

Prostanoids and Drugs

Edited by

B. Samuelsson

Karolinska Institute
Stockholm, Sweden

F. Berti

University of Milan
Milan, Italy

G. C. Folco

University of Parma
Parma, Italy

and

G. P. Velo

University of Verona
Verona, Italy

Plenum Press

New York and London

Published in cooperation with NATO Scientific Affairs Division

CONTENTS

Molecular Biology of Leukotriene Formation.....	1
B. Samuelsson	
Fundamental Mass Spectrometry and Eicosanoids Research.....	5
R.C. Murphy, K.L. Clay and J.A. Zirrolli	
Quantitative Analysis of Eicosanoids by Gas Chromatography Mass-Spectrometry.....	15
F. Catella, J.M. Johnson and G.A. FitzGerald	
Formation and Mechanism of Action of Epoxyeicosatrienoic Acids.....	23
F.A. Fitzpatrick	
Reactive Eicosanoid Intermediates and Transcellular Biosynthesis.....	31
J. MacIouf	
Metabolism of Sulfidopeptide Leukotrienes.....	37
D.O. Stene and R.C. Murphy	
Lipoxins: Biosynthesis, Metabolism and Physiological Functions.....	47
C.F. Ng, H-Y. Ho and P.Y-K. Wong	
Leukotrienes in the Lung and Cardiovascular System.....	55
P.J. Piper, M.N. Samhoun, D.M. Conroy, H.B. Yaacob, N.C. Barnes, J.M. Evans, and J.F. Costello	
Blood Platelets, Aspirin and Prevention of Vascular Disease.....	65
G. de Gaetano and C. Cerletti	
Cardioprotective Effects of Prostacyclin Analogues.....	71
F. McDonald	
New Pharmacological Agents Which Antagonize Leukotriene D ₄ and Platelet Activating Factor.....	83
A.F. Welton and M. O'Donnell	
9 α , 11 β -Prostaglandin F ₂ : a New Prostanoid, That Inhibits Platelet Aggregation and Constricts Blood Vessels.....	105
X.R. He, C. Polsen and P. Y-K. Wong	

Stenosis and Vascular Damage as an Experimental Model of Arterial Thrombosis: a Role for Prostanoids.....	113
M. Prosdocimi	
Renal and Platelet Eicosanoids in Chronic Glomerular Disease.....	121
C. Patrono	
Role of Leukotrienes in Experimental Gastric Ulceration.....	137
B.M. Peskar, E. Bacha and P. Nowak	
Role of Leukotrienes in Inflammatory Bowel Disease.....	145
B.M. Peskar, K.M. Muller, M. Arndt and F. Pelster	
Gastric Cytoprotection.....	153
G.P. Velo, G. Cavallini, G. Brocco, P.G. Orlandi and L. Franco	
Gastric Mucosal Damage by Nonsteroidal Anti-Inflammatory Drugs.....	161
A. Bennett and I.A. Tavares	
Aspects of Eicosanoids in Inflammation.....	169
P. Hedqvist, S-E. Dahlen, J. Raud, L. Lindbom, A. Thuresson-Klein and K.C. Nicolaou	
Modulation of the Inflammatory Potential of the 5- Lipoxygenase Pathway by Alternative Fatty Acids and Cytokines.....	183
R.A. Lewis	
Inhibitors of Leukotriene Action: Potential Use in Asthma, Inflammatory Bowel Disease, and Cutaneous Inflammation.....	195
A.F. Welton, P.C. Will, D.W. Morgan, H. Crowley, M. O'Donnell, J. Hurley and S. Shapiro	
Novel 5-Lipoxygenase Inhibitors in Inflammation and Asthma.....	221
G.A. Higgs	
Eicosanoids as Regulators of Eicosanoid Release in Macrophages: Impact for Exacerbation of Tissue Damage by Non-Steroidal Anti-Inflammatory Drugs.....	227
I.L. Bonta and G.R. Elliott	
Eicosanoid Regulation of Macrophage-Mediated Anti-Tumor Function.....	235
I.L. Bonta, G.R. Elliot, and S. Ben-Efraim	
Interactions Between Anti-Inflammatory Drugs and Cancer Chemotherapy.....	243
A. Bennett and J.D. Gaffen	
Index.....	249
