

Seasonal Climate: Forecasting and Managing Risk

edited by

Alberto Troccoli

European Centre for Medium Range Weather Forecasts
Reading, UK

Mike Harrison

Independent Consultant
Wolverton Common, UK

David L.T. Anderson

European Centre for Medium Range Weather Forecasts
Reading, UK

and

Simon J. Mason

International Research Institute for Climate and Society
The Earth Institute at Columbia University, NY, USA

4y Springer

Published in cooperation with NATO Public Diplomacy Division

Contents

Preface.....	vii
Contributors.....	xi
List of Participants.....	xiii
Part I Seasonal Climate Forecasts in Context.....	1
1. Introduction.....	3
<i>Mike Harrison, Alberto Troccoli, David L.T. Anderson, and Simon J. Mason</i>	
2. Seasonal Forecasts in Decision Making.....	13
<i>Mike Harrison, Alberto Troccoli, Michael Coughlan, and Jim B. Williams</i>	
Part II The Production of Seasonal Climate Forecasts.....	43
3. Overview of Seasonal Forecasting.....	45
<i>David L. T. Anderson</i>	
4. Ocean-Atmosphere Basis for Seasonal Climate Forecasting.....	67
<i>Brian Hoskins and Paul S. Schopf</i>	
5. Getting the Coupled Model Ready at the Starting Blocks.....	91
<i>Joe Tribbia and Alberto Troccoli</i>	
6. Modelling the Atmospheric, Oceanic and Coupled System.....	127
<i>Brian Hoskins, Paul Schopf, and Antonio Navarra</i>	
7. Statistical Modelling.....	163
<i>Simon J. Mason and Omar Baddour</i>	

Part III Calibration and Assessment of Seasonal Climate Forecasts. . . .	203
8. From Dynamical Model Predictions to Seasonal Climate Forecasts.	205
<i>Simon J. Mason</i>	
9. An Introduction to Probability Forecasting.....	235
<i>David B. Stephenson</i>	
10. How Do We Know Whether Seasonal Climate Forecasts are Any Good?.....	259
<i>Simon J. Mason and David B. Stephenson</i>	
Part IV Developing Successful Application Strategies.....	291
11. Communicating Seasonal Forecasts.....	293
<i>Mike Harrison and Jim B. Williams</i>	
12. Building National and Specialised Climate Services.....	315
<i>John Bellow, Abdalah Mokssit, Jim O'Brien, and Rachid Sebbari</i>	
13. Water, Health and Early Warnings.....	351
<i>Yahya Abawi, Paul Llanso, Mike Harrison, and Simon J. Mason</i>	
Part V The Future of Seasonal Climate Forecasting.....	397
14. A Way Forward for Seasonal Climate Services.....	399
<i>Mike Harrison, Alberto Troccoli, David L.T. Anderson, Simon J. Mason, Michael Coughlan, and Jim B. Williams</i>	
Acronyms.....	411
Glossary of Terms.....	417
References.....	435
Suggested Further Reading.....	447
Index.....	453
