 35 Years of Work	3
Josef Gruber	

II Keynote Addresses

Decision Models and Preferences: The Pioneering Contributions of Ragnar Frisch	17
Olav Bjerkholt and Steinar Strøm	
Experiments with Preference Functions.	37
A.H.Q.M. Merkies	

III Representation of Preferences by Objective Functions

On the Extension of Utility Functions.	63
Pavel Chebotarev	
Numerical Representation of Binary Relations with Multiplicative Error Function: A General Case.	75
Erkut Yusuf Ozbay	

IV Form of Objective Functions and Choice Operators

Utility Functions, Prices, and Cost Functions on a Lattice of Information Commodities.	89
Alexandre I. Sotskov	
A Structure of Joint Irreducible Sets for Classically Rationalizable Choice Operators.	104
Emel Filiz	

V Constructing Objective Functions from Interviews

A Unified Model for Cardinally and Ordinally Constructing Quadratic Objective Functions.	117
Andranik Tangian	

VIII Contents

Constructing Separable Objective Functions.	170
Andranik Tangian	

VI Optimization Issues of Objective Functions

Constructing Utility Functions by Methods of Nondifferentiable Optimization.	215
Naum Z. Shor and Petro I. Stetsyuk	

Adjusting an Objective Function to a Given Optimal Solution in Linear and Linear-fractional Programming.	233
Erik Bajalinov	

VII Applications of Objective Functions

An Objective Function of Artificial Psychology for a Computer System of Fashion Fitting.	247
ZhiLiang Wang, Yanling Zhao, Lele Zou, and Masaeake Nagai	

Ranking of Second-hand Policies.	260
Robert Teibach	

Experience in Using Recursive Utility Theory.	280
Igor G. Pospelov	

A Model for Management of a Gas-field.	297
Mikhail G. Sukharev and Sergei Yu. Jolkov	

Constructing Quadratic Objective Functions by Linear Programming with an Application to Pure Exchange.	309
Claus Schwarm	

Choice of Customer Products on the Basis of a Decision Model.	331
Gudrun Hilles and Andranik Tangian	

VIII Objective Functions of Economic Policy

Decision Support Multifunctional System "Ukrainian Budget".	349
Ludmilla B. Koshlai and Mikhail V. Mikhalevich	

Towards an Objective Function for Slovenian Fiscal Policy-making: A Heuristic Approach.	366
Klaus Weyerstrass and Reinhard Neck	

IX Resource Allocation with Objective Functions

On Distributed Resource Allocation in a Communication System	393
Tiina Heikkinen	
Social Equilibria for Competitive Resource Allocation Models.	408
Victor Domansky and Victoria Kreps	
Reallocation of Budgets with an Objective Function	420
Andranik Tangian	

X Consumer Behavior and Equilibrium Applications

A Generalization of the Nonparametric Method in Case of Trade Statistics not Satisfying the Hypothesis of Rational Behavior.	443
Ludmila Ya. Pospelova and Alexandre A. Shanenin	
Variation Principles in Models of Economic Equilibrium.	453
Alexandre A. Shanenin	
Uniformly Most Powerful Tests for Optimum Equilibrium.	463
Hsih-chia Hsieh	

XI Objective Functions in Game Theory

A Family of the Least Power Values for Cooperative TU Games.	473
Elena Yanovskaya	
Goal Programming Solutions Generated by Utility Functions.	495
Lev M. Bregman and Natalia I. Naumova	
Social Welfare Functions for Different Subgroup Utility Scales.	515
Anna B. Khmel'nitskaya	

XII Decision Support Systems

Statistical Games for Discrete Distributions.	533
Michael M. Lutsenko	
A Computer Program for Constructing Quadratic Objective Functions....	549
Andranik Tangian	

Conference Participants

Conference Participants.....581
